

DIGITAL & TRENDS

Global renewable energy industry

Table of Contents

01 Overview

Global renewable energy market size 2021-2030	04
Global primary energy consumption 2019-2022, by fuel	05
Renewables share in final energy consumption globally 2010-2020, by sector	06
Renewable share in energy supply globally 2020, by energy carrier	07
Global electricity mix 2022, by energy source	08
Renewable power capacity targeted globally 2030, by region	09
Global renewable capacity additions 2022-2027, by scenario	10

02 Capacity

Global cumulative renewable capacity installed 2010-2022	12
Hydropower and renewable energy capacity worldwide 2008-2021	13
Global renewable capacity additions 2000-2022	14
Global cumulative renewable capacity installed 2022, by technology	15
Renewable energy capacity added globally 2022, by technology	16
Global cumulative renewable capacity installed 2022, by region	17
Renewable energy capacity 2022 by country	18

03 Generation

Global renewable energy generation 2009-2021	20
Global renewable electricity generation 2022, by source	21

Global renewable electricity generation 2021, by region	22
Share of renewables in global power production 2007-2022	23
Share of renewable power generation 2022, by region	24

04 Consumption

Global renewable energy consumption 2000-2022	26
Renewable energy consumption in OECD countries 1998-2022	27
Global renewable energy consumption 2022, by region	28
Global renewable energy consumption 2022, by country	29
Global share of renewable energy consumption 2022, by country	30

05 Companies

Global market capitalization of selected renewable energy companies	32
Leading renewable energy companies worldwide 2021, by revenue	33
Iberdrola's installed renewable capacity 2016-2022	34
NextEra Energy's installed renewable capacity 2005-2021	35
Orsted's installed renewable capacity 2010-2022	36
Vestas' capacity of produced and shipped wind turbines FY 2011-2022	37
Siemens Gamesa's annually installed capacity FY 2012-2022	38

06 Investment

Table of Contents

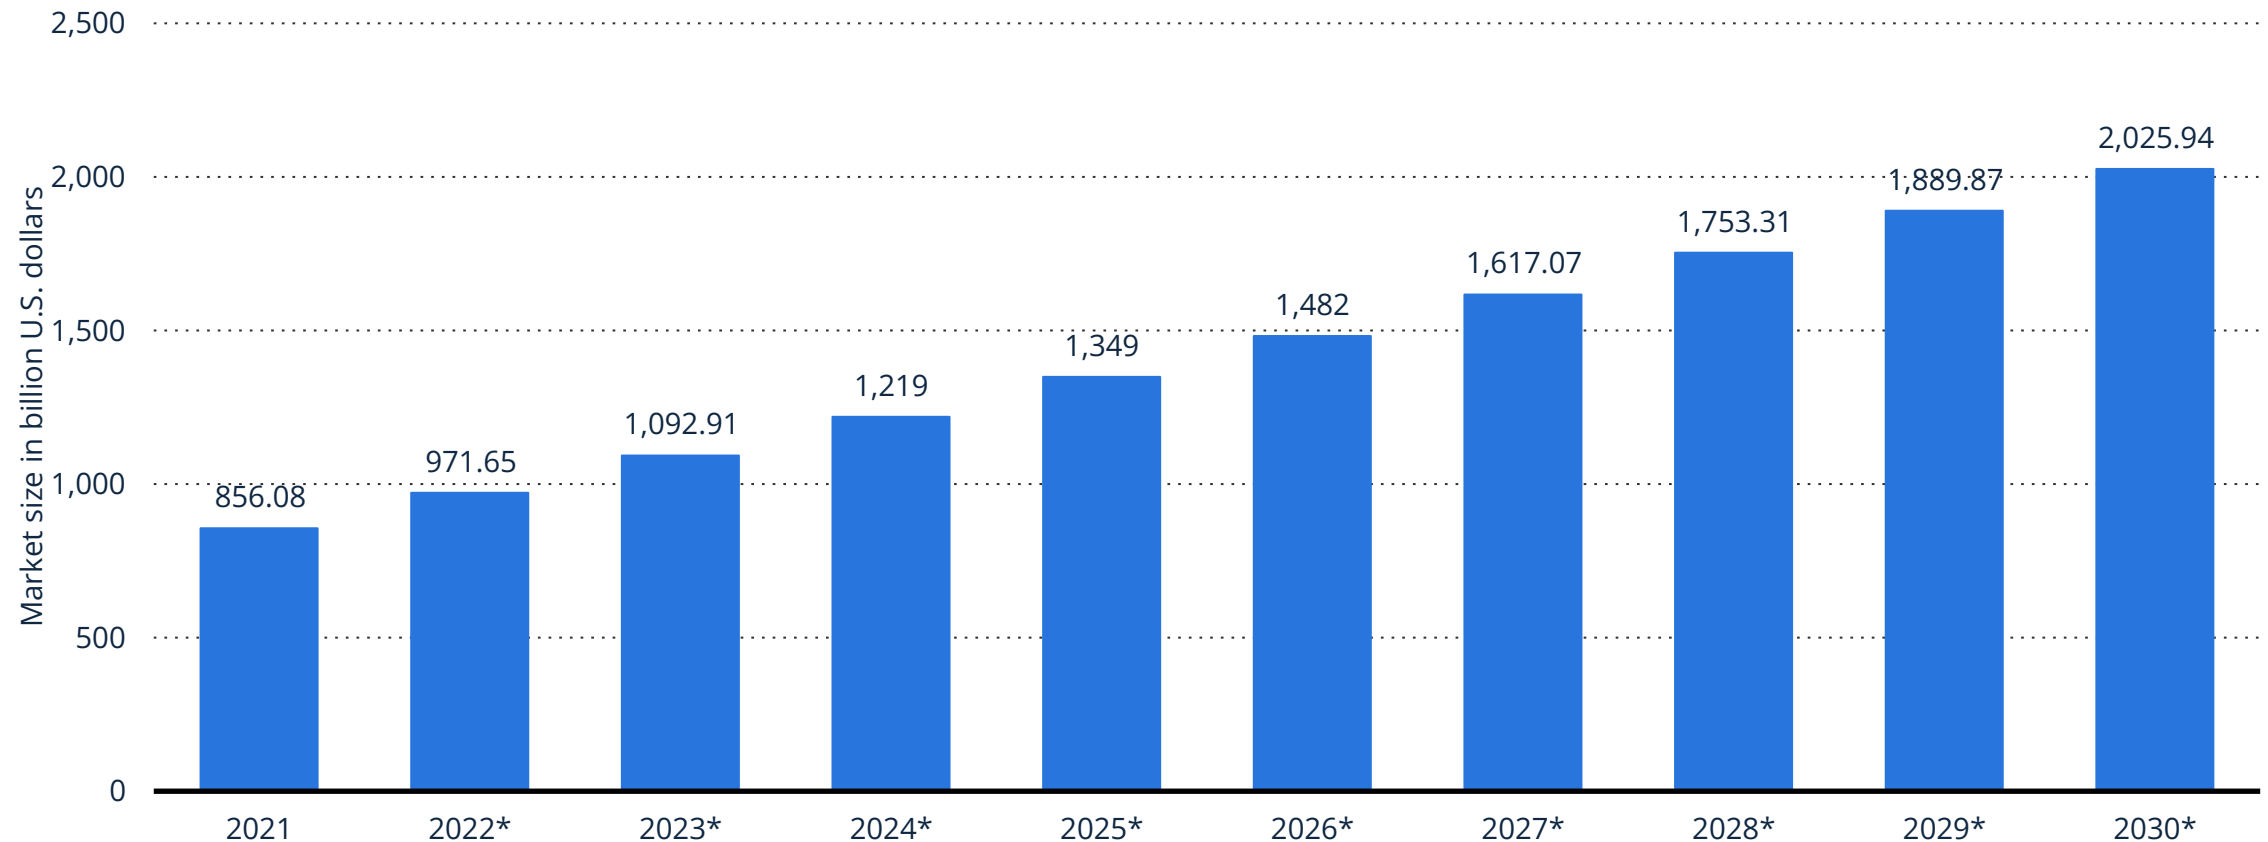

Global solar tech investments 2004-2019	<u>40</u>
Global renewable energy investment by sector 2022	<u>41</u>
Global renewable energy investments 2022, by region	<u>42</u>
Renewable energy asset finance investments globally 2021, by country	<u>43</u>
Public and private renewable energy investments breakdown worldwide 2013-2020	<u>44</u>
Public and private renewable investments breakdown worldwide 2020, by technology	<u>45</u>

CHAPTER 01

Overview

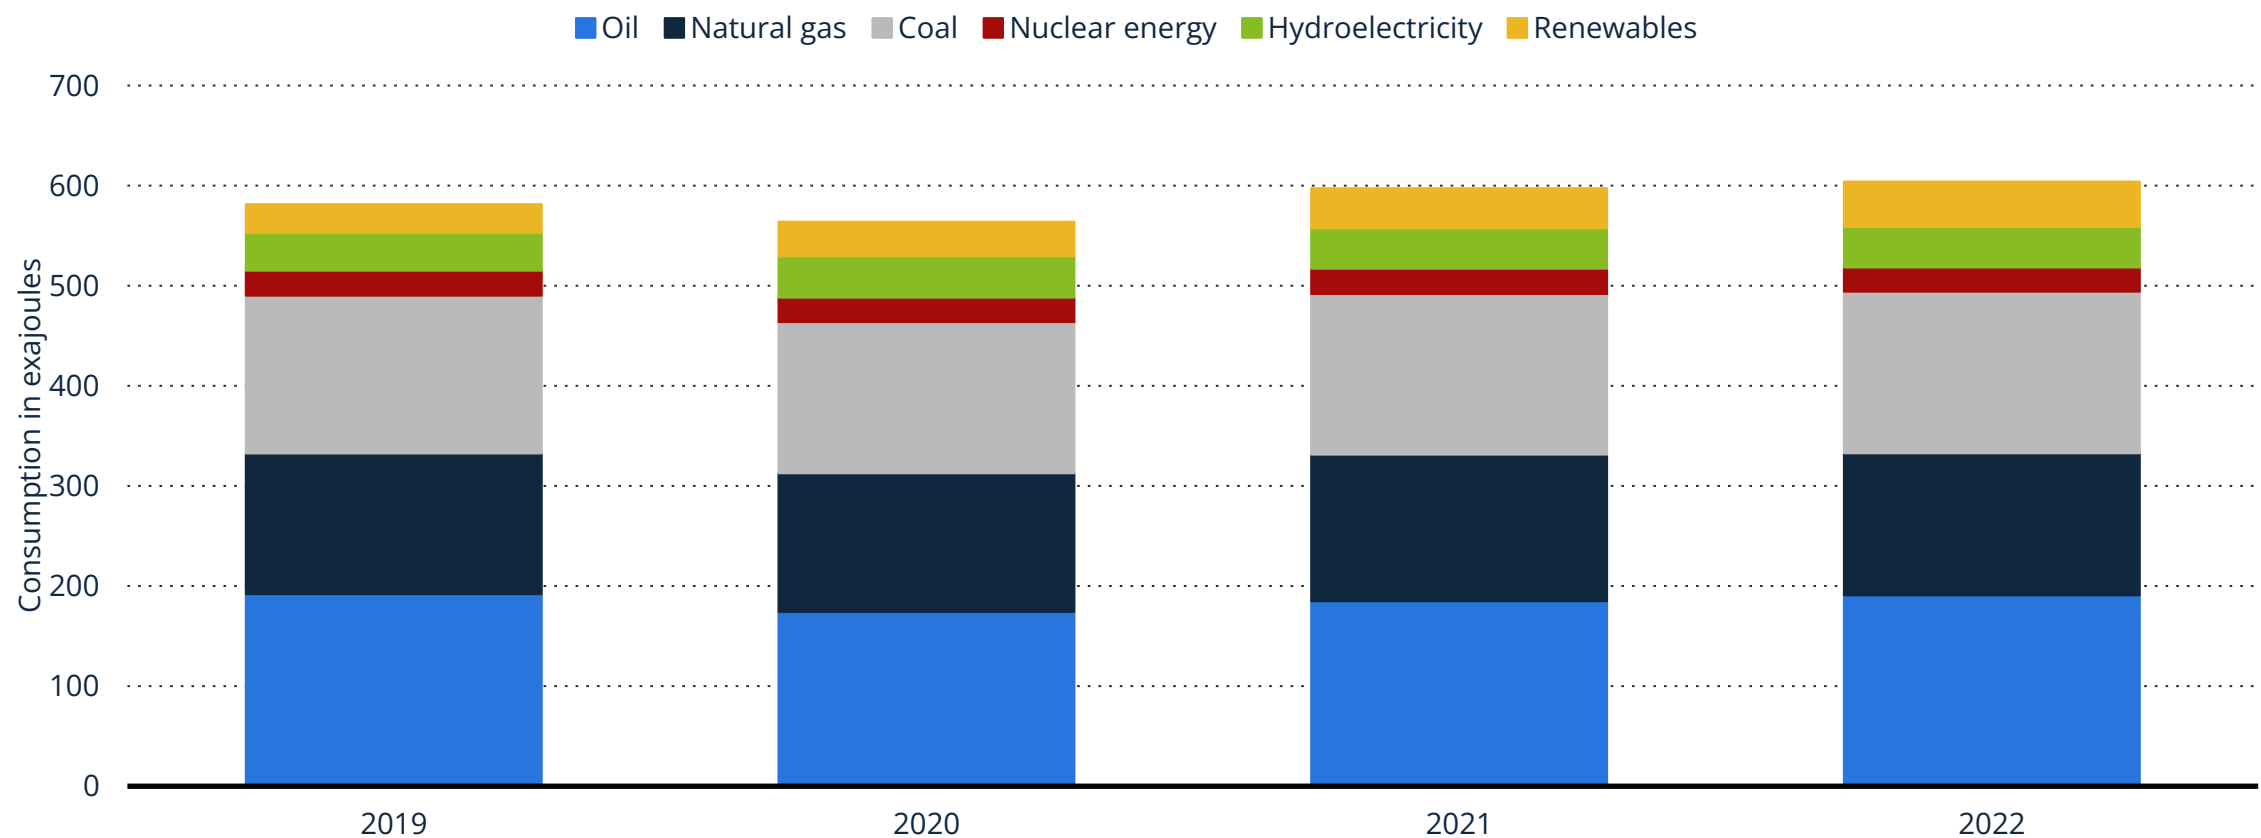

Renewable energy market size worldwide in 2021, with a forecast for 2022 to 2030 (in billion U.S. dollars)

Global renewable energy market size 2021-2030

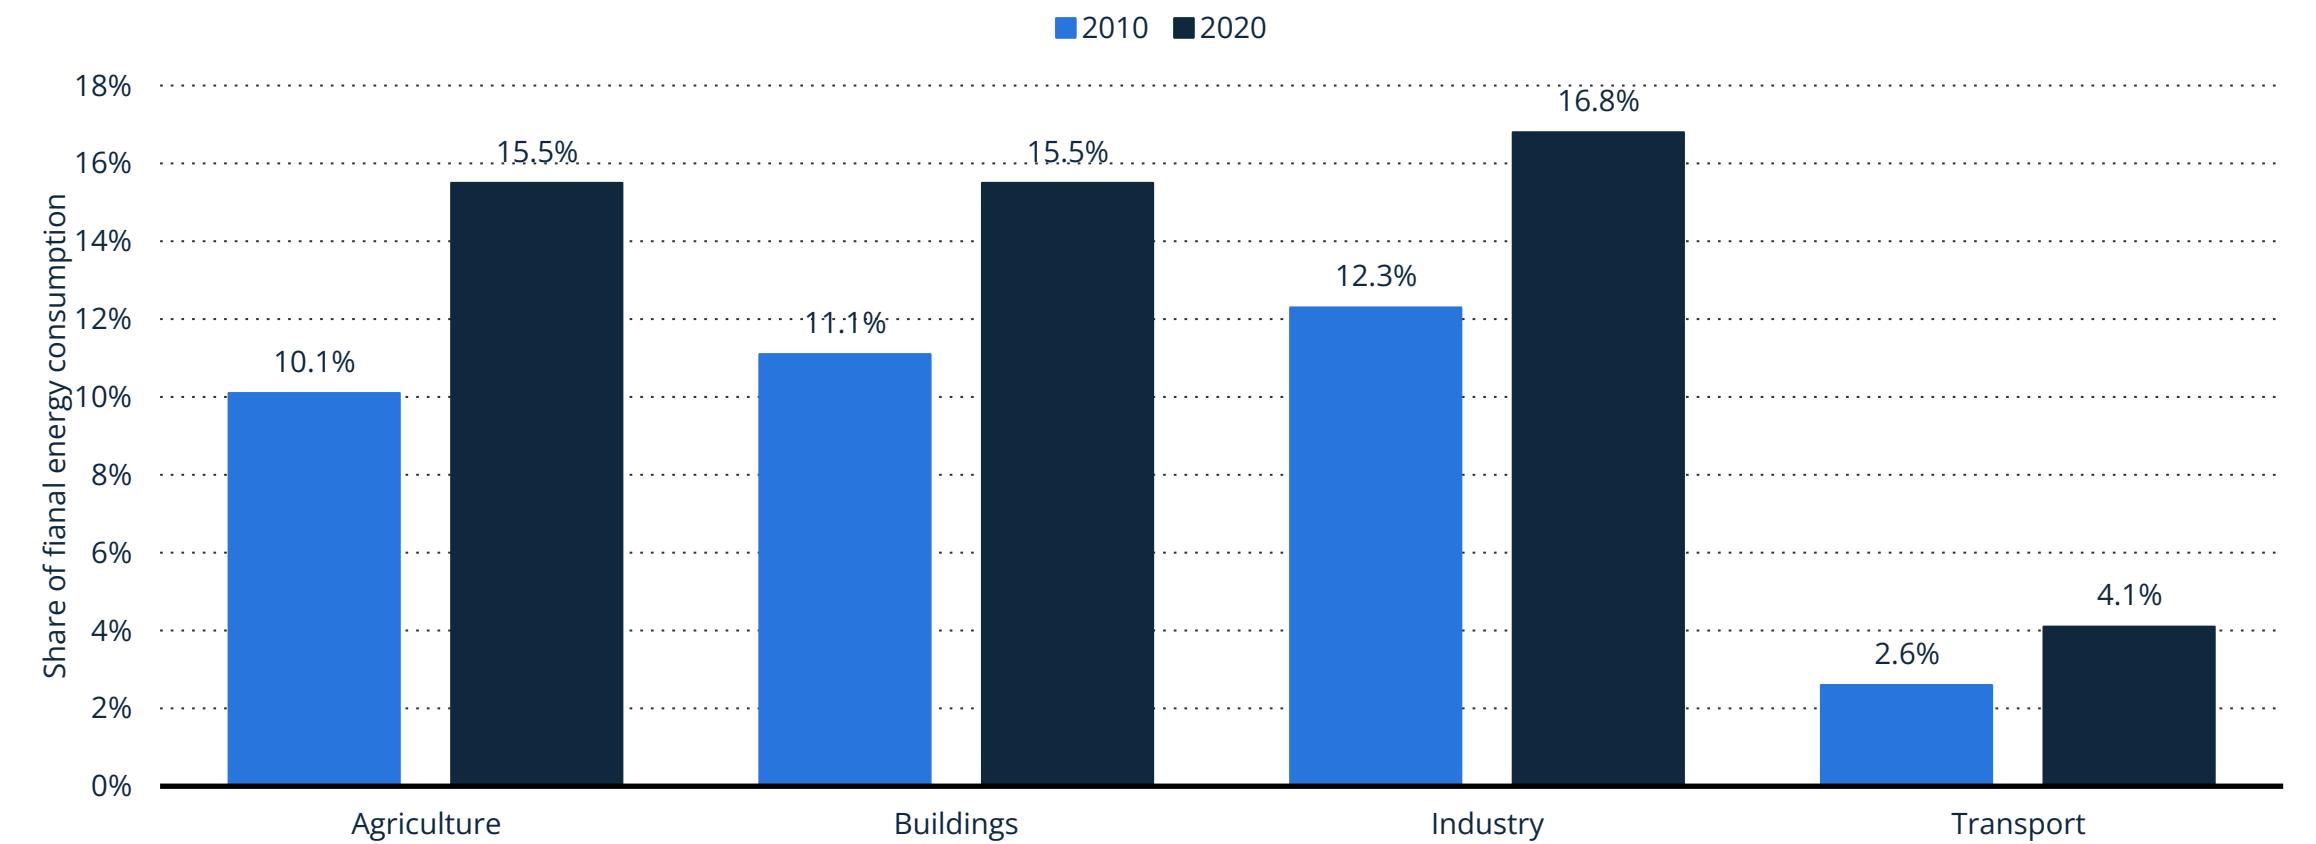

Primary energy consumption worldwide from 2019 to 2022, by fuel type (in exajoules)

Global primary energy consumption 2019-2022, by fuel

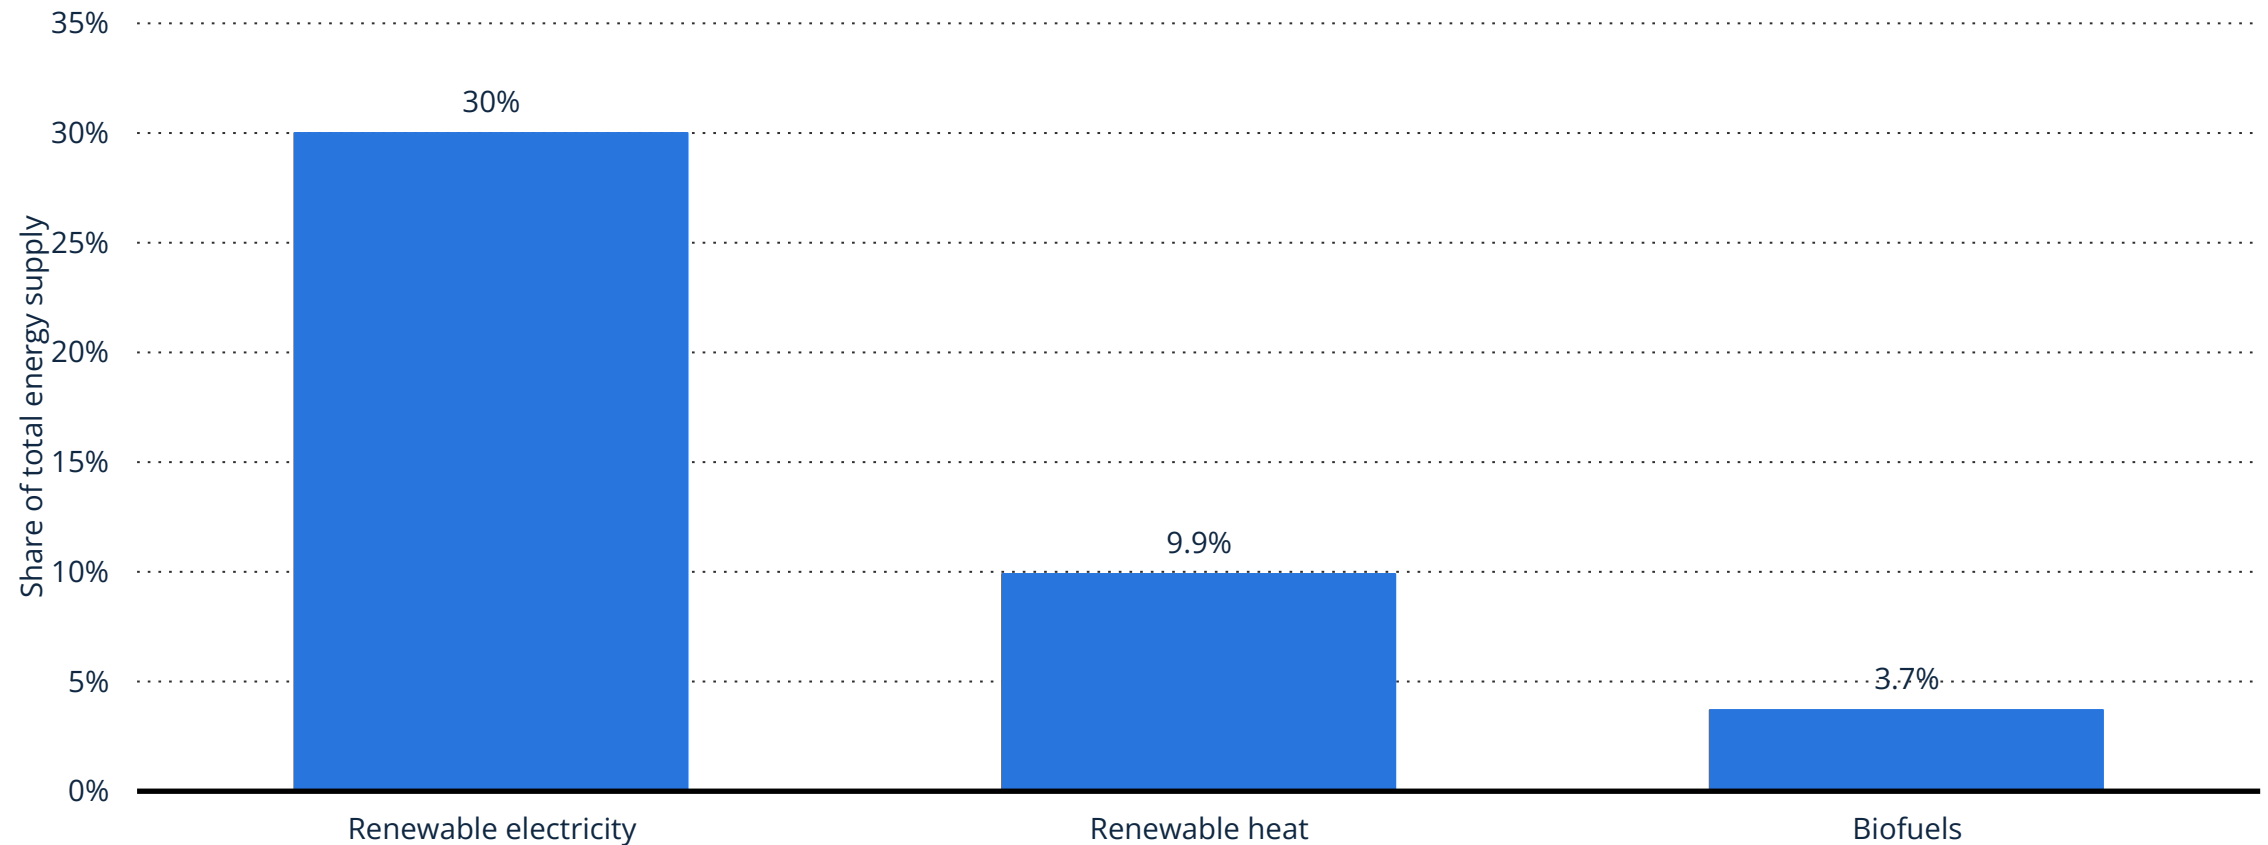

Shares of renewable energy in final energy consumption worldwide in 2010 and 2020, by sector

Renewables share in final energy consumption globally 2010-2020, by sector

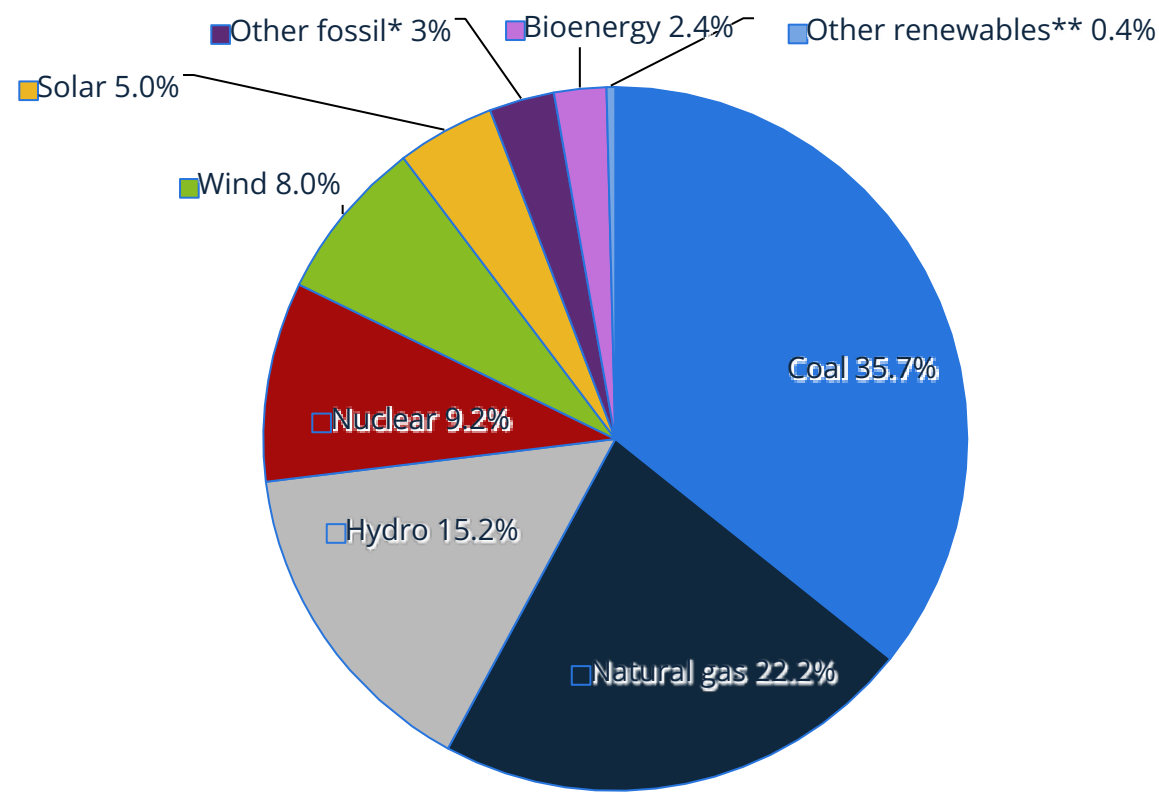

Share of modern renewable energy in final energy supply worldwide in 2020, by energy carrier

Renewable share in energy supply globally 2020, by energy carrier

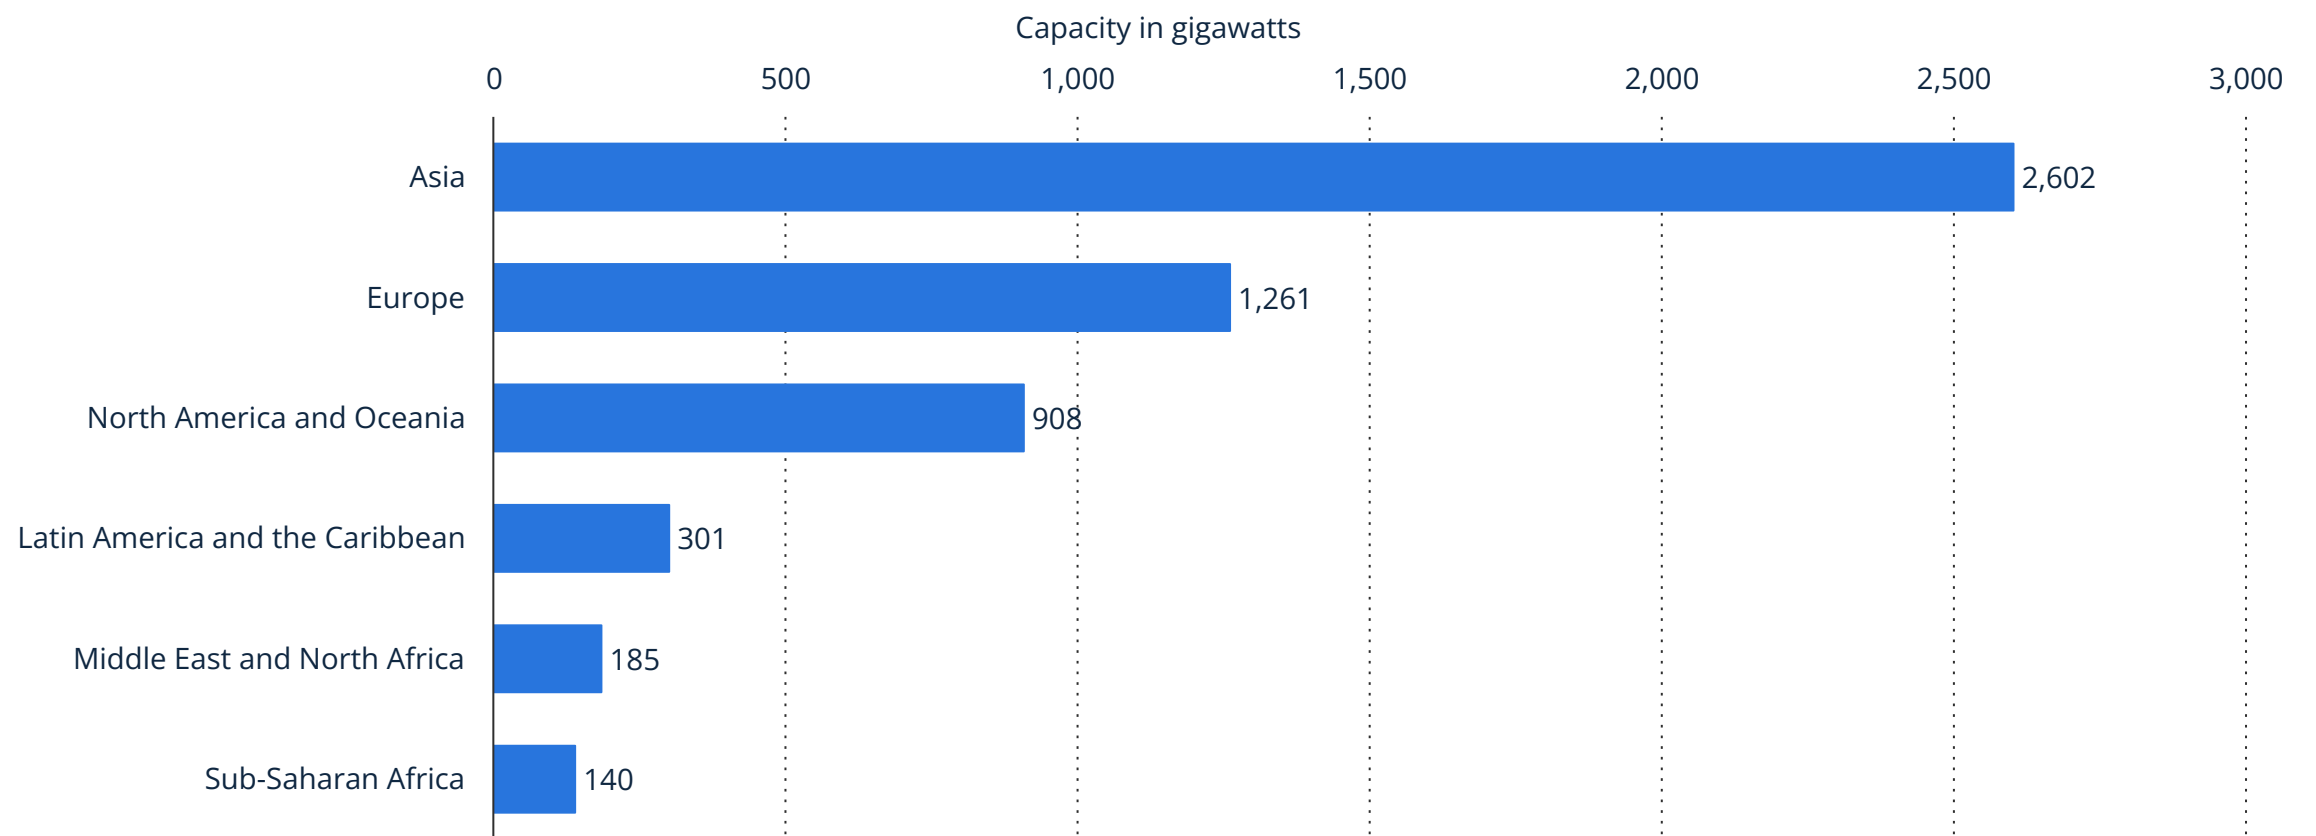

Distribution of electricity generation worldwide in 2022, by energy source

Global electricity mix 2022, by energy source

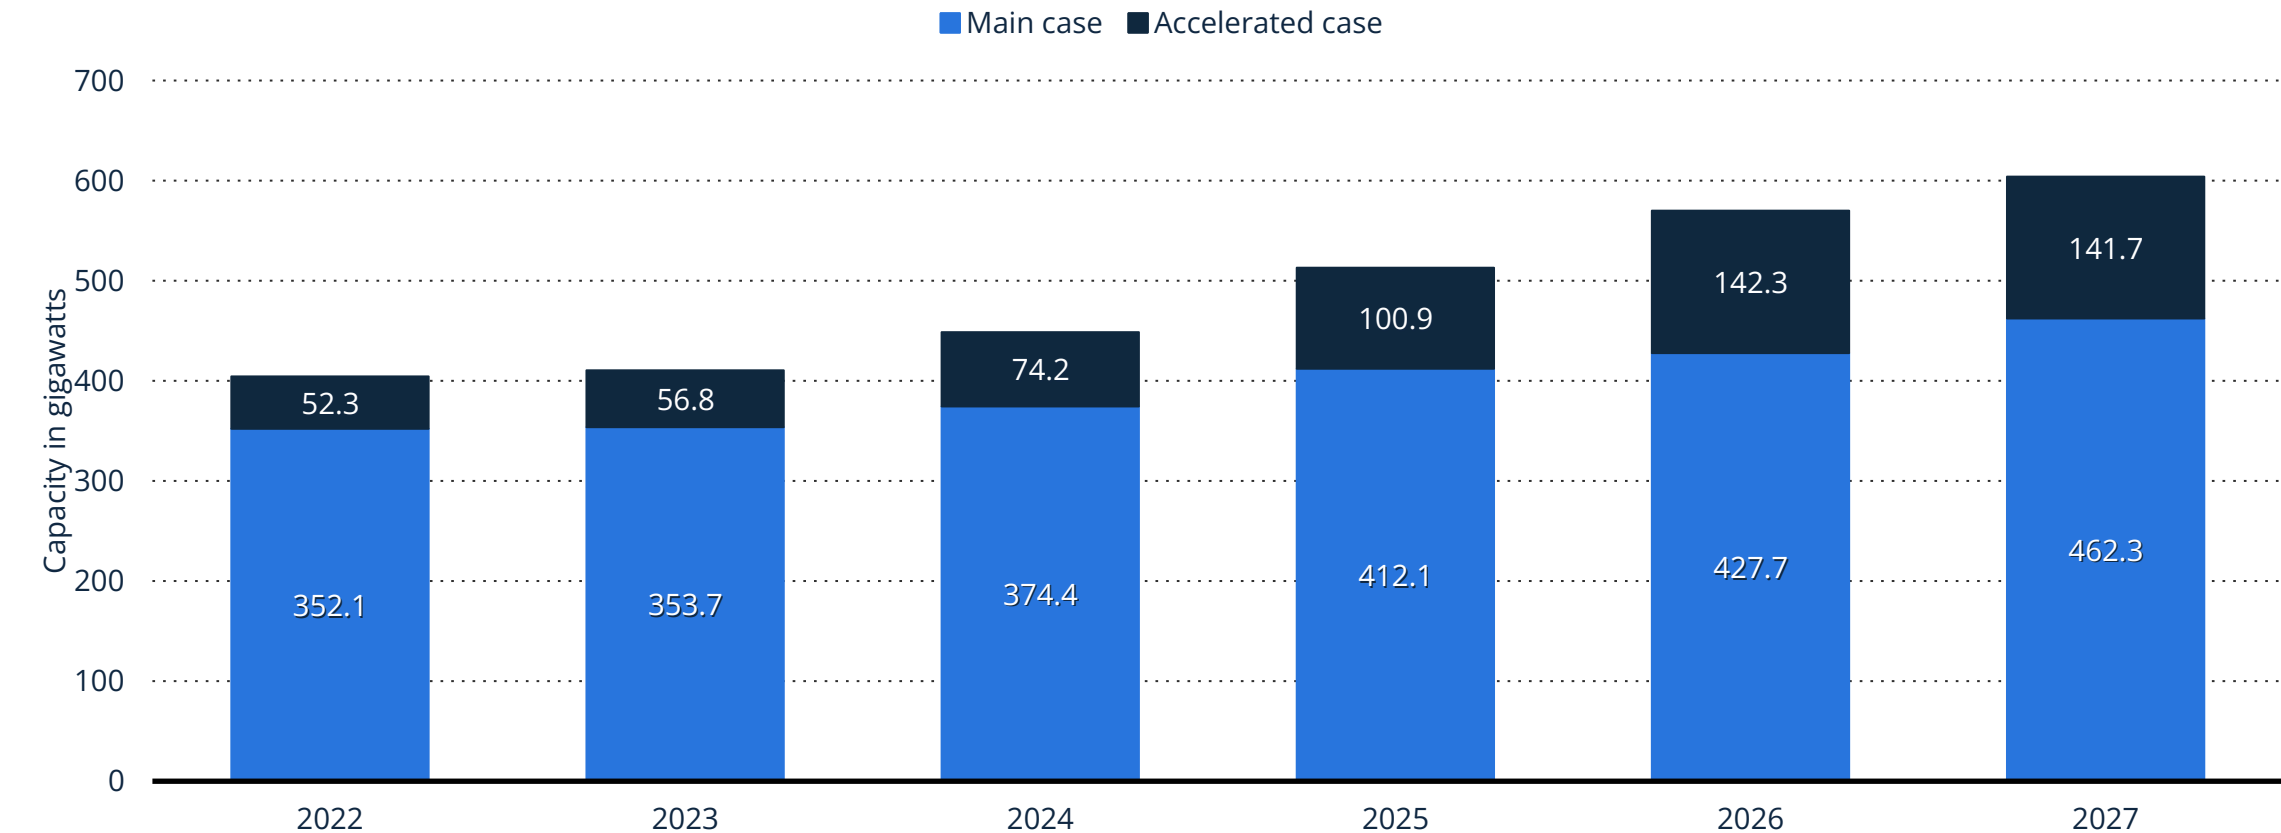

Cumulative renewable power capacity targeted worldwide by 2030 as of October 2022, by region (in gigawatts)

Renewable power capacity targeted globally 2030, by region

Forecast renewable power capacity additions worldwide from 2022 to 2027, by scenario (in gigawatts)

Global renewable capacity additions 2022-2027, by scenario

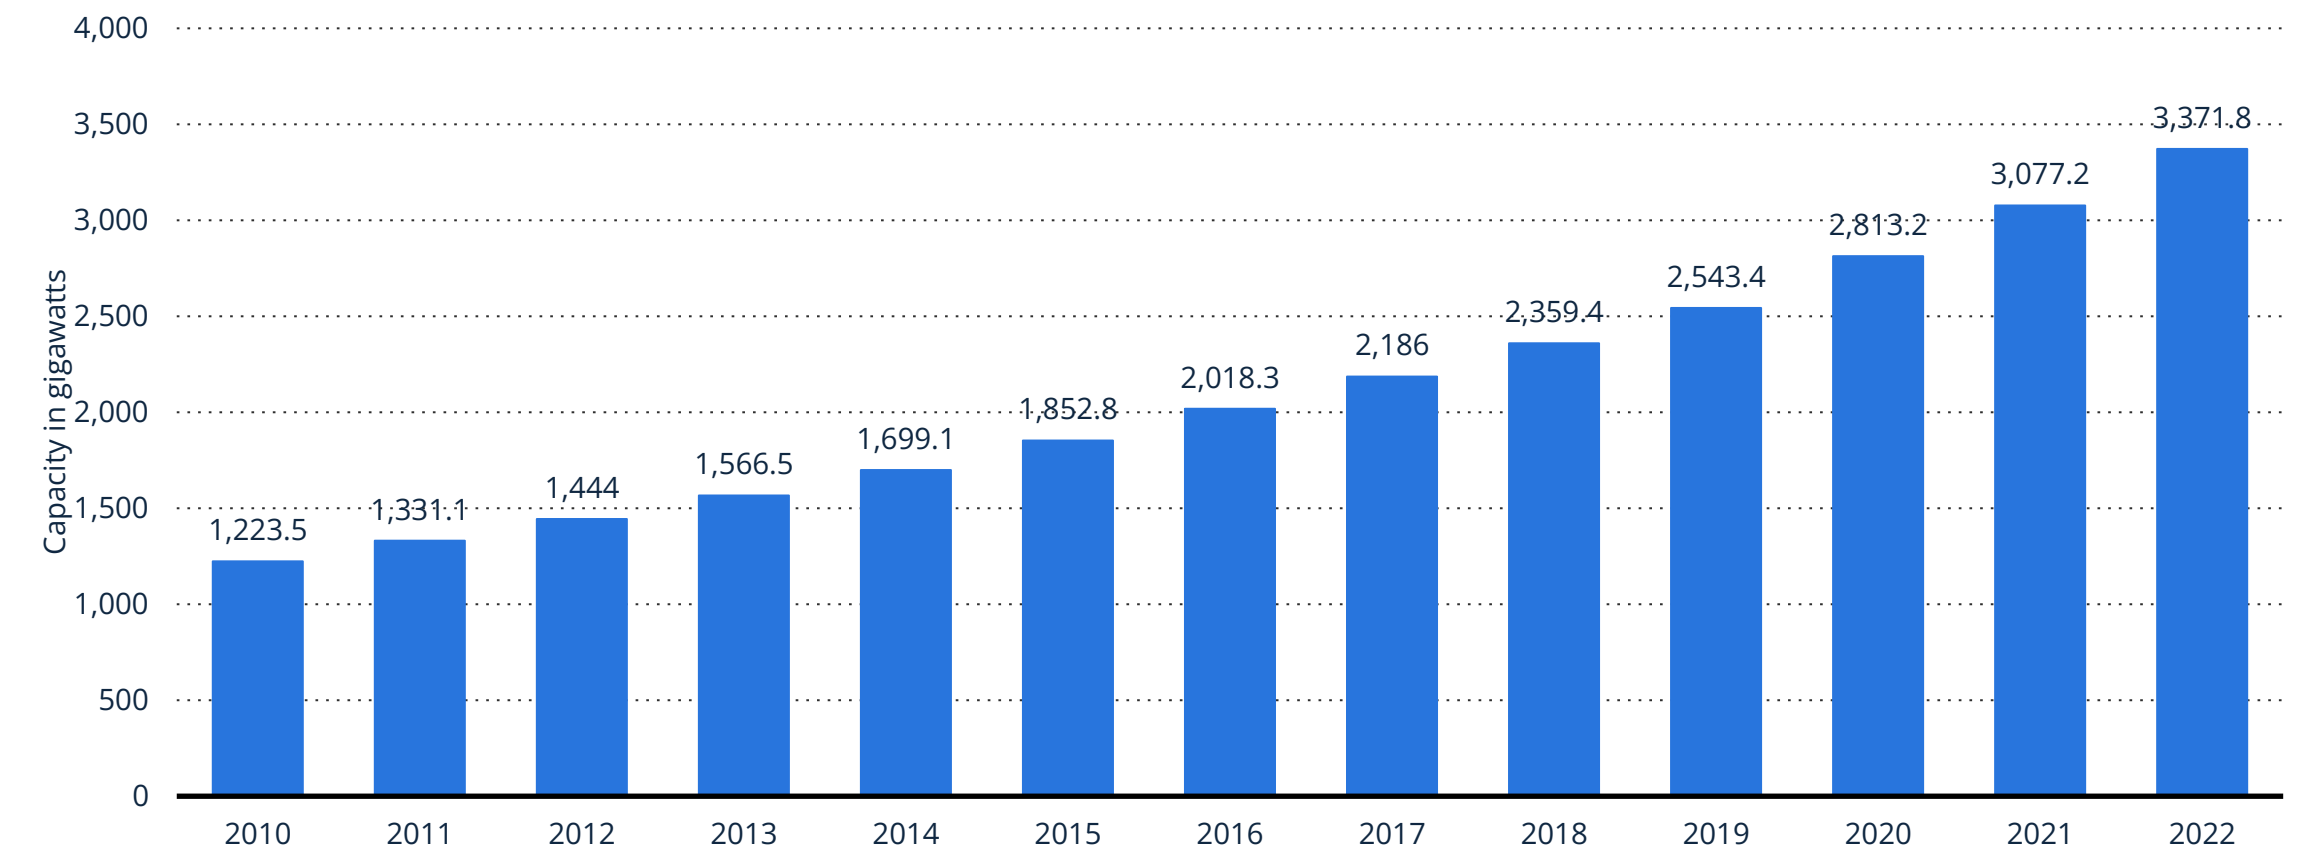

CHAPTER 02

Capacity

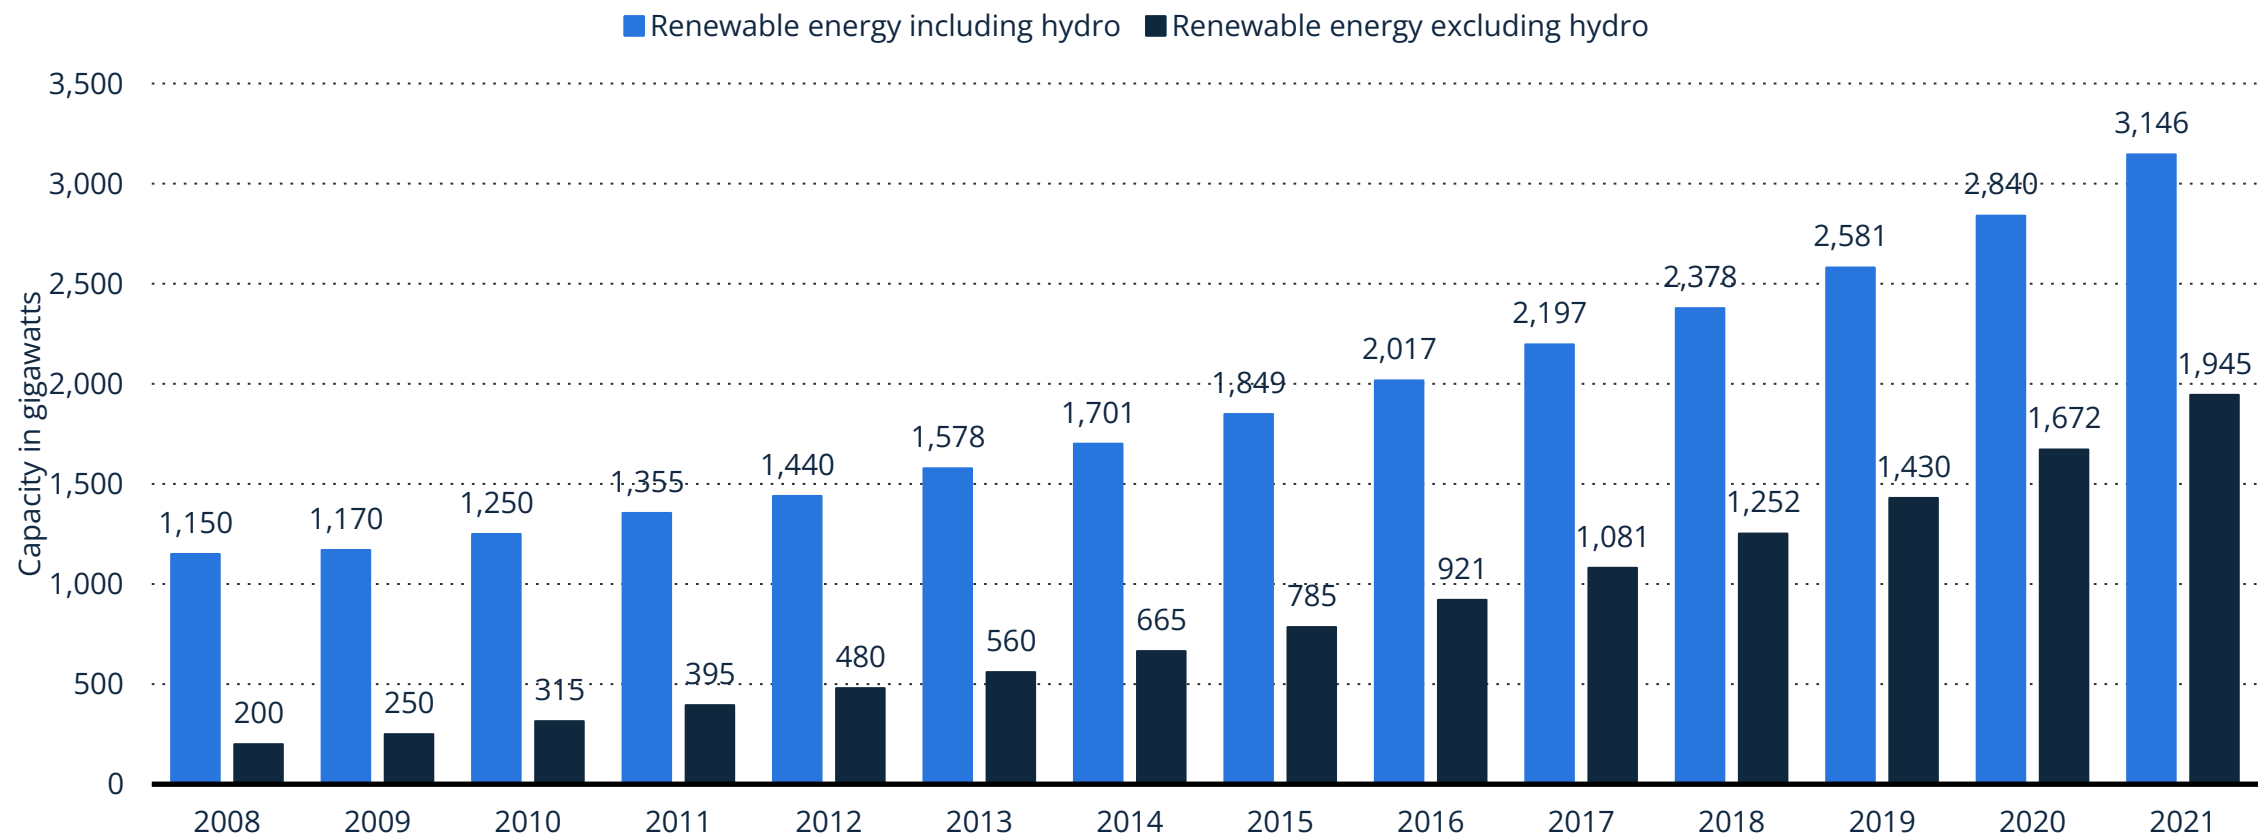

Cumulative renewable energy capacity worldwide from 2010 to 2022 (in gigawatts)

Global cumulative renewable capacity installed 2010-2022

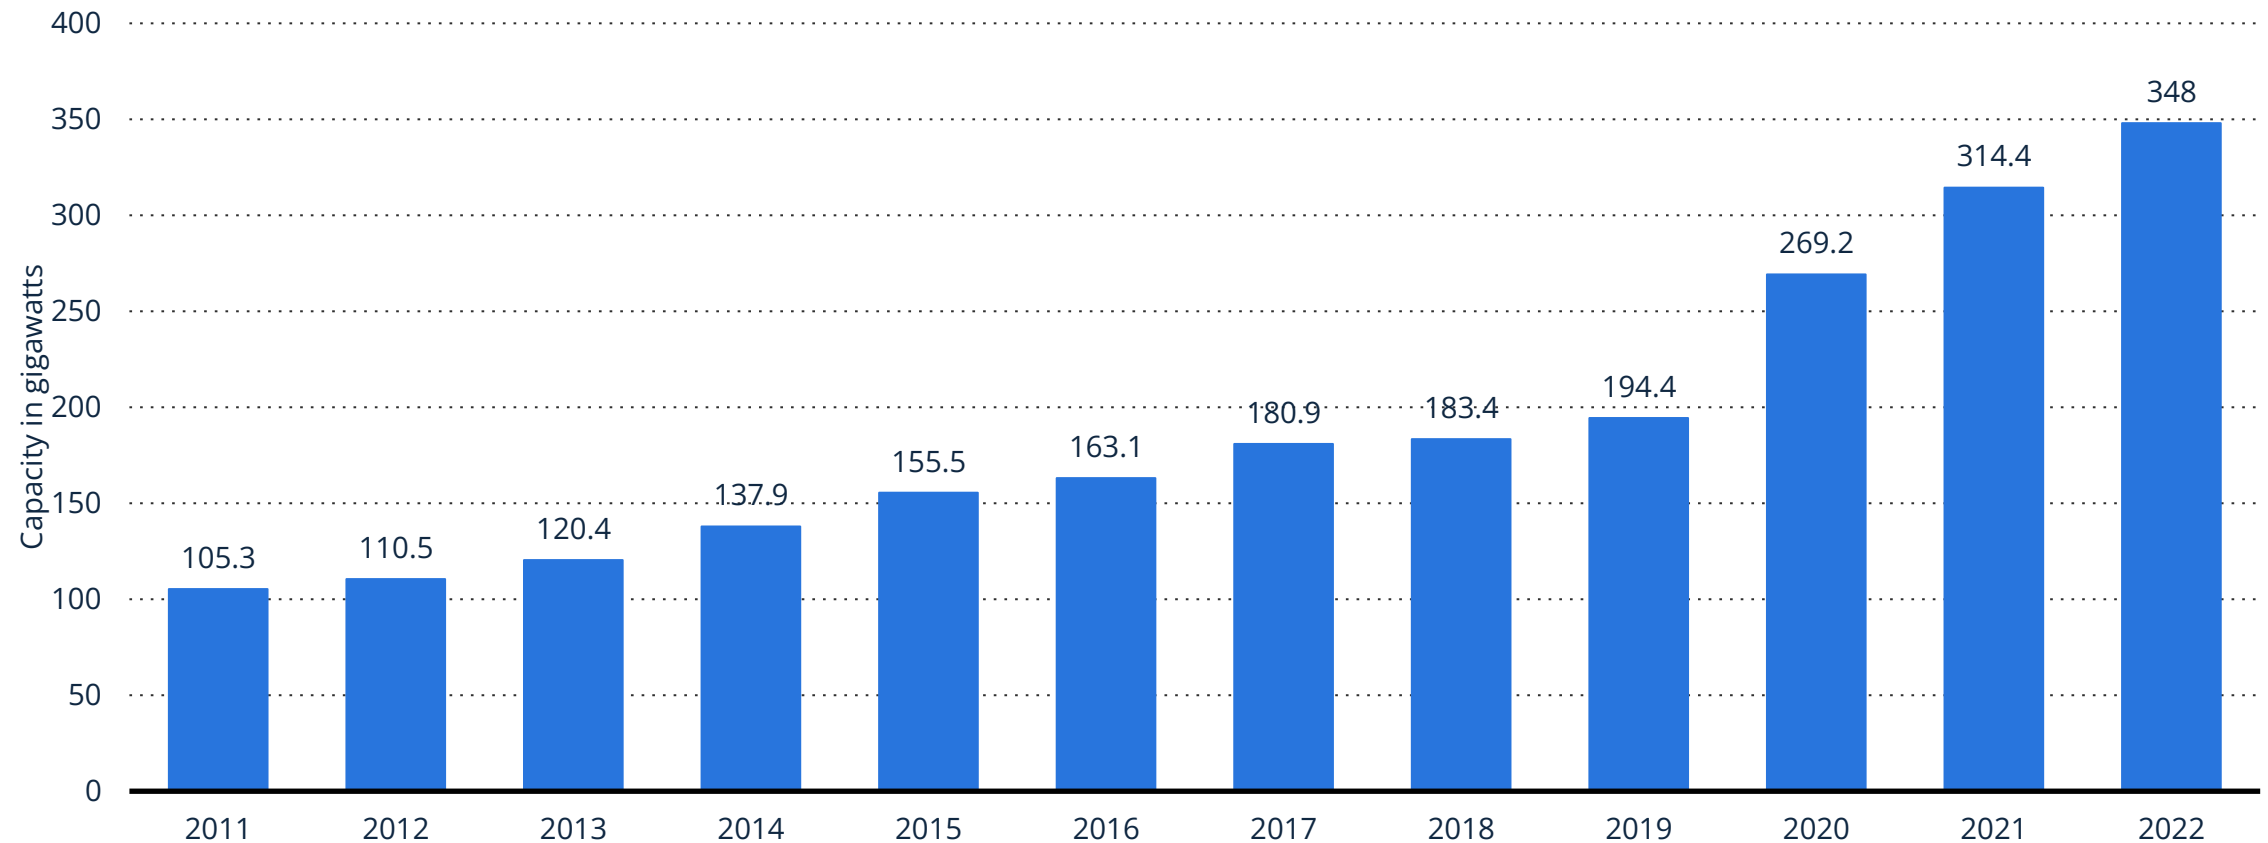

Existing renewable energy capacity worldwide including and excluding hydropower from 2008 to 2021 (in gigawatts)

Hydropower and renewable energy capacity worldwide 2008-2021

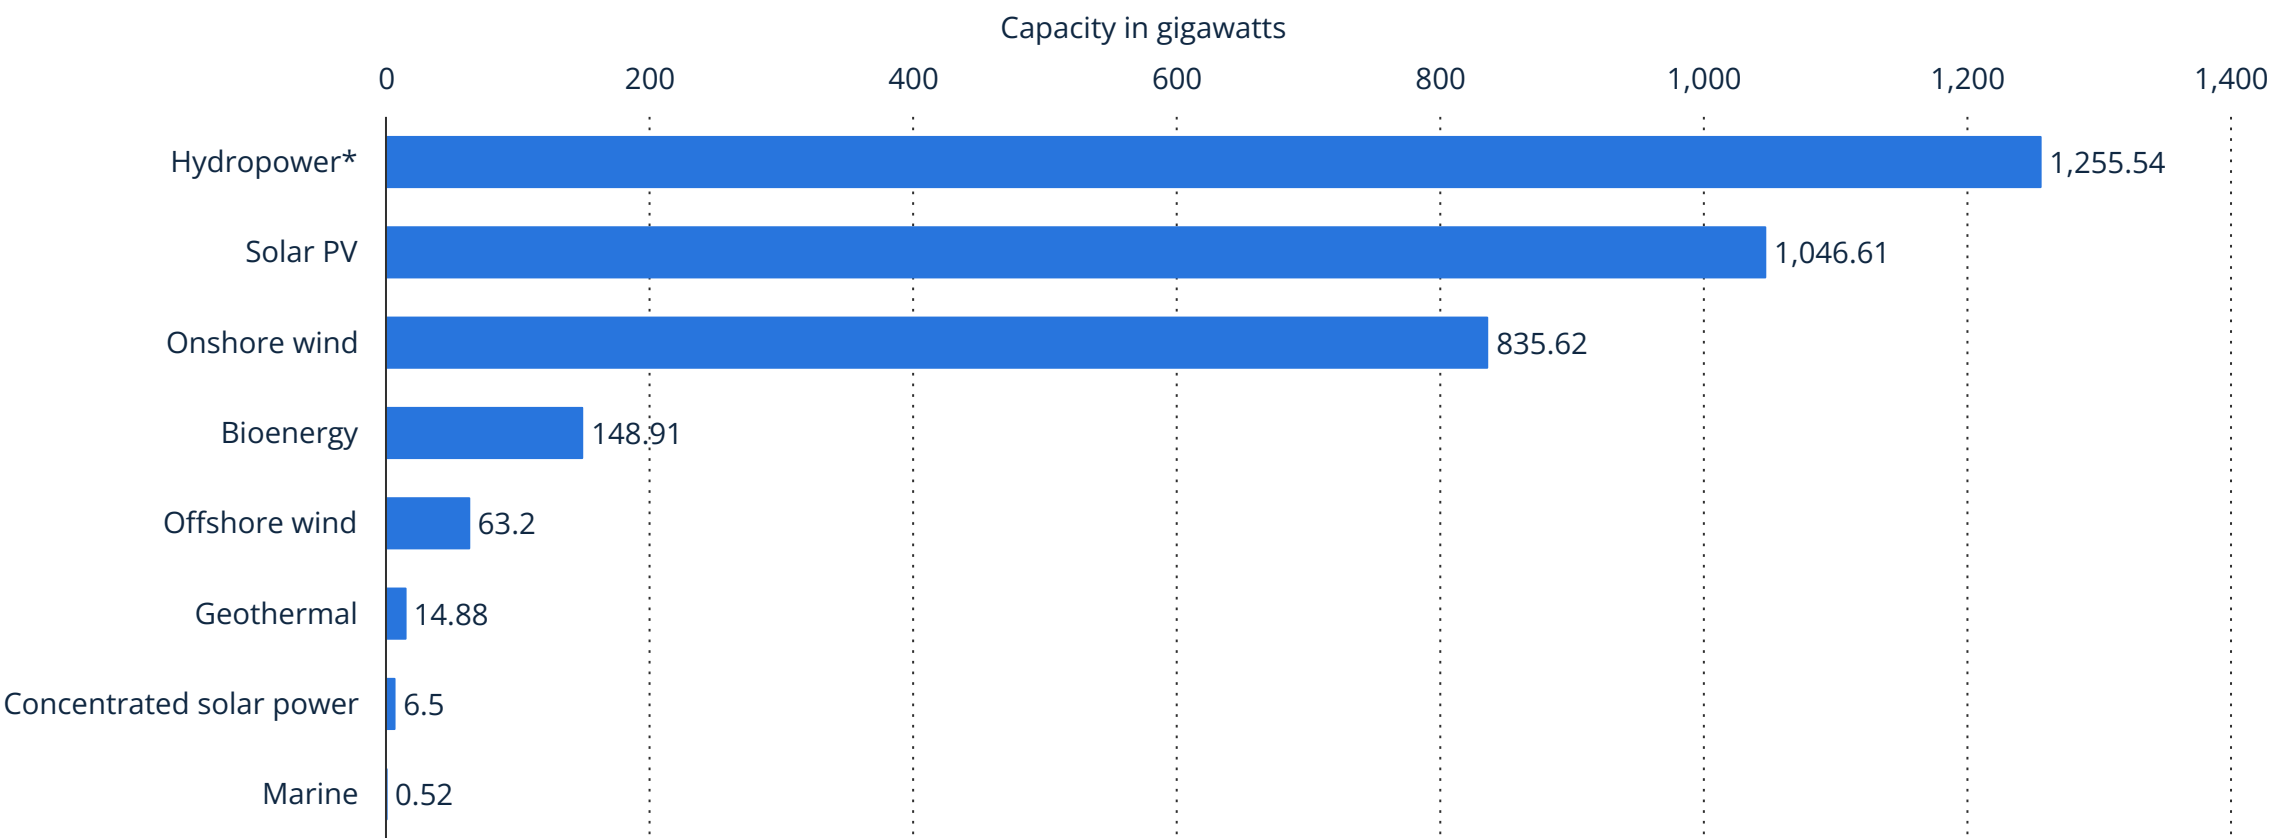

Capacity additions of renewable energy worldwide from 2000 to 2022 (in gigawatts)

Global renewable capacity additions 2000-2022

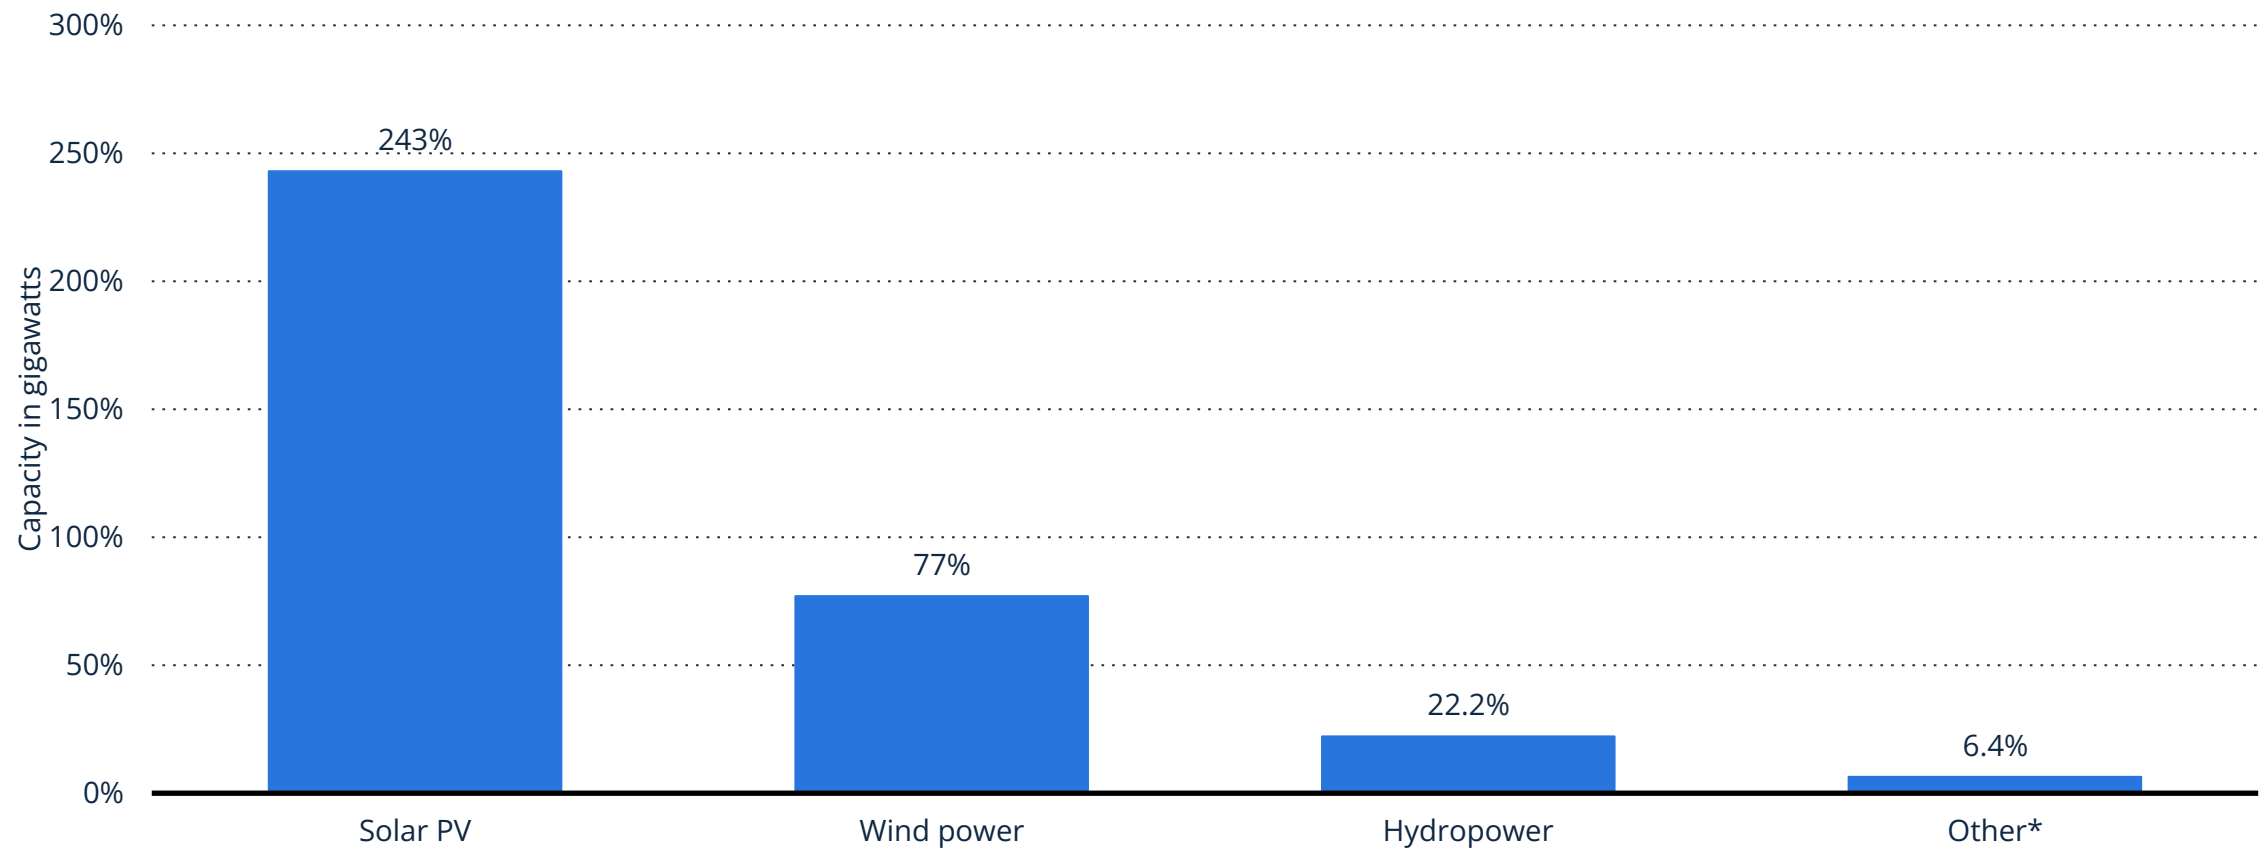

Cumulative renewable energy capacity worldwide in 2022, by technology (in gigawatts)

Global cumulative renewable capacity installed 2022, by technology

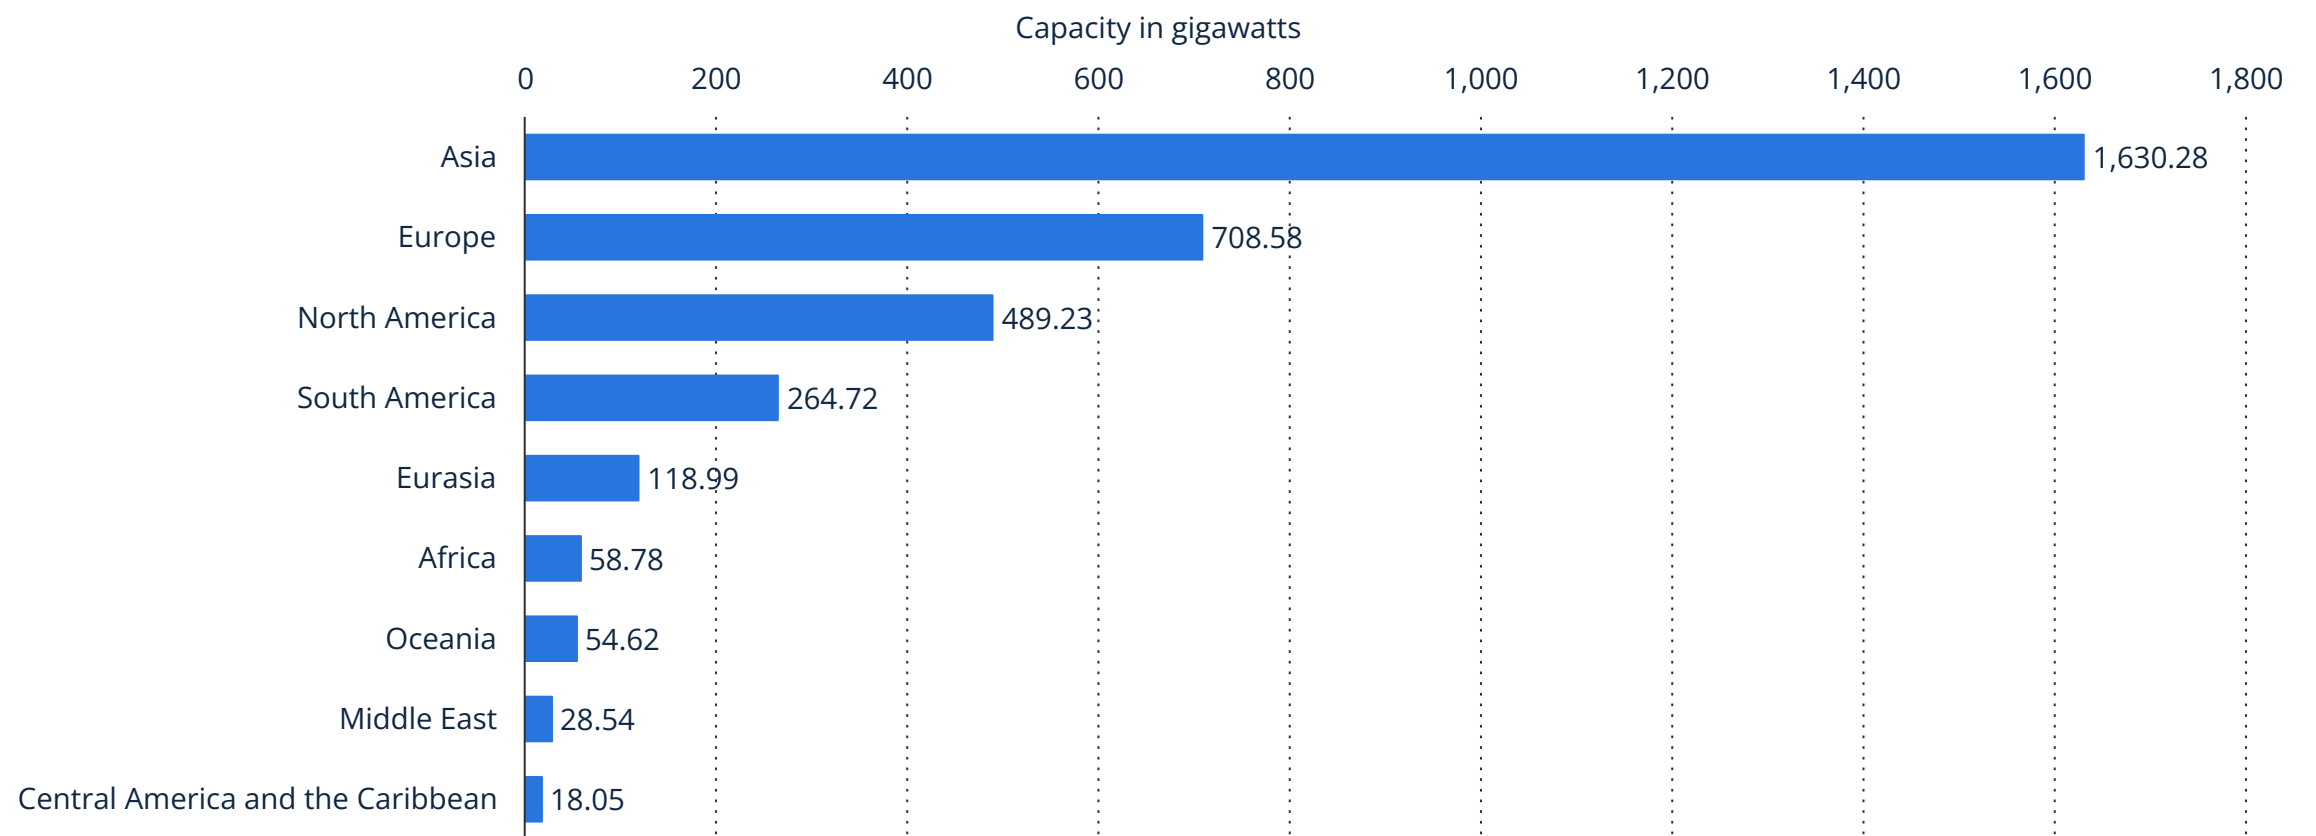

Renewable power capacity additions worldwide in 2022, by technology (in gigawatts)

Renewable energy capacity added globally 2022, by technology

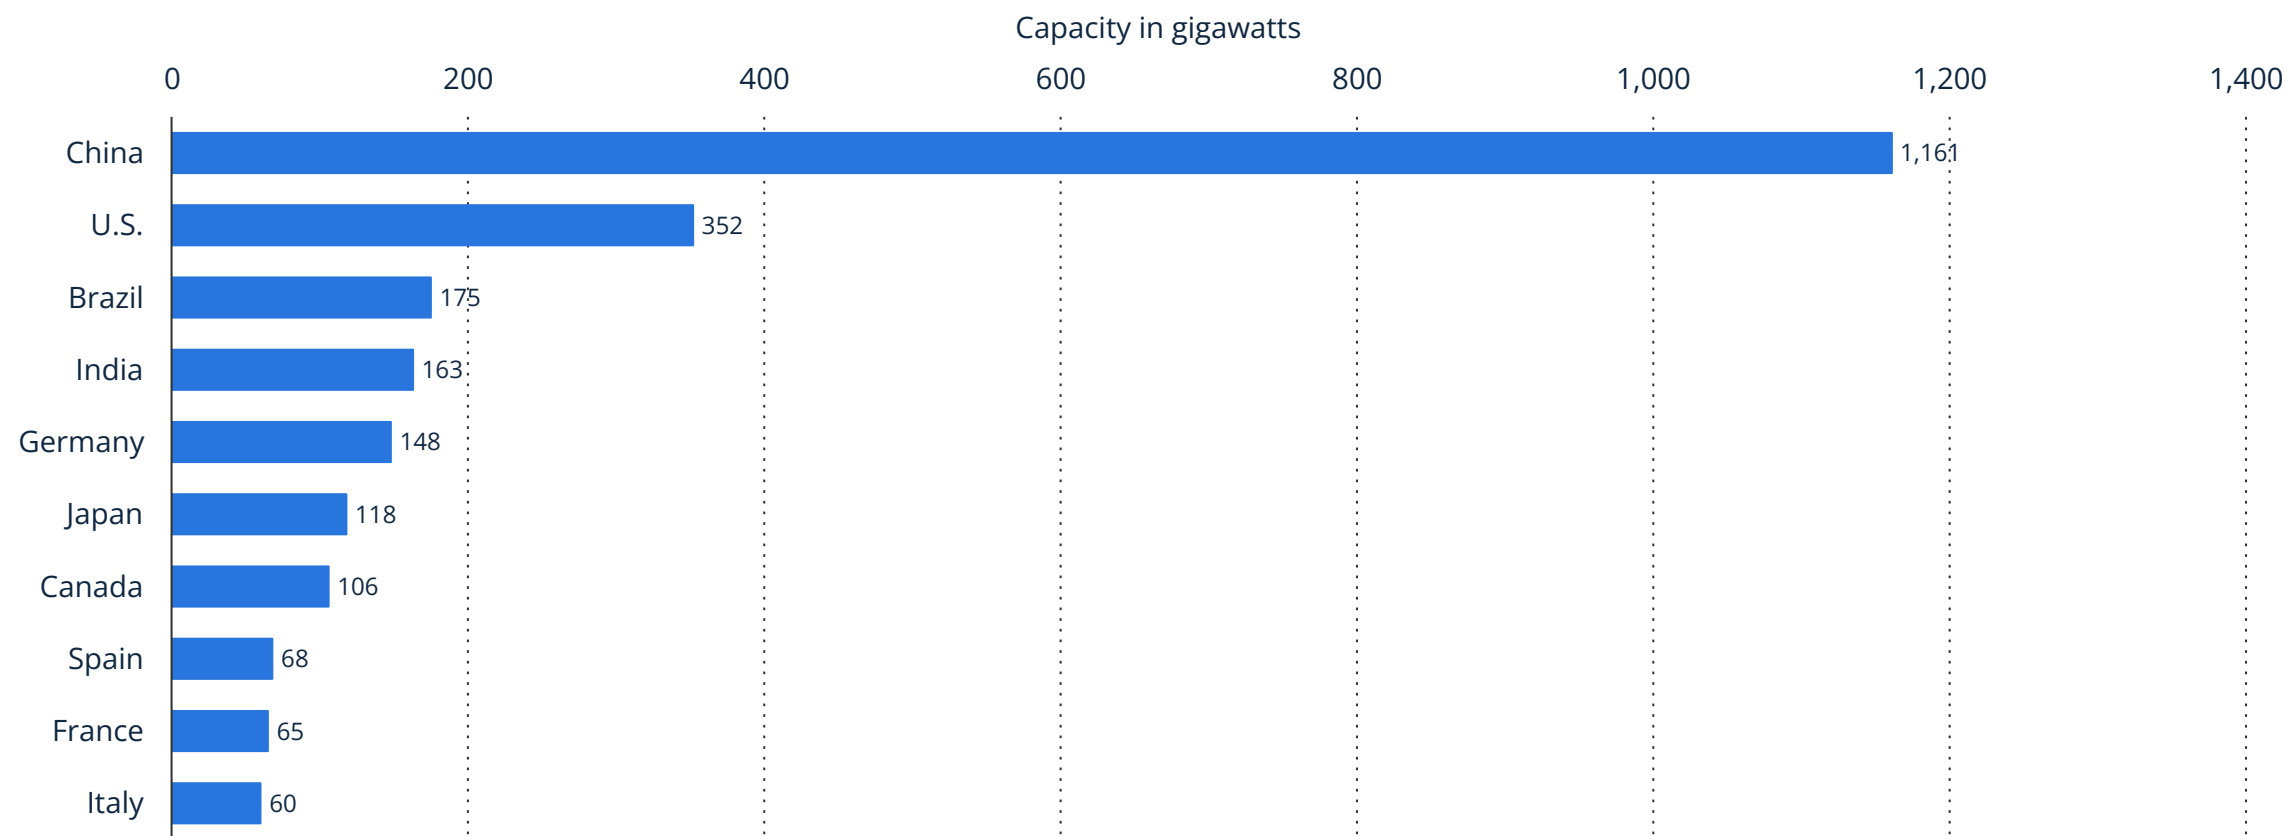

Cumulative renewable energy capacity worldwide in 2022, by region (in gigawatts)

Global cumulative renewable capacity installed 2022, by region

Leading countries in installed renewable energy capacity worldwide in 2022 (in gigawatts)

Renewable energy capacity 2022 by country

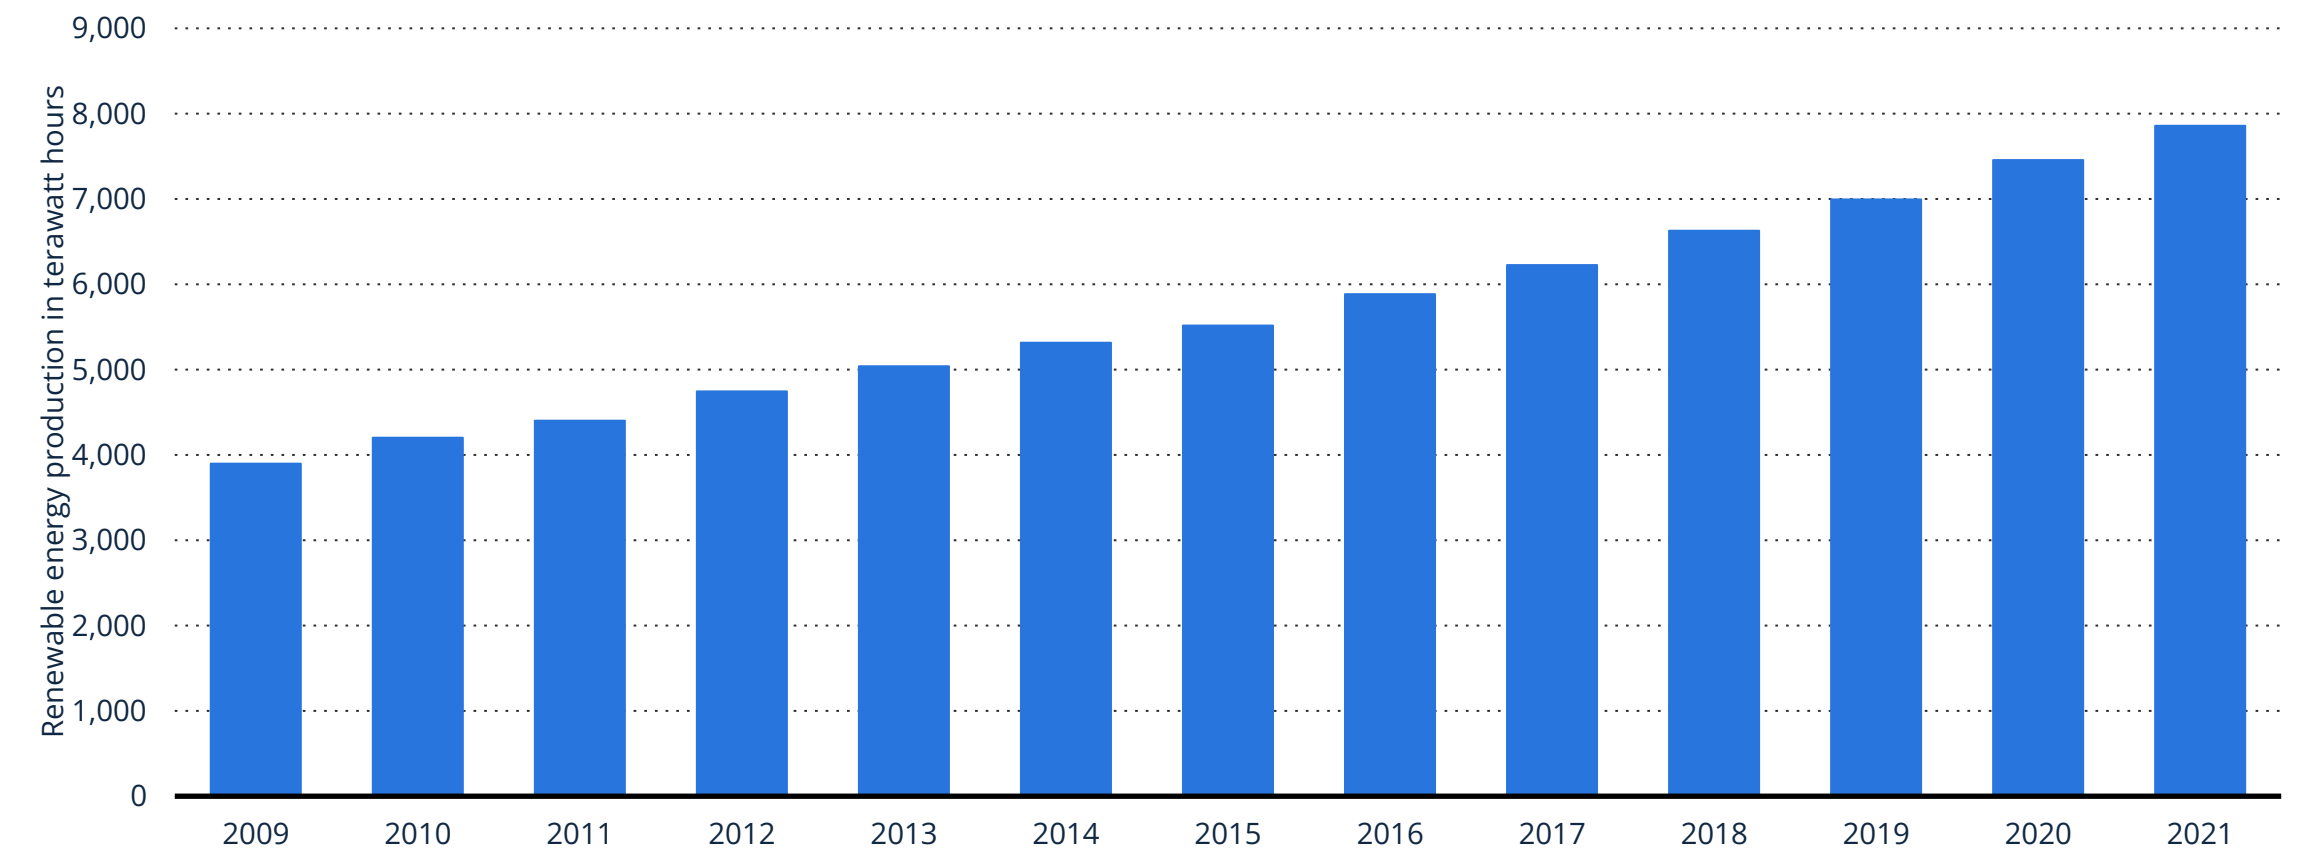

CHAPTER 03

Generation

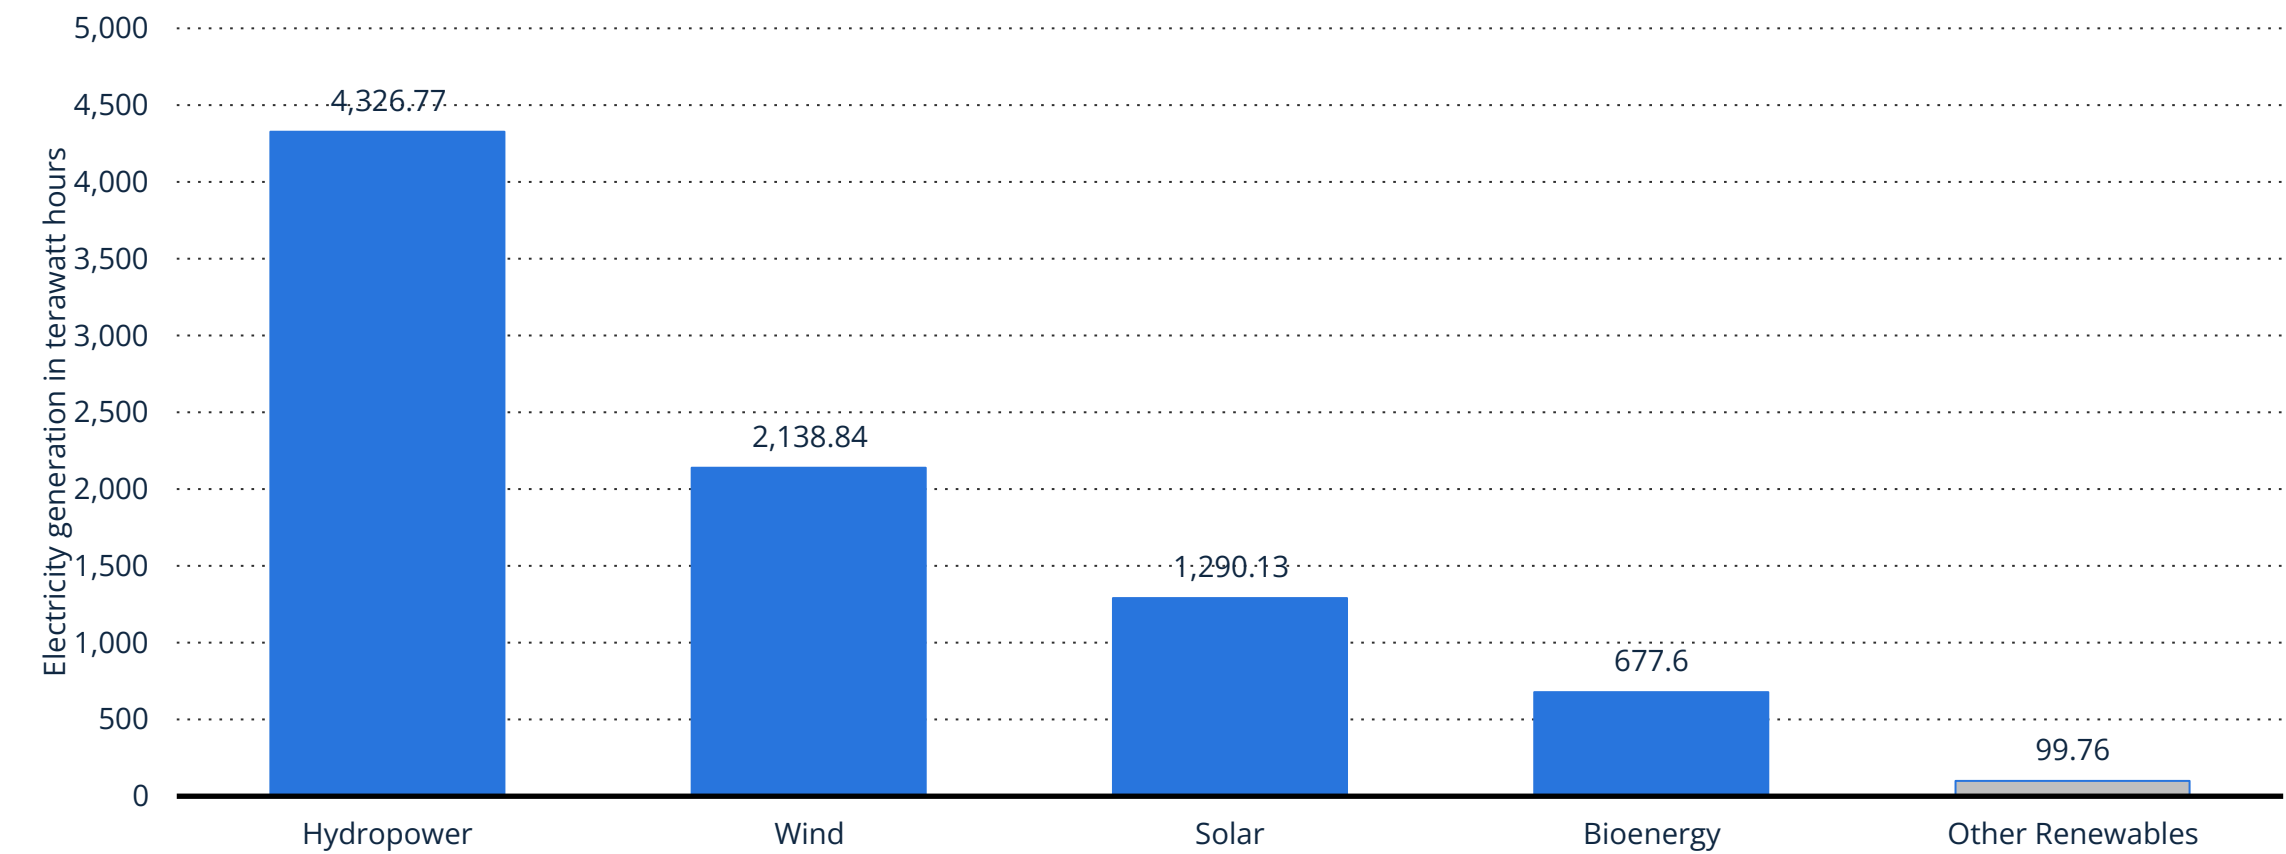

Production of renewable energy worldwide from 2009 to 2021 (in terawatt hours)

Global renewable energy generation 2009-2021

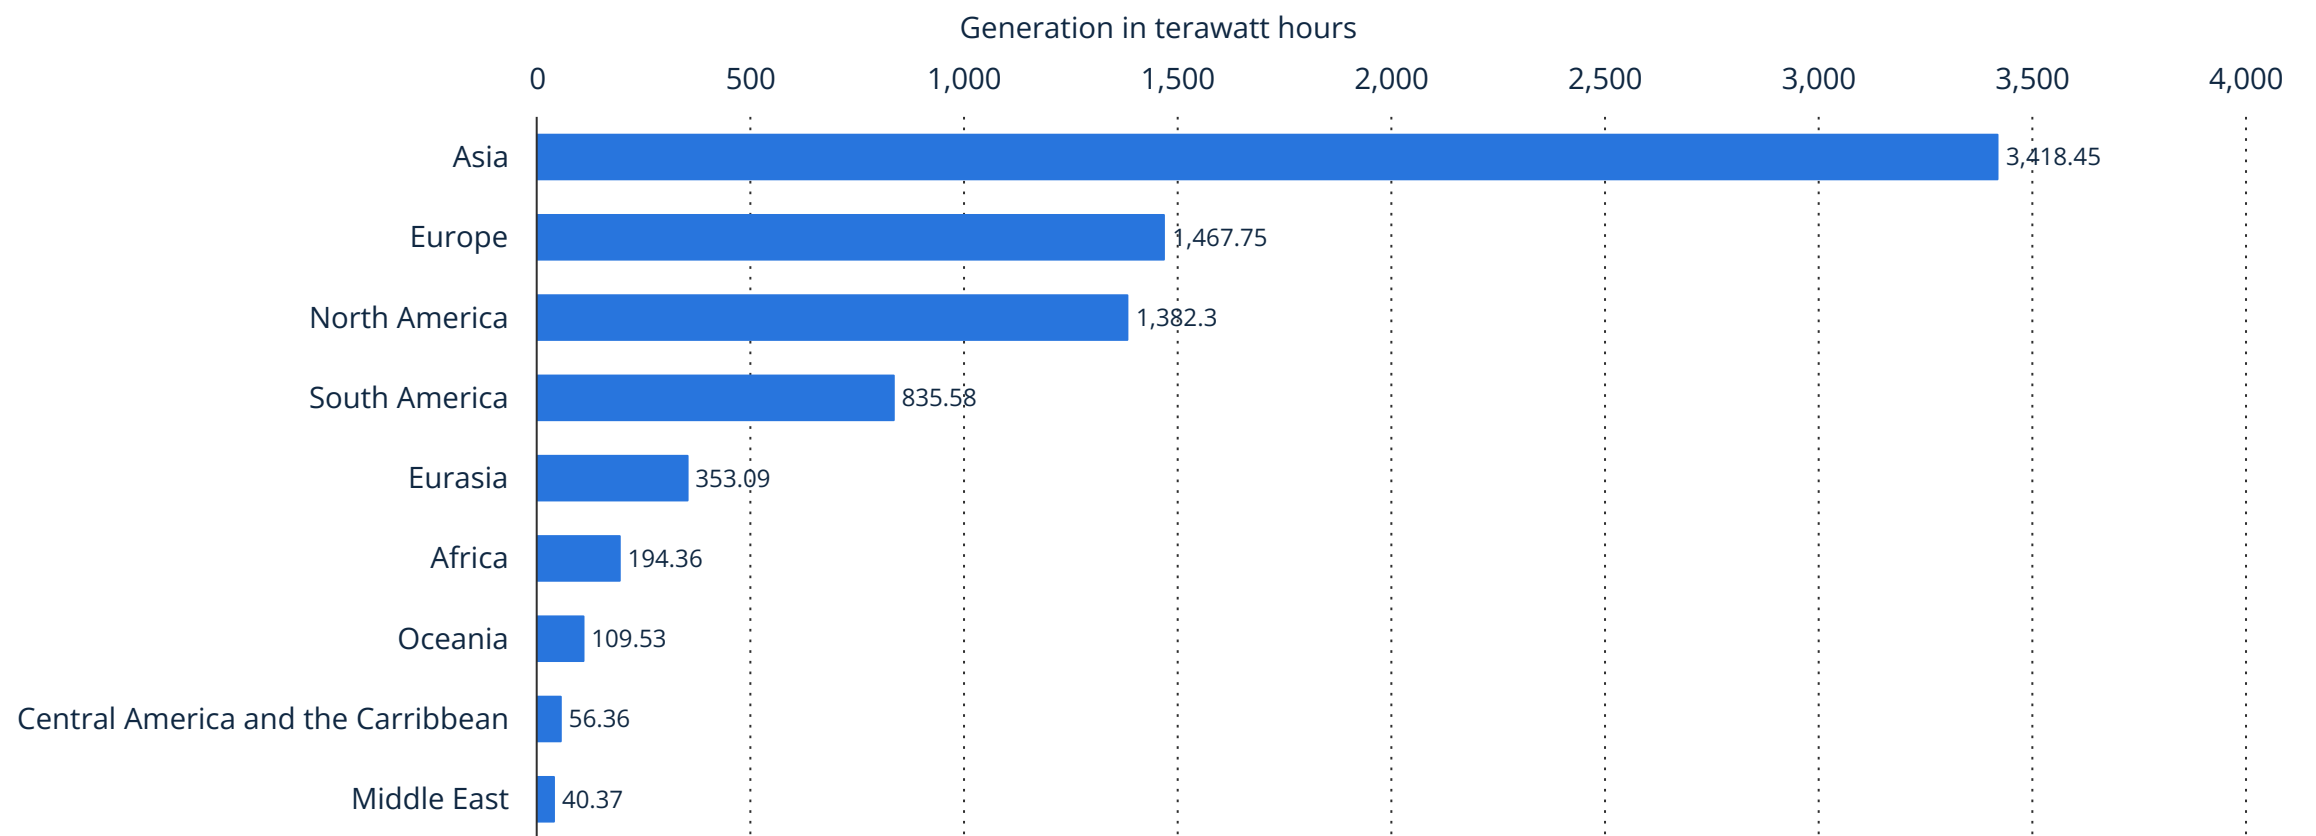

Electricity generation from renewable sources worldwide in 2022, by source (in terawatt hours)

Global renewable electricity generation 2022, by source

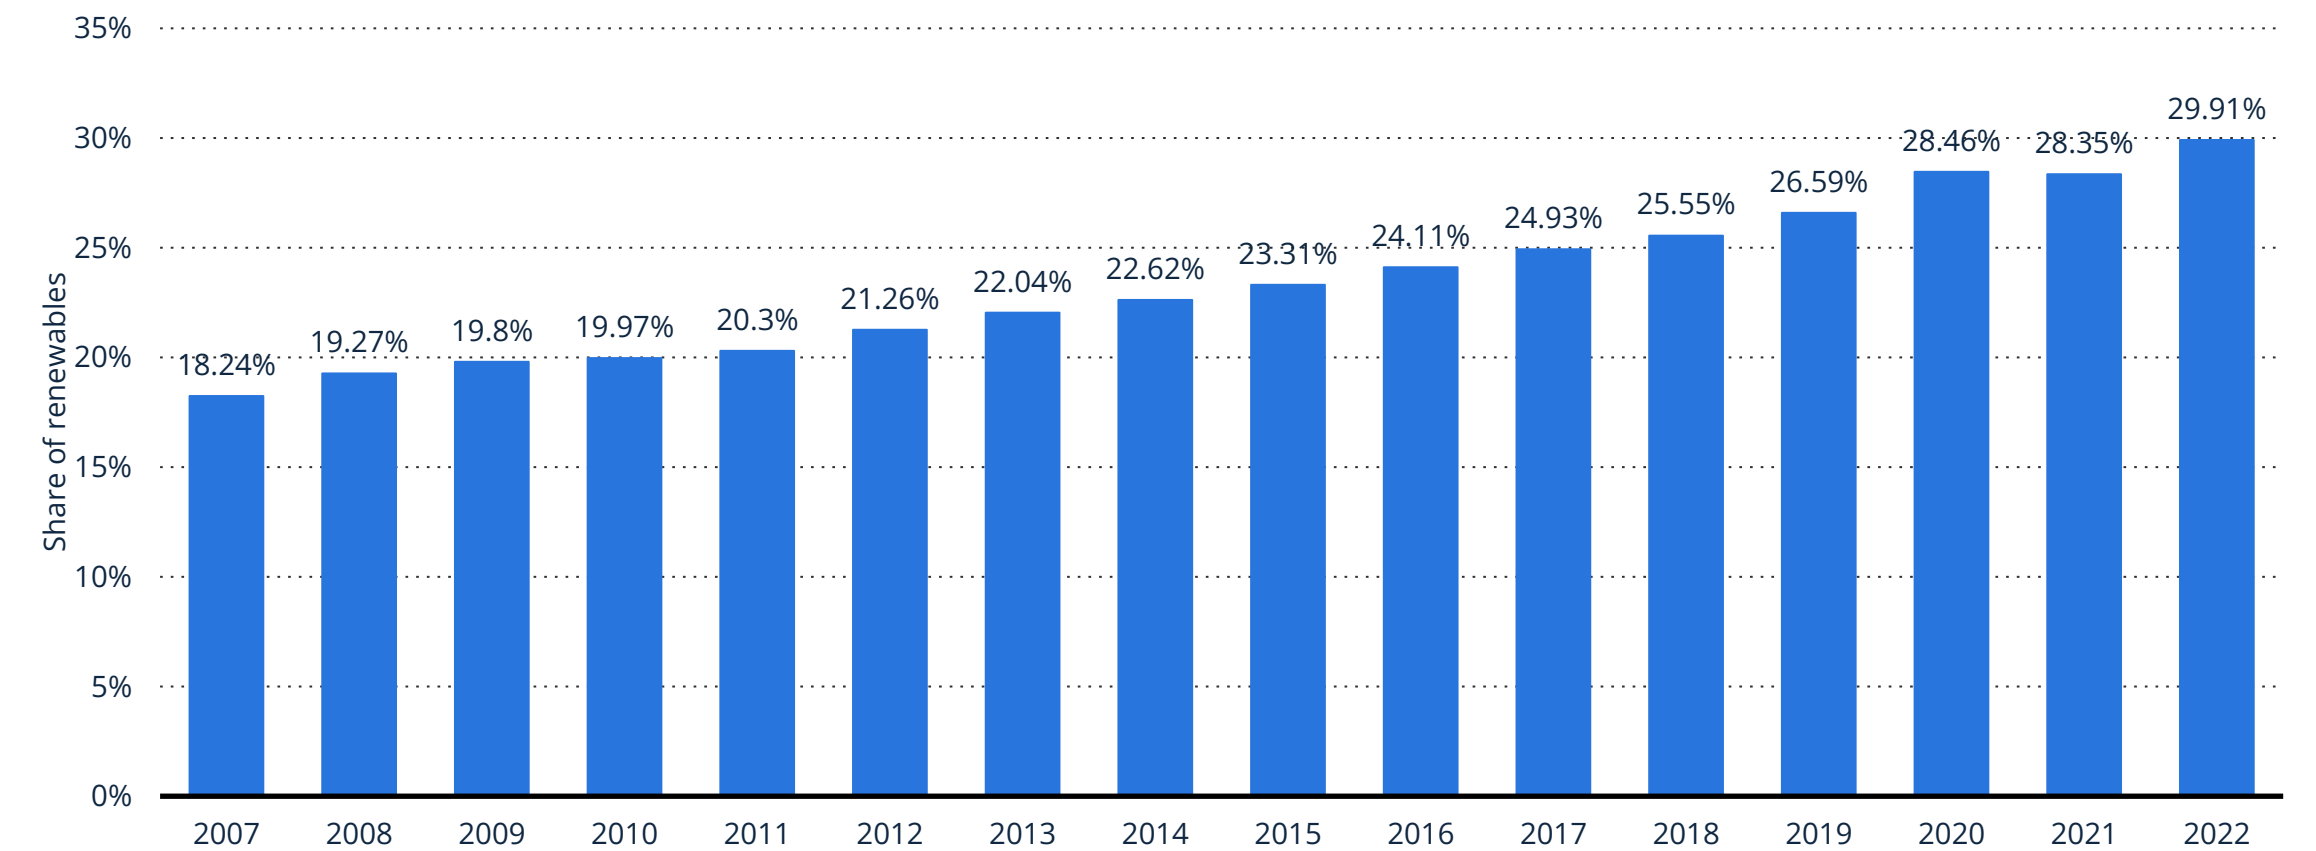

Electricity generation from renewable sources worldwide in 2021, by region (in terawatt hours)

Global renewable electricity generation 2021, by region

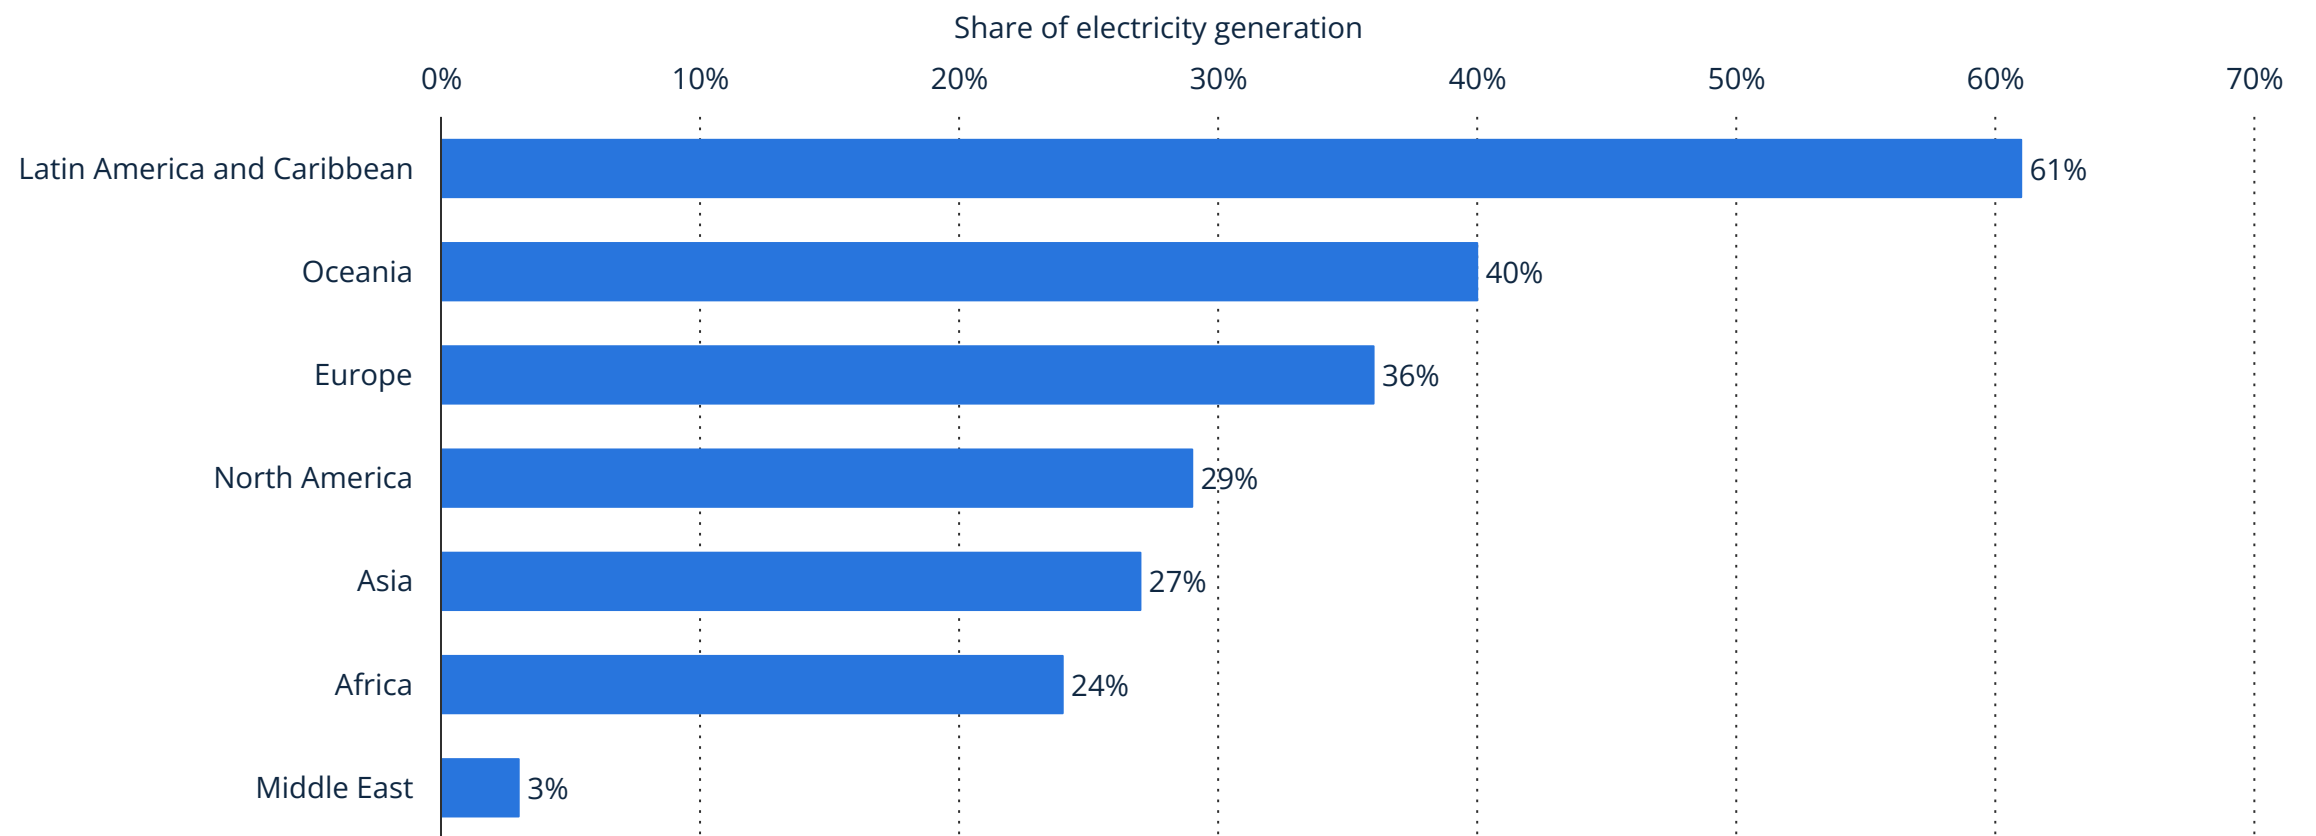

Share of renewable energy in electricity generation globally from 2007 to 2022

Share of renewables in global power production 2007-2022

Share of renewables in electricity generation worldwide in 2022, by region

Share of renewable power generation 2022, by region

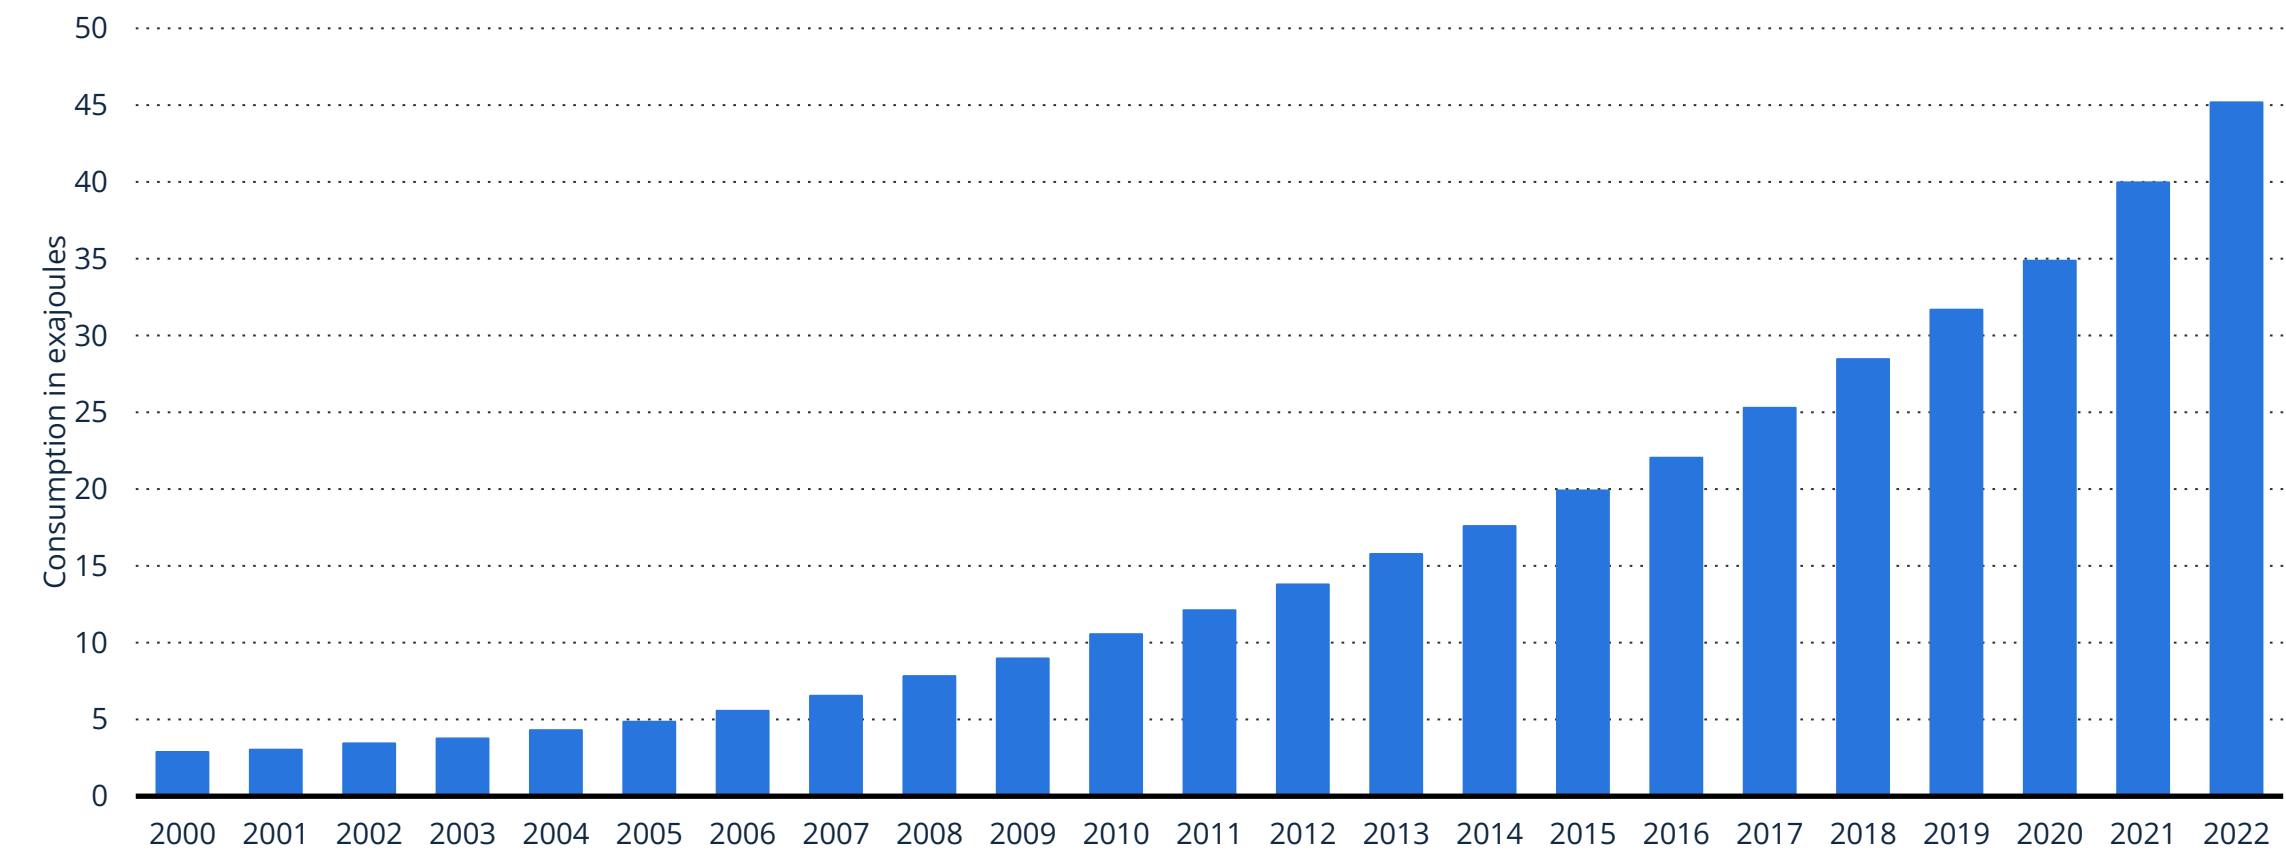

CHAPTER 04

Consumption

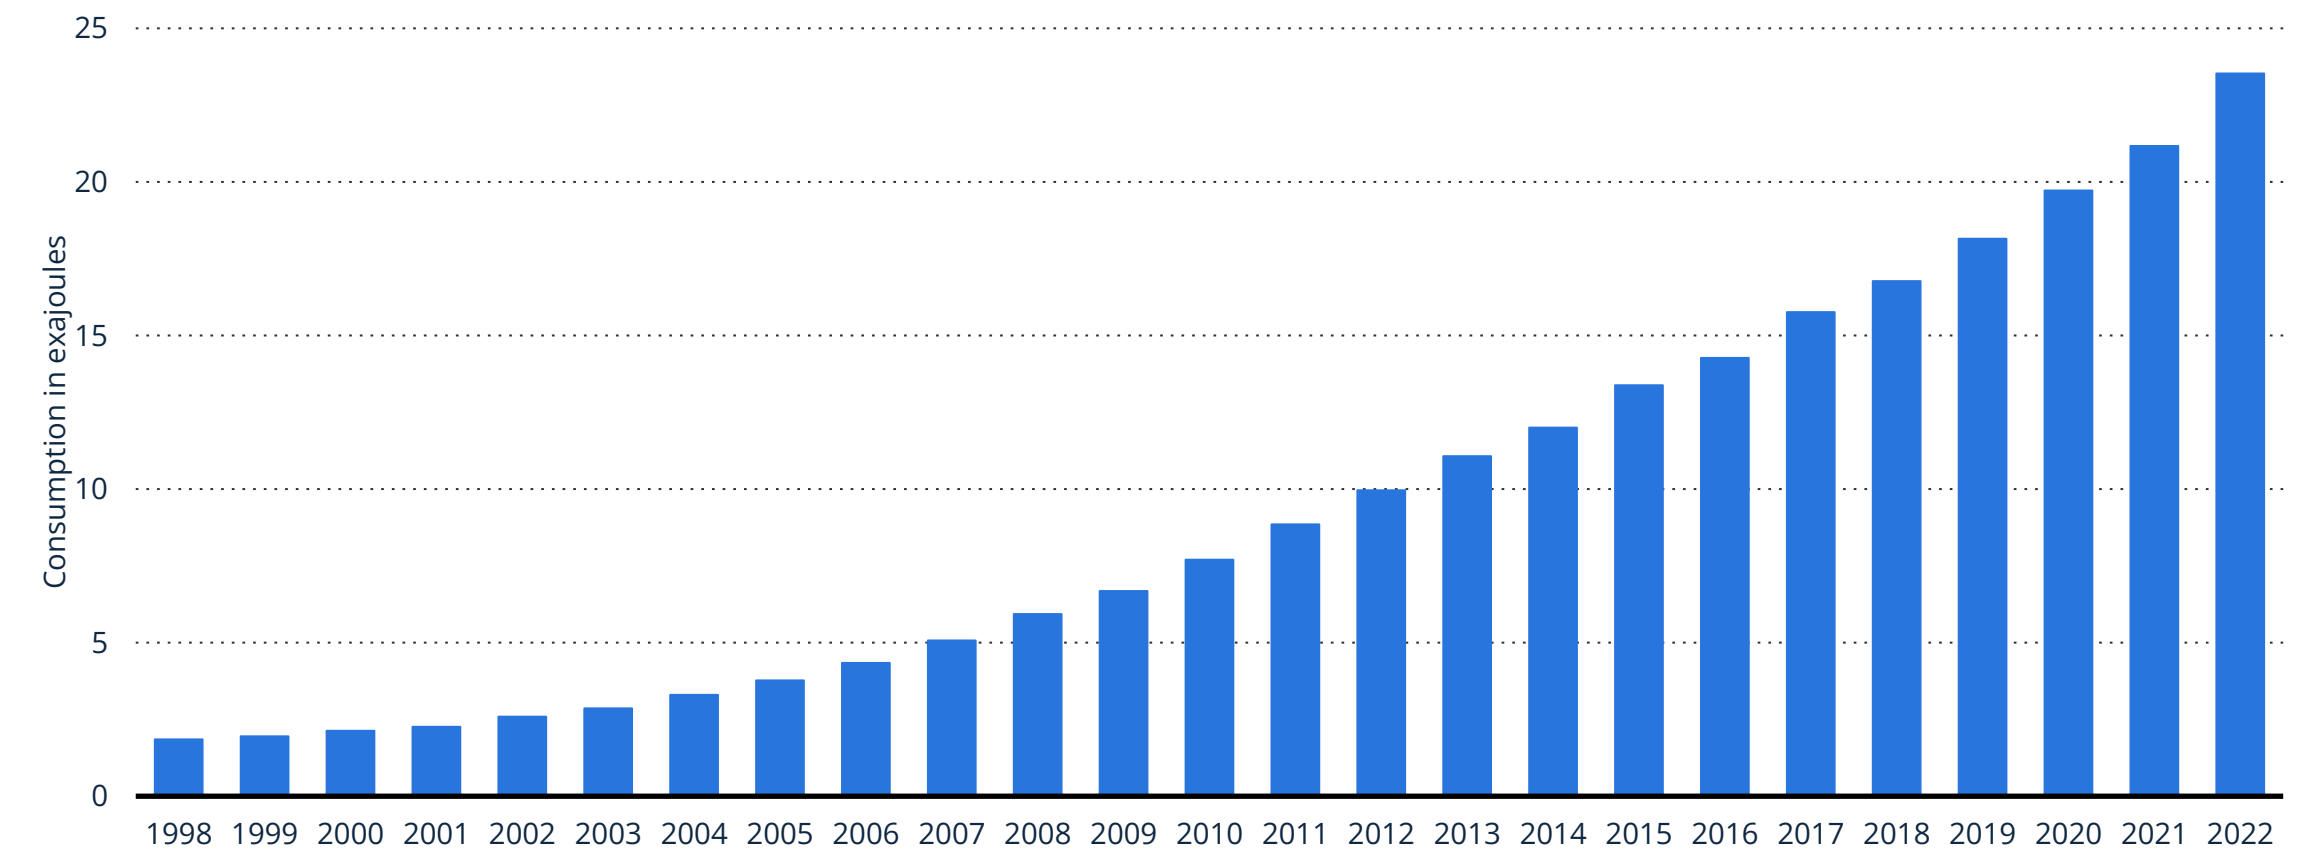

Renewable energy consumption worldwide from 2000 to 2022 (in exajoules)

Global renewable energy consumption 2000-2022

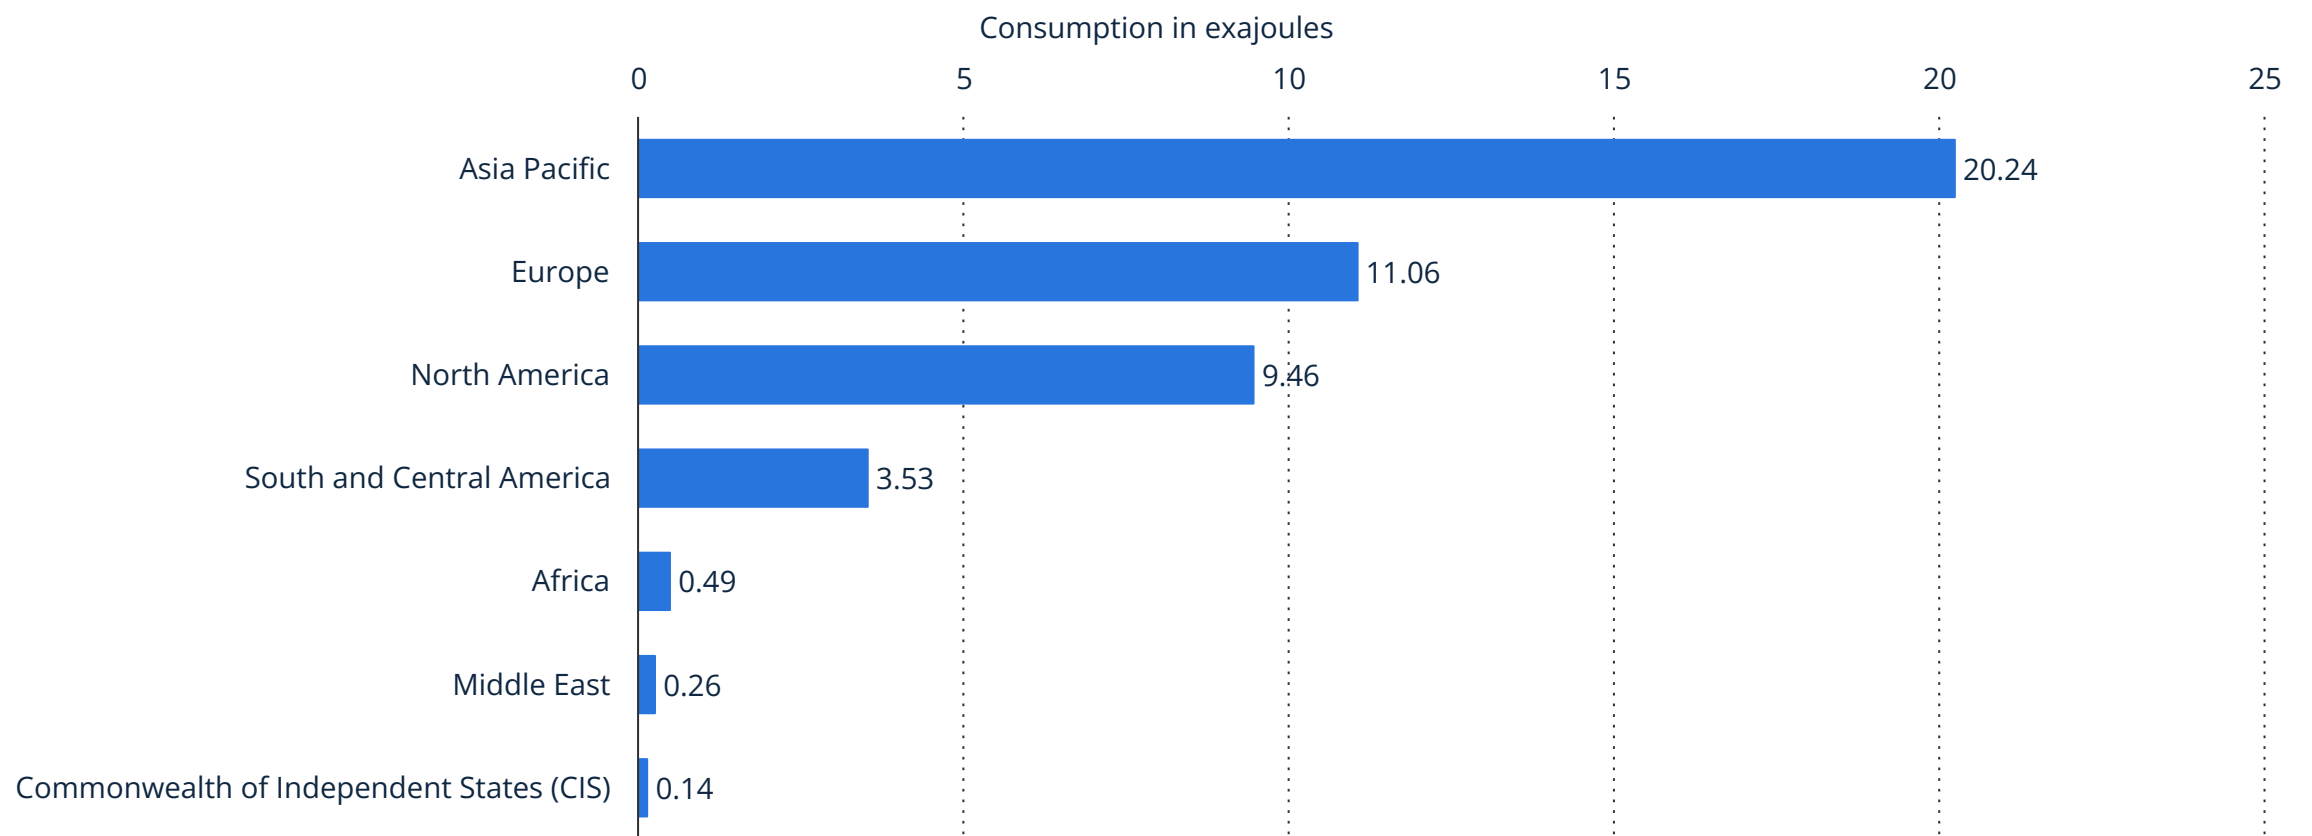

Consumption of renewable energy in OECD countries from 1998 to 2022 (in exajoules)

Renewable energy consumption in OECD countries 1998-2022

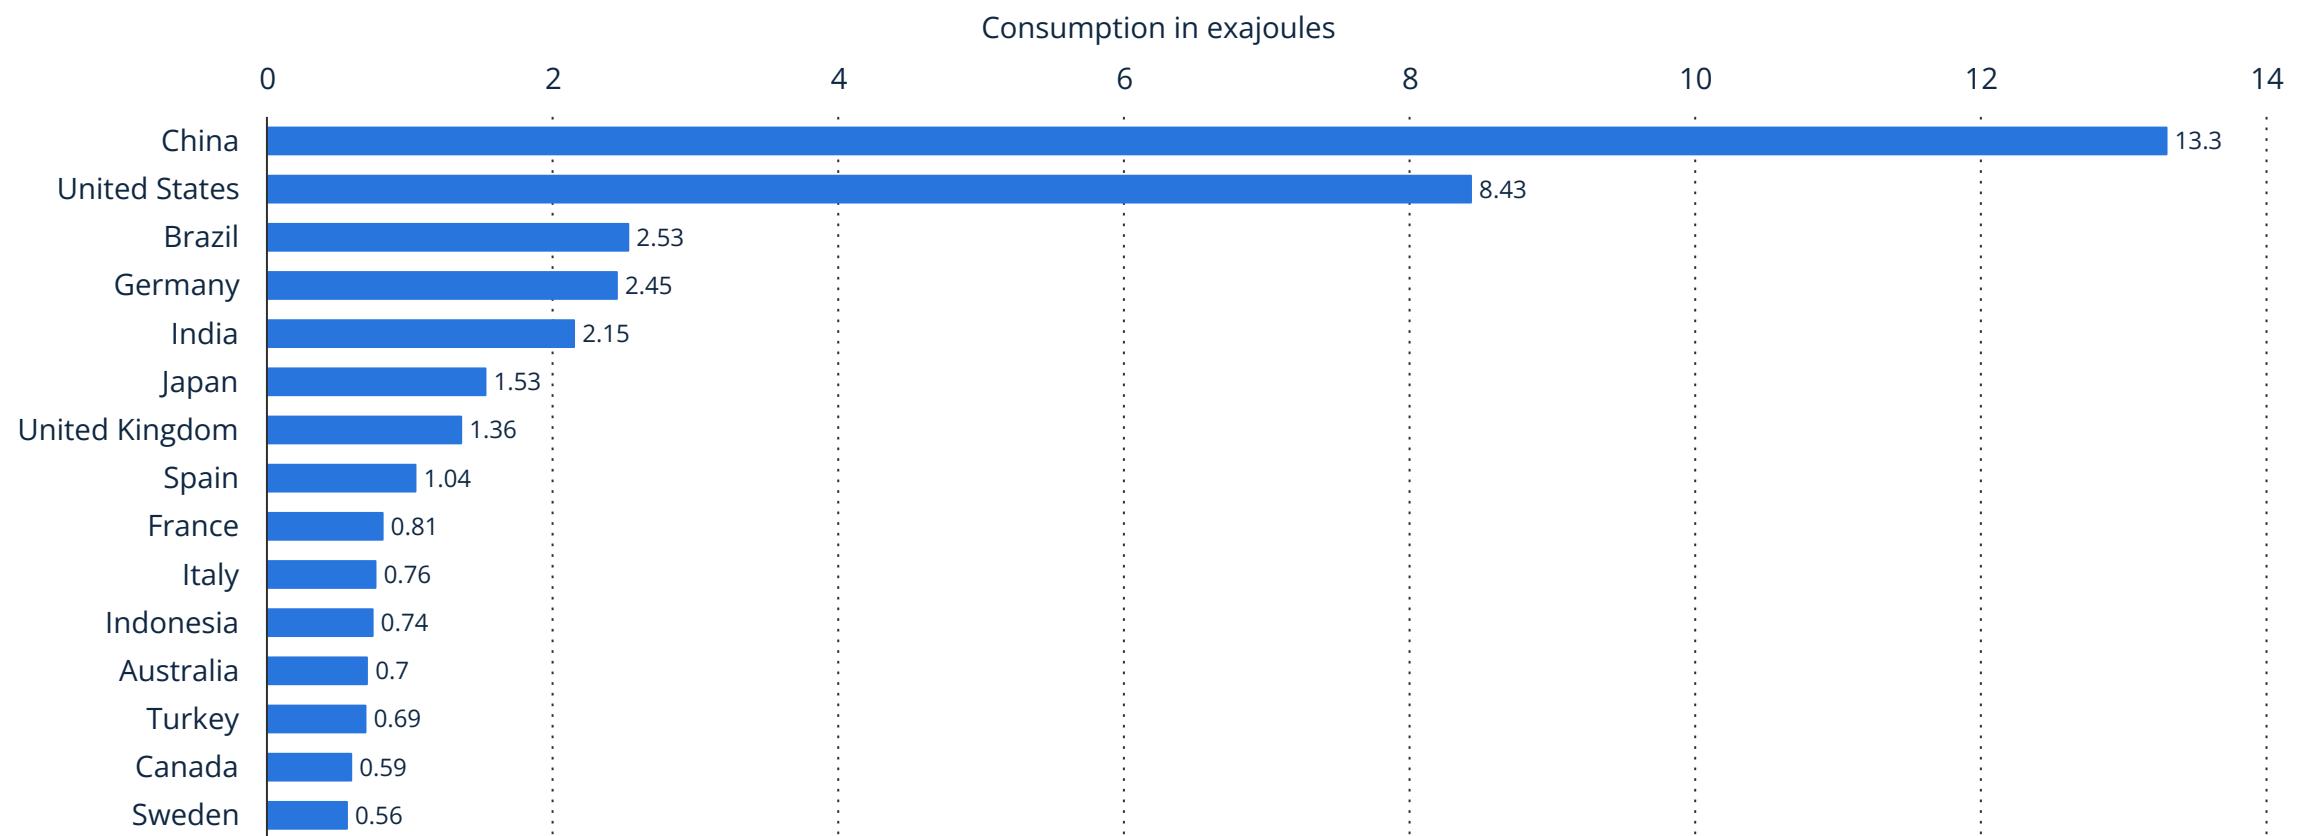

Renewable energy consumption worldwide in 2022, by region (in exajoules)

Global renewable energy consumption 2022, by region

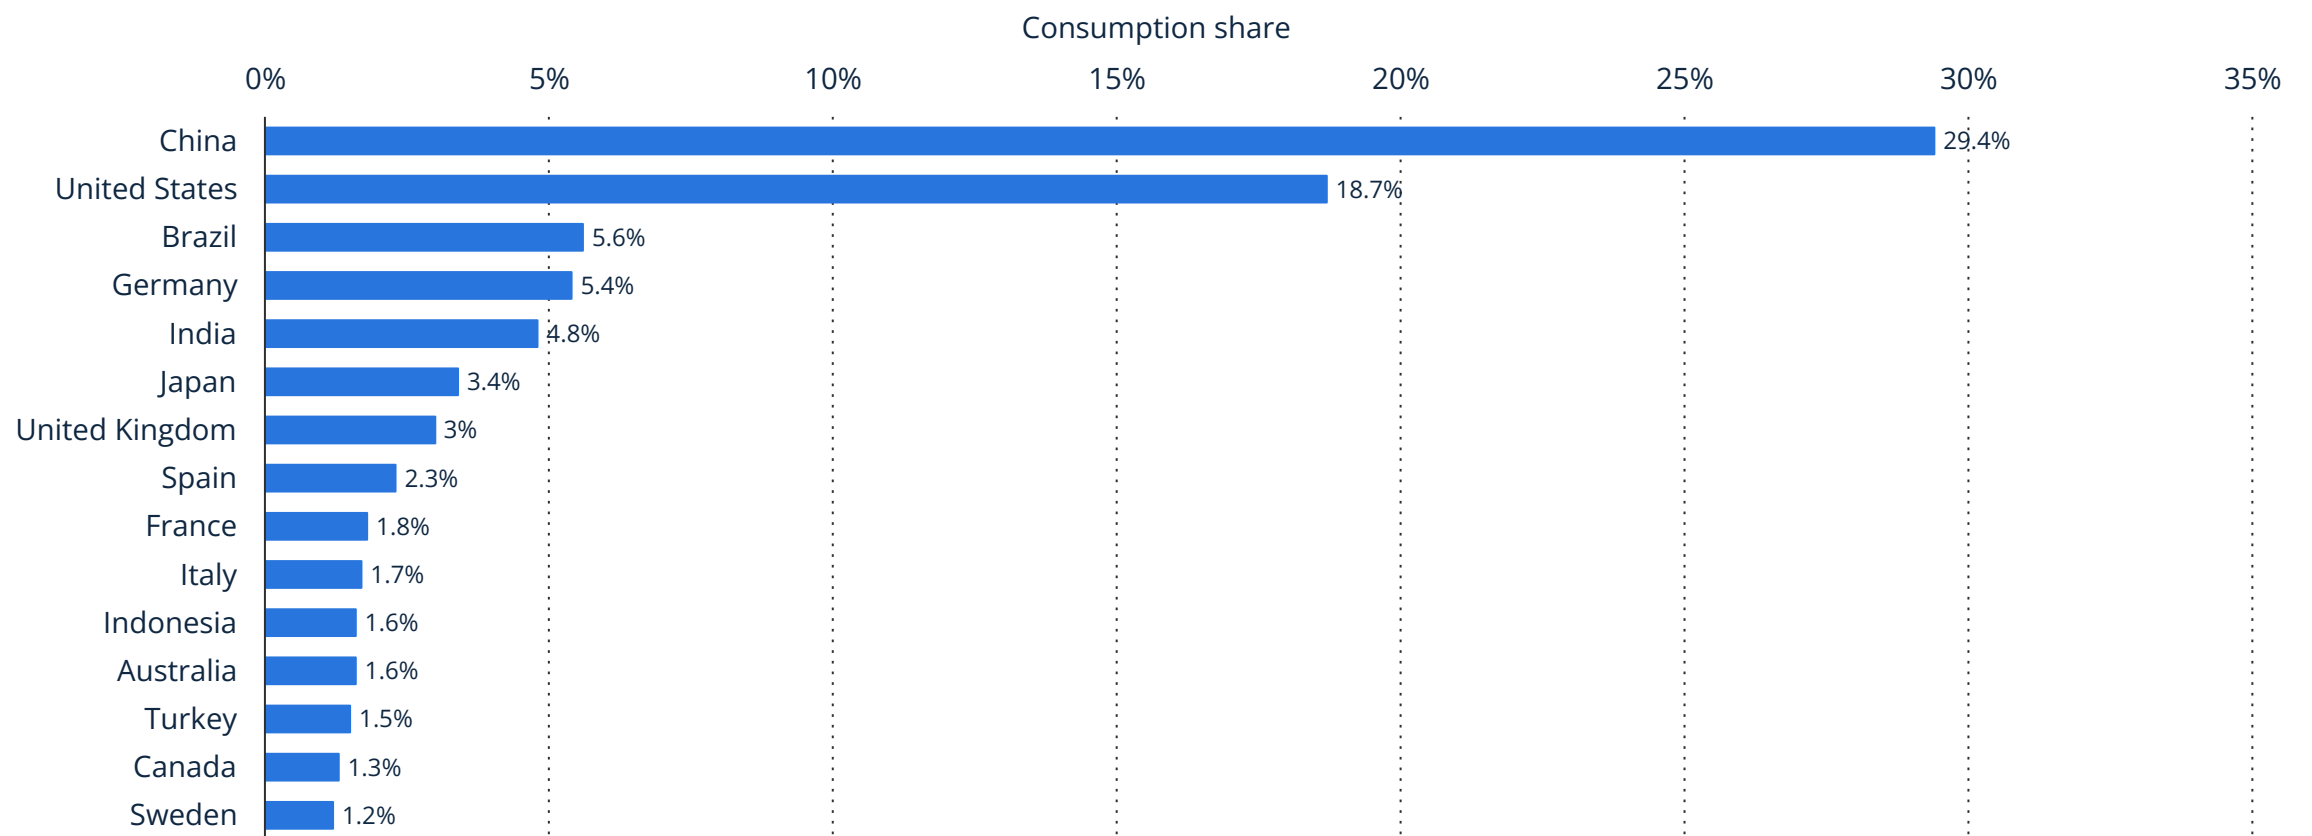

Leading countries by renewable energy consumption worldwide in 2022 (in exajoules)

Global renewable energy consumption 2022, by country

Distribution of renewable energy consumption worldwide in 2022, by country

Global share of renewable energy consumption 2022, by country

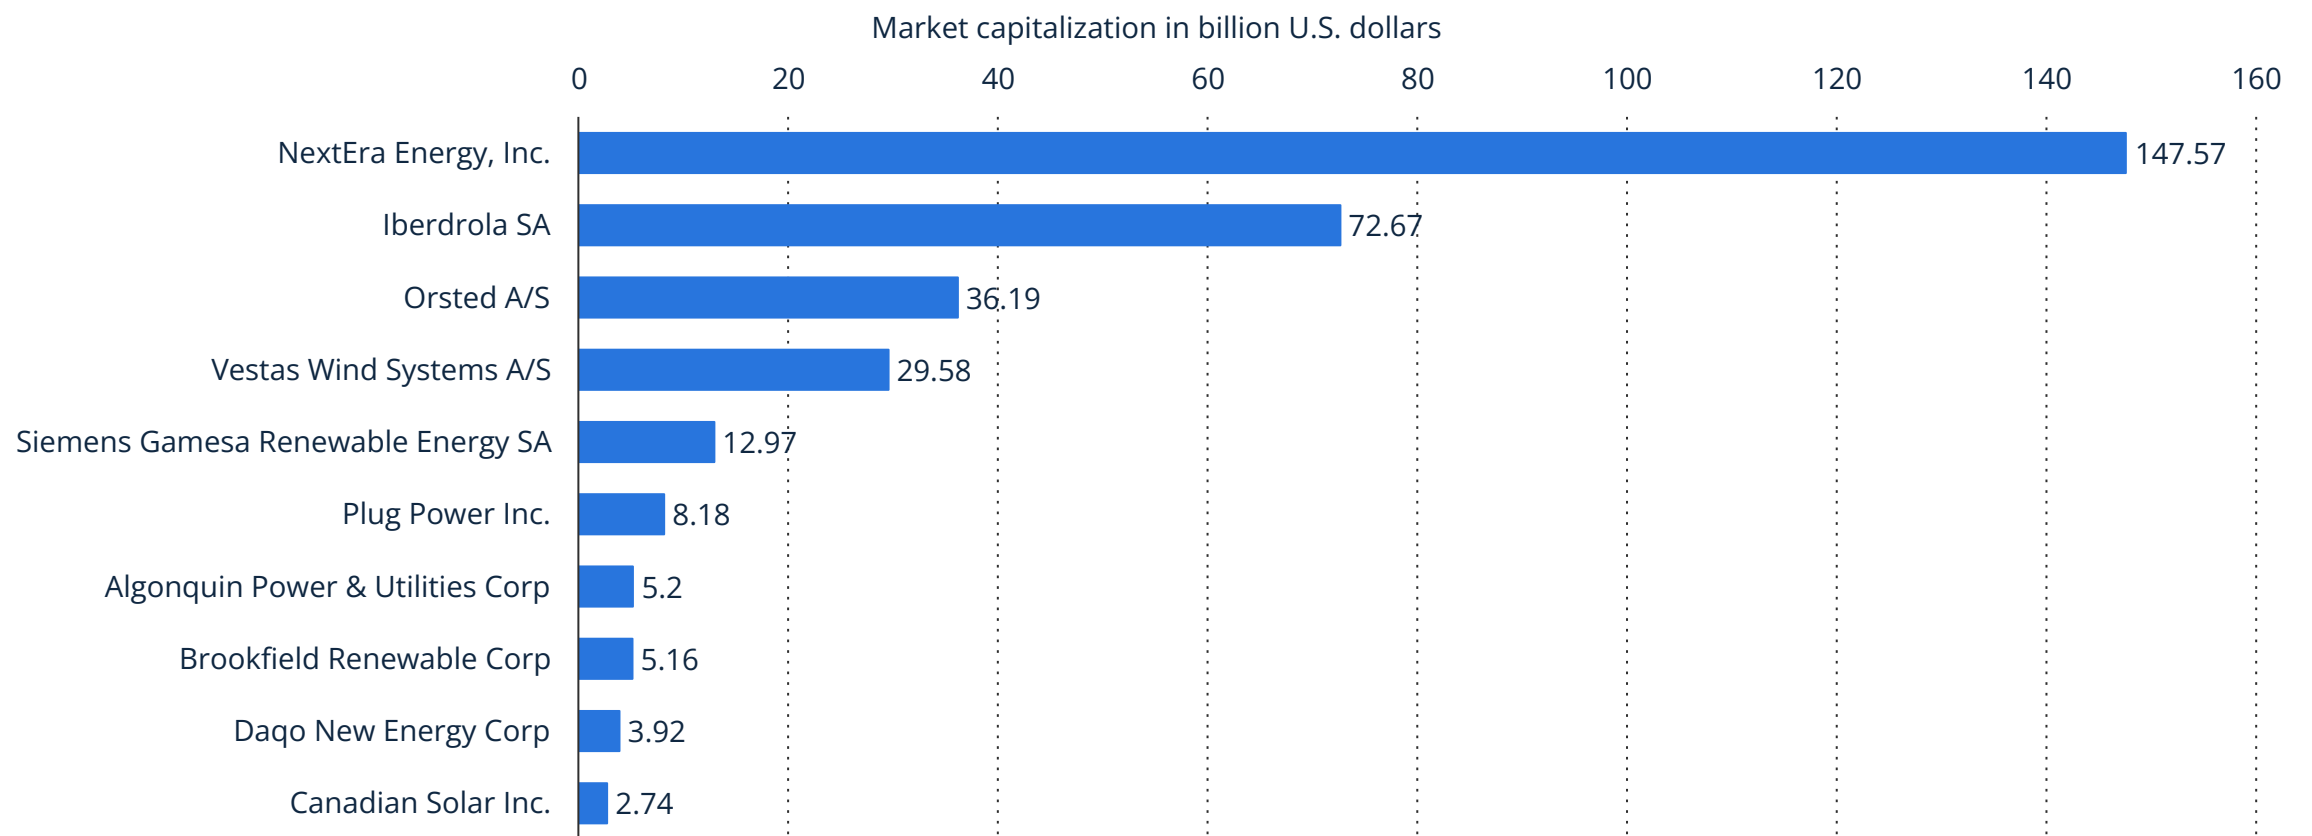

CHAPTER 05

Companies

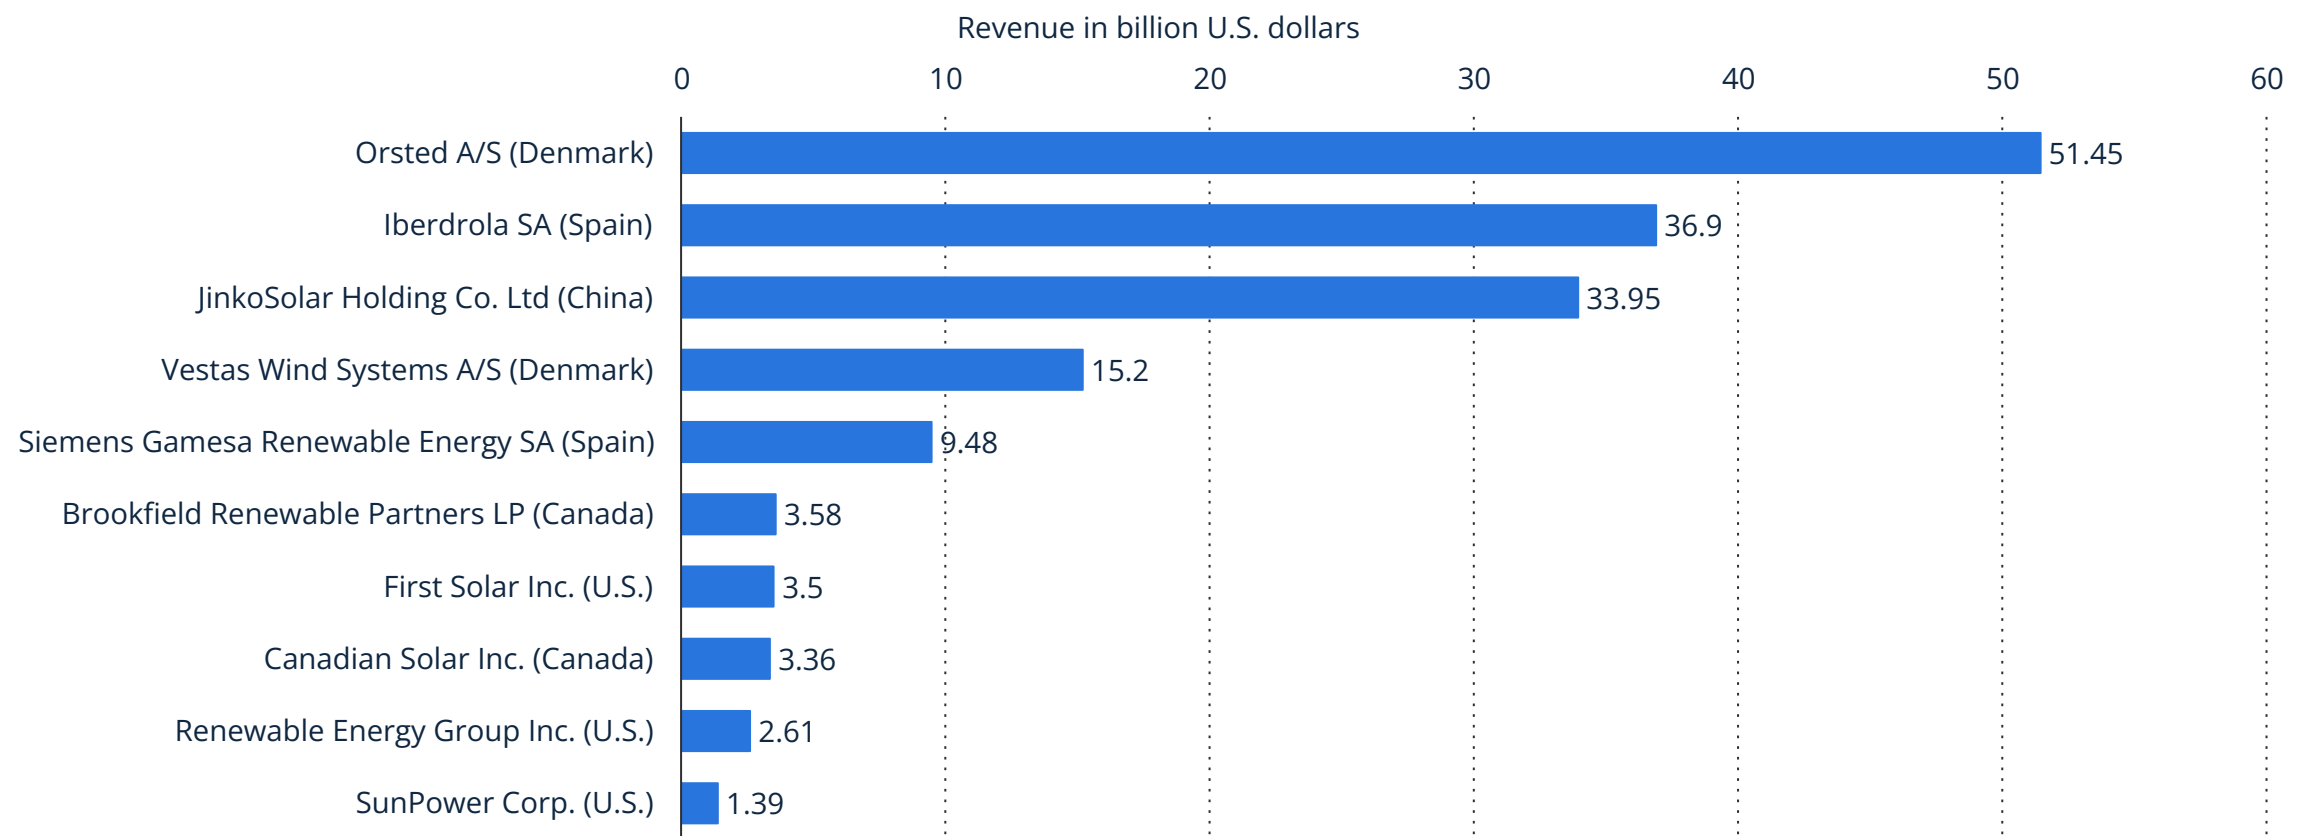

Market capitalization of selected renewable energy companies worldwide in March 2023 (in billion U.S. dollars)

Global market capitalization of selected renewable energy companies

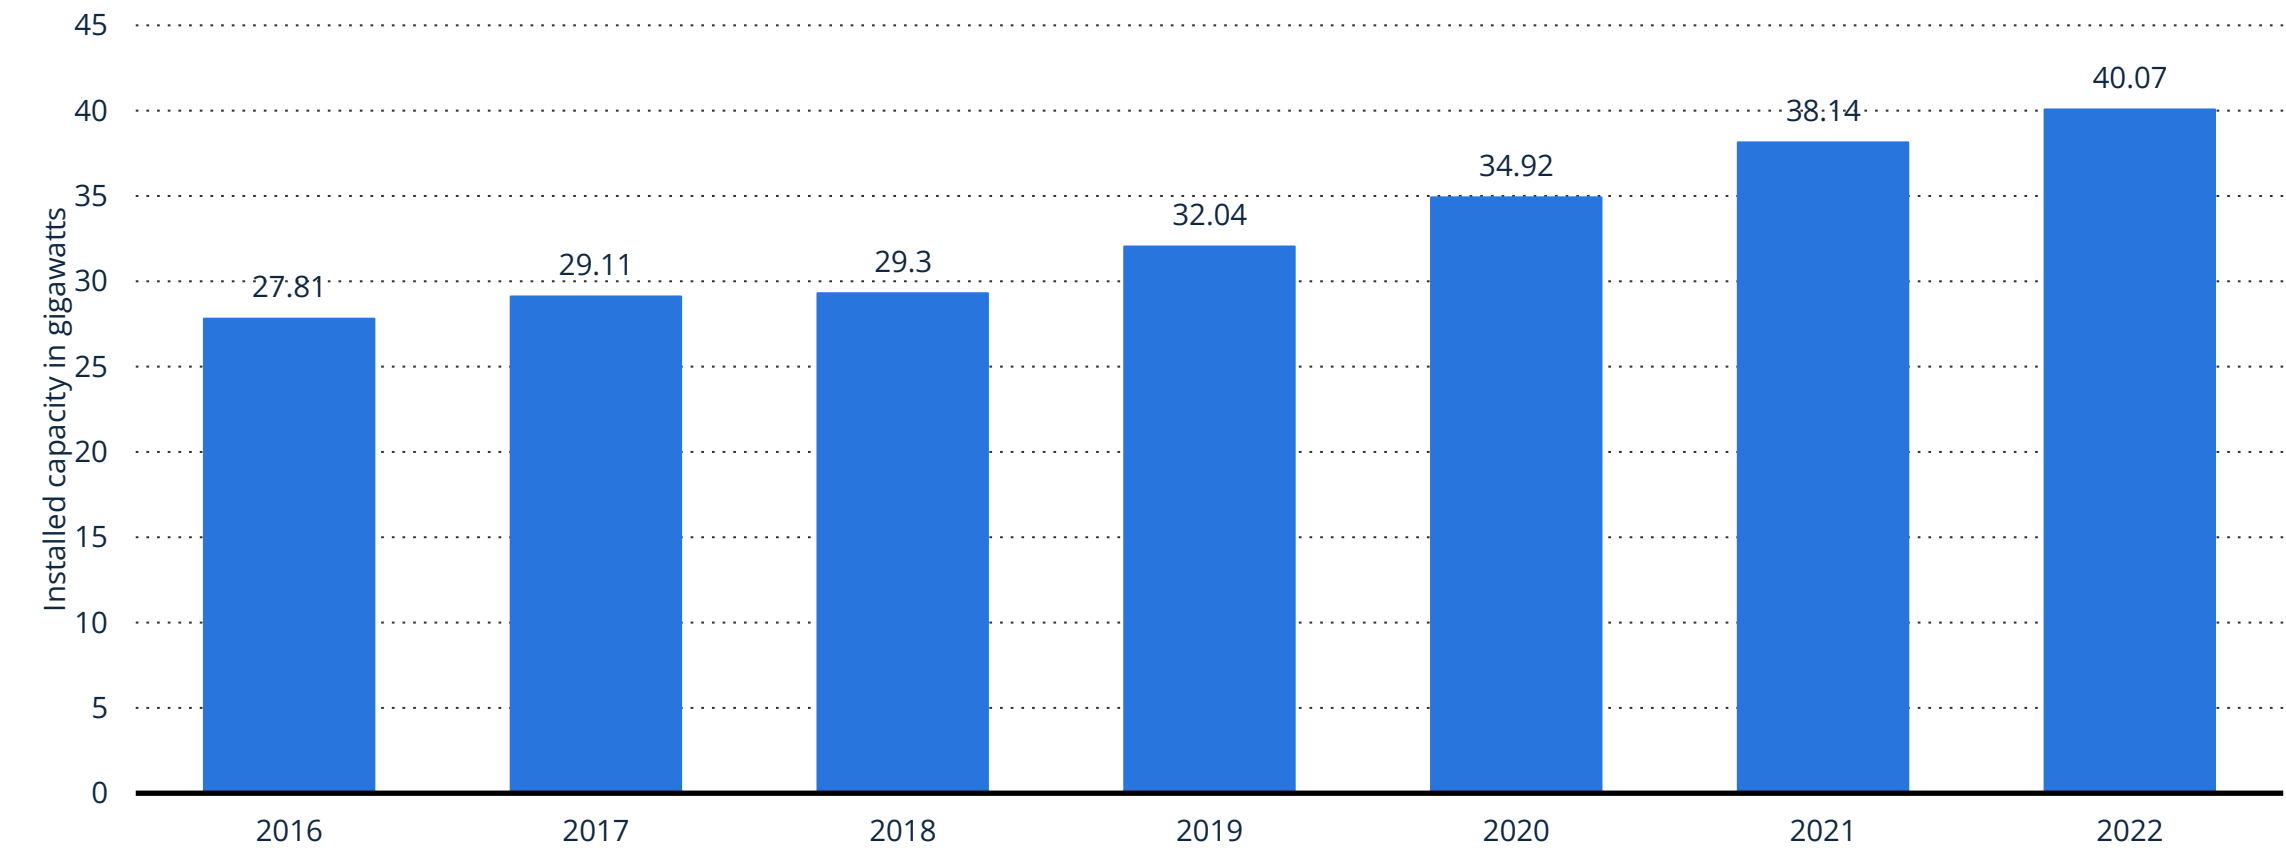

Leading renewable energy companies worldwide in 2021, based on revenue (in billion U.S. dollars)

Leading renewable energy companies worldwide 2021, by revenue

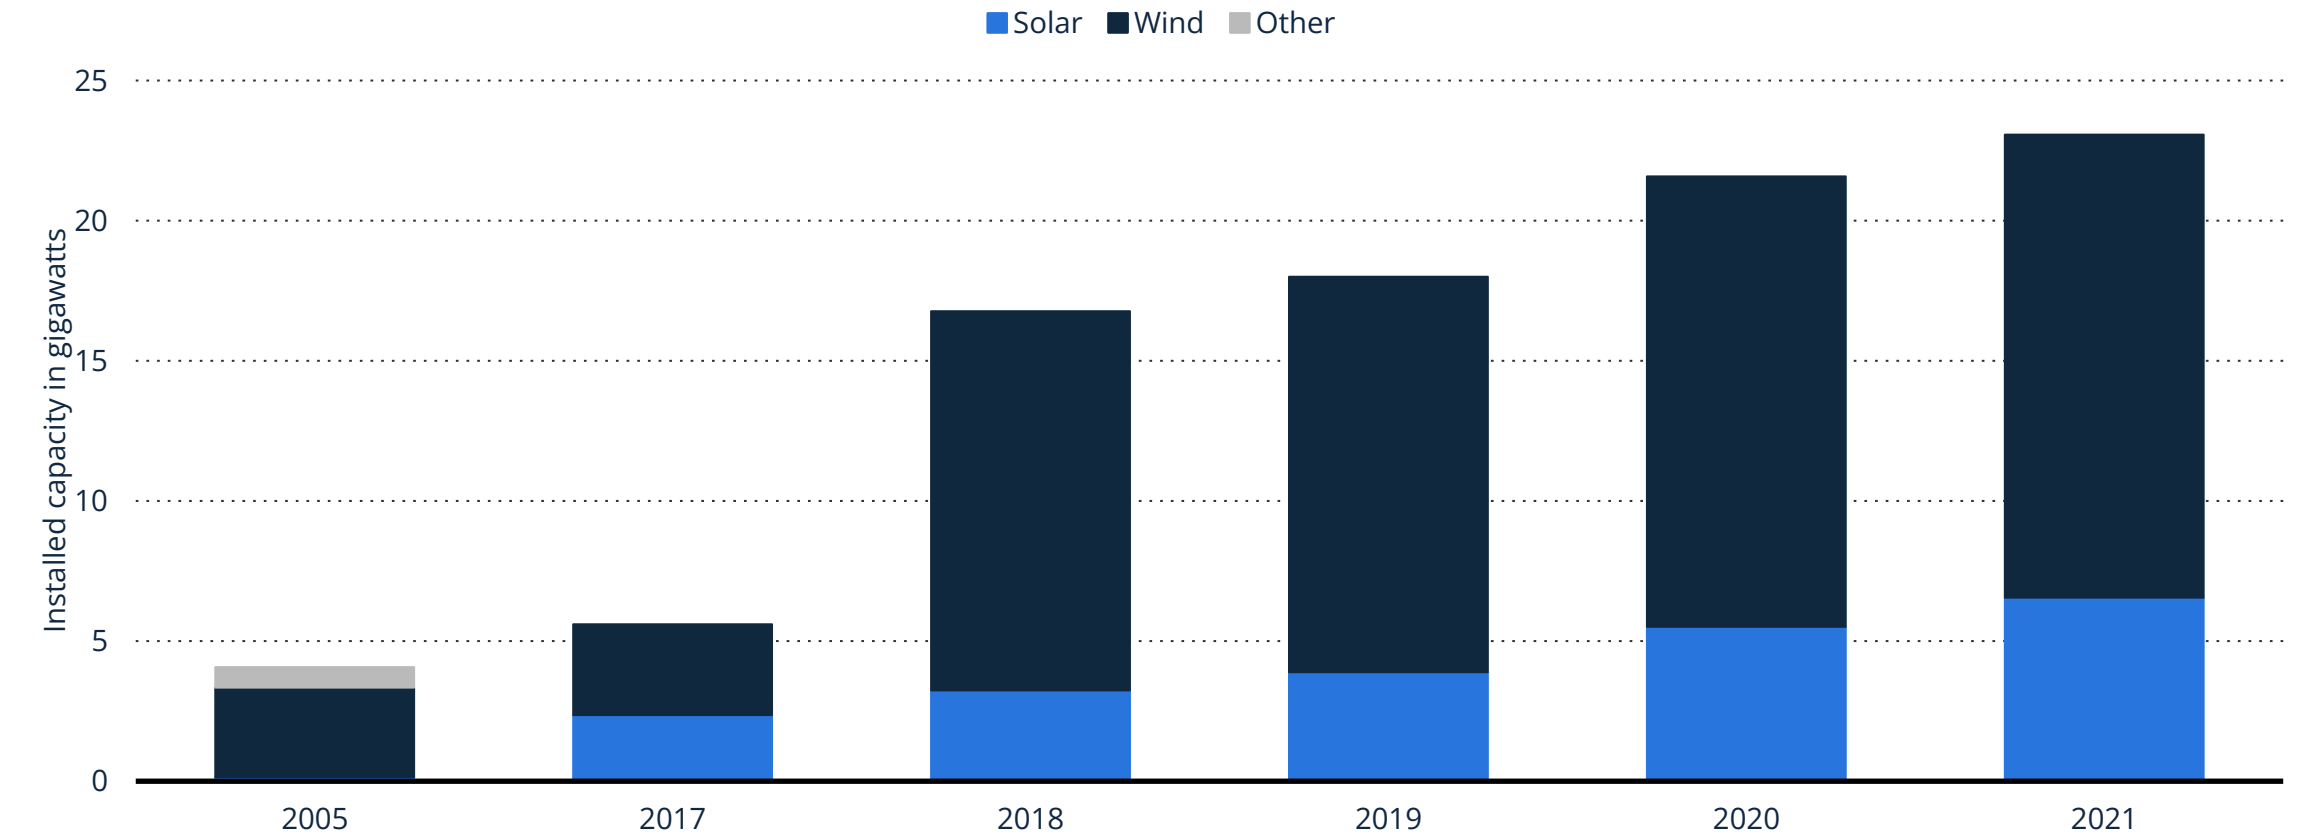

Installed renewable power capacity of Iberdrola from 2016 to 2022 (in gigawatts)

Iberdrola's installed renewable capacity 2016-2022

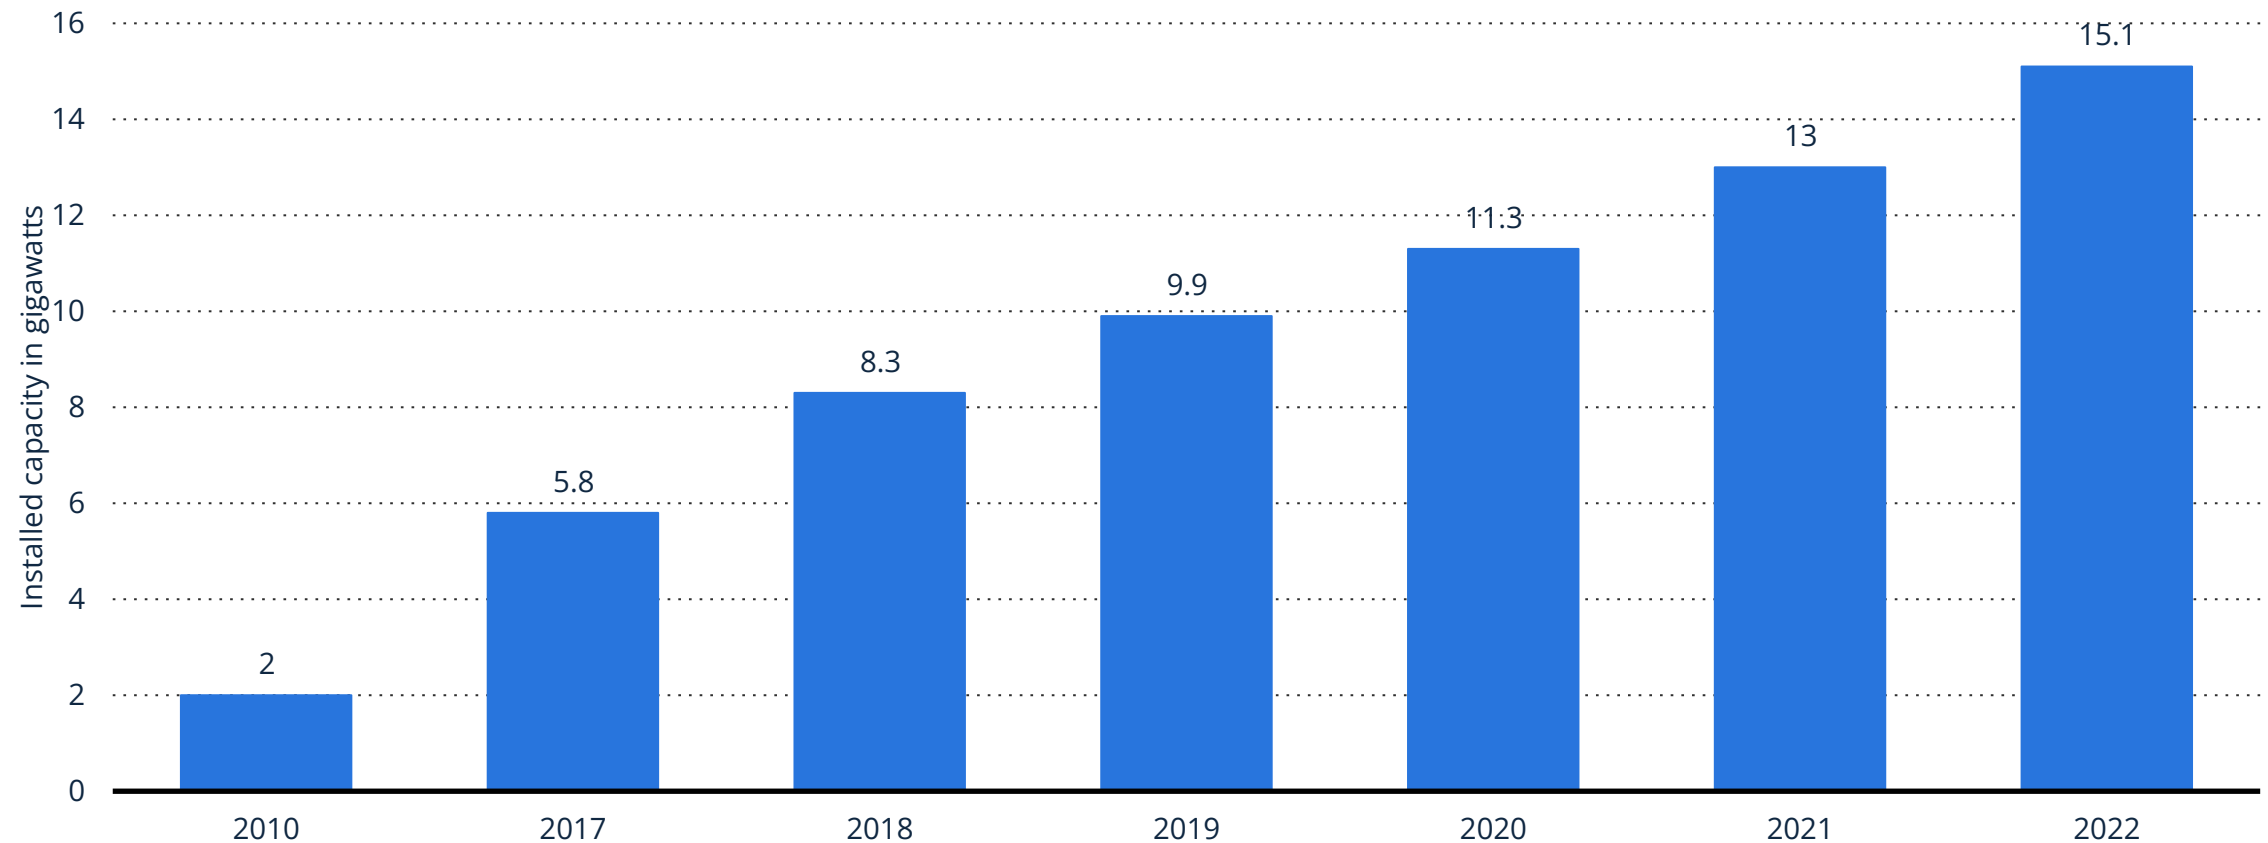

Installed renewable power capacity of NextEra Energy from 2005 to 2021 (in gigawatts)

NextEra Energy's installed renewable capacity 2005-2021

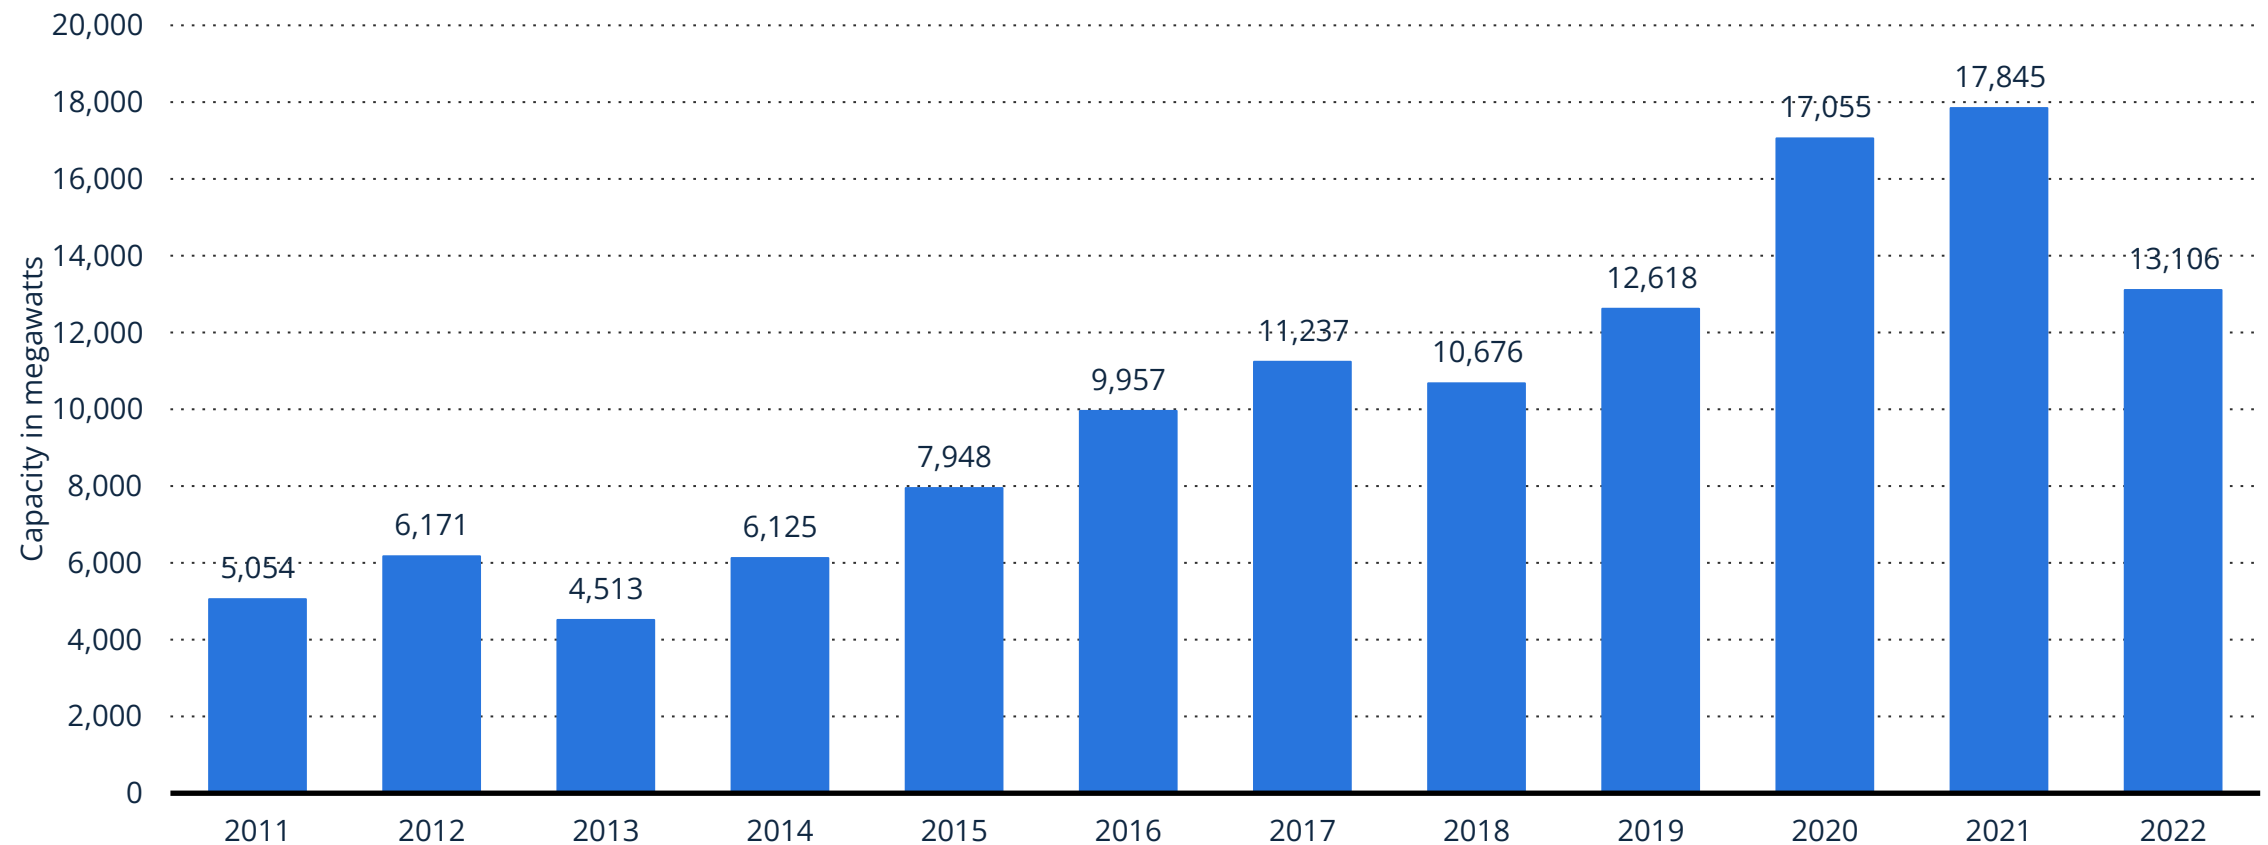

Installed renewable power capacity of Ørsted from 2010 to 2022 (in gigawatts)

Ørsted's installed renewable capacity 2010-2022

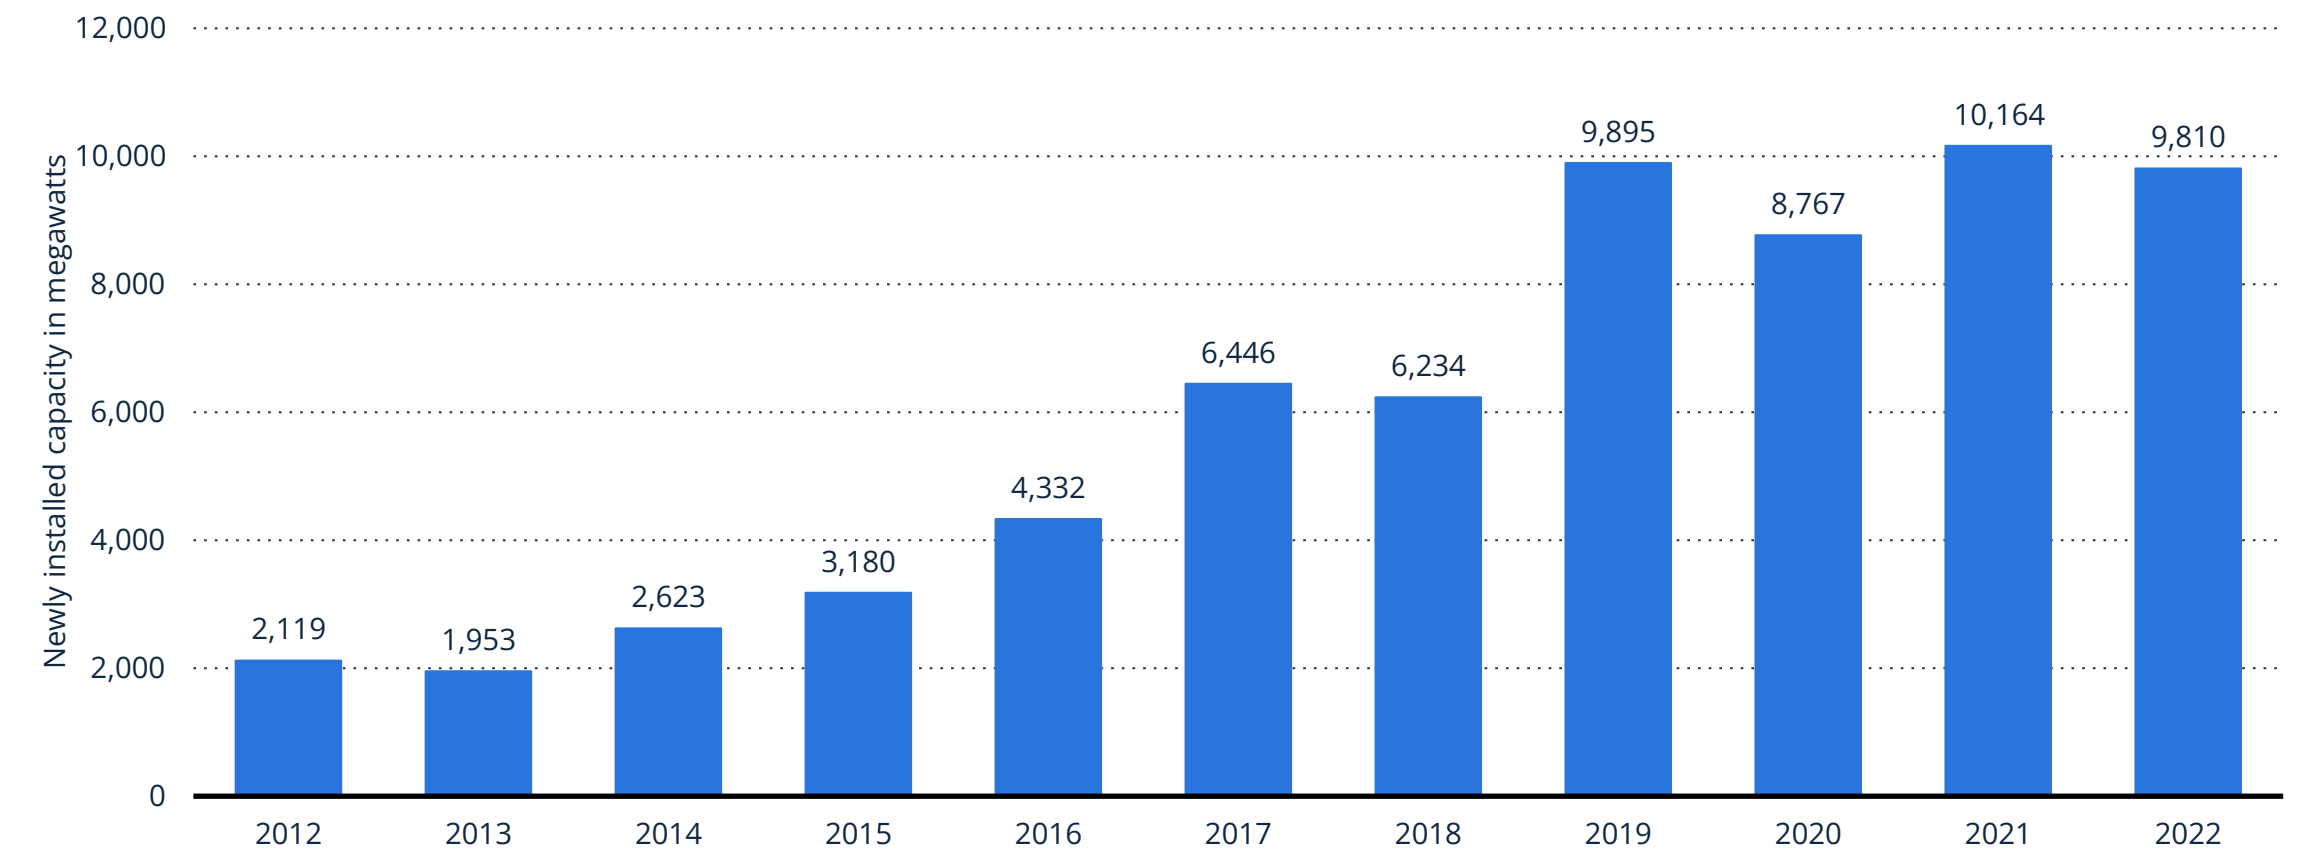

Capacity of Vestas' produced and shipped wind turbines worldwide from financial year 2011 to 2022 (in megawatts)

Vestas' capacity of produced and shipped wind turbines FY 2011-2022

Newly installed energy capacity by Siemens Gamesa from financial year 2012 to 2022 (in megawatts)

Siemens Gamesa's annually installed capacity FY 2012-2022

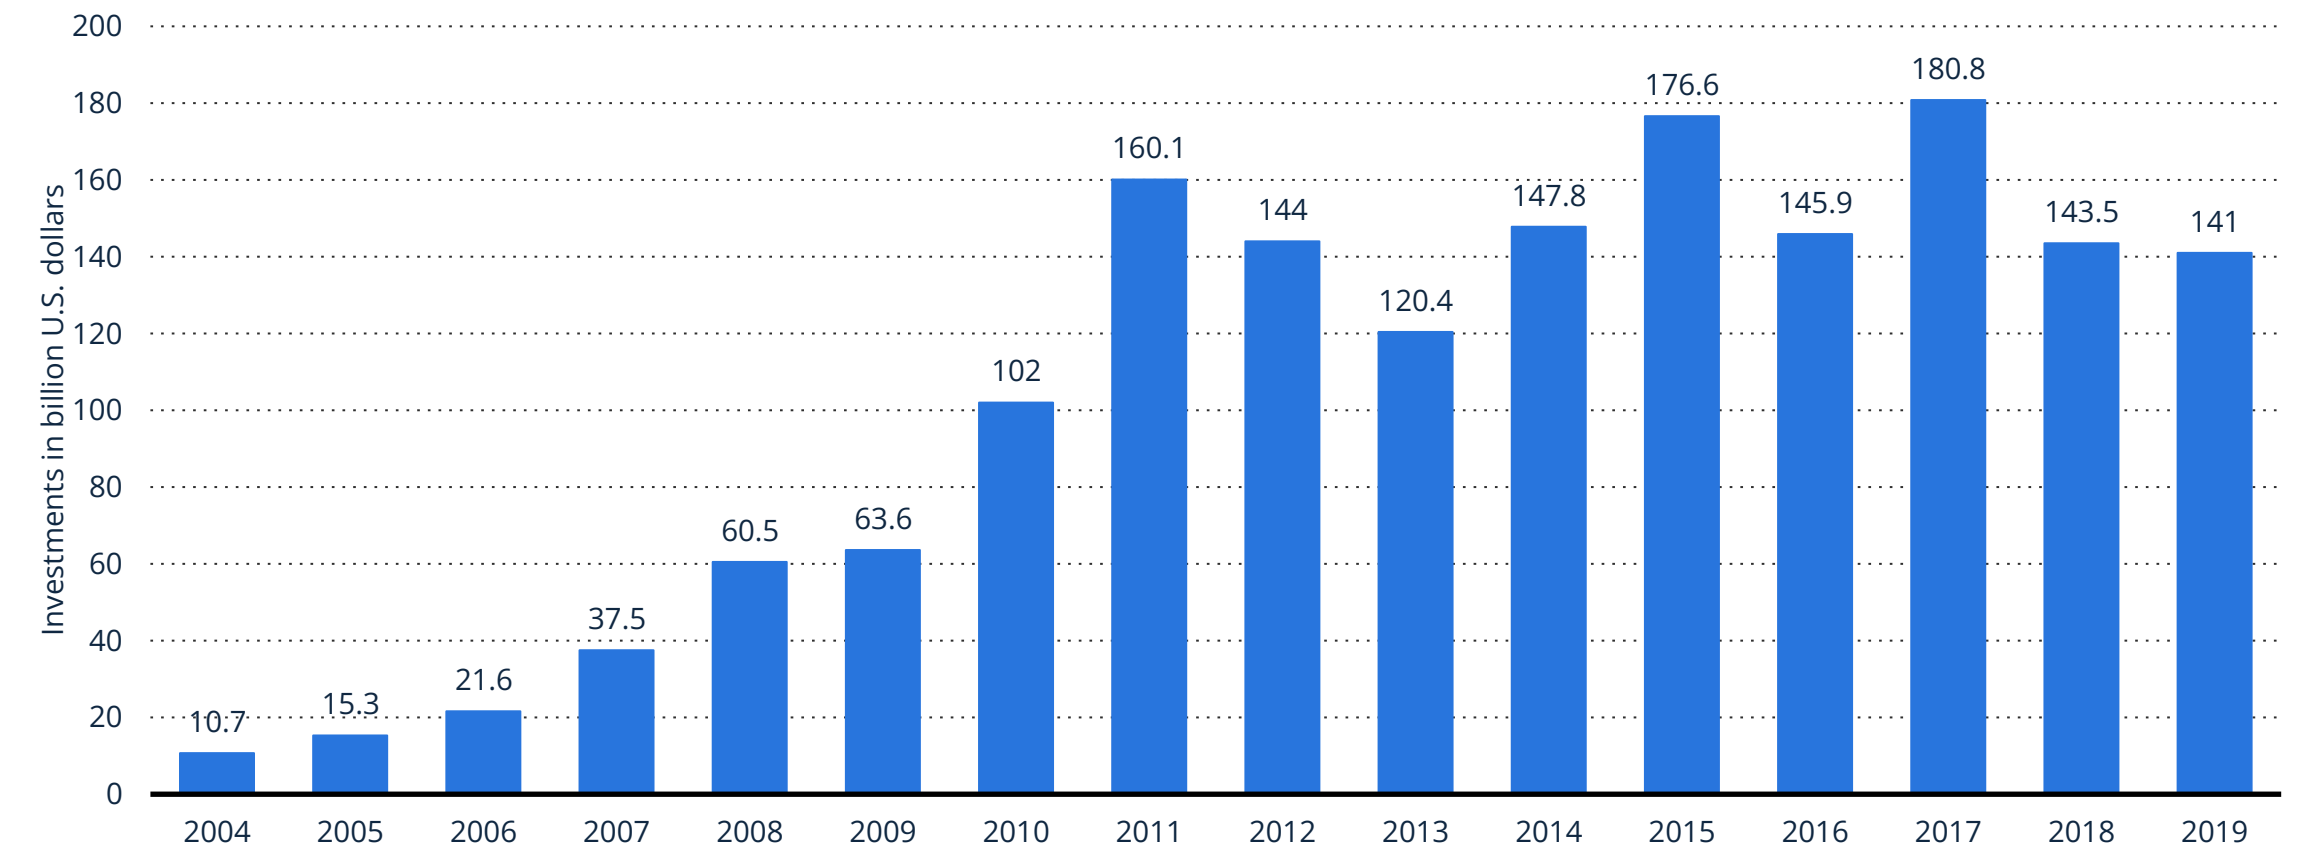

CHAPTER 06

Investment

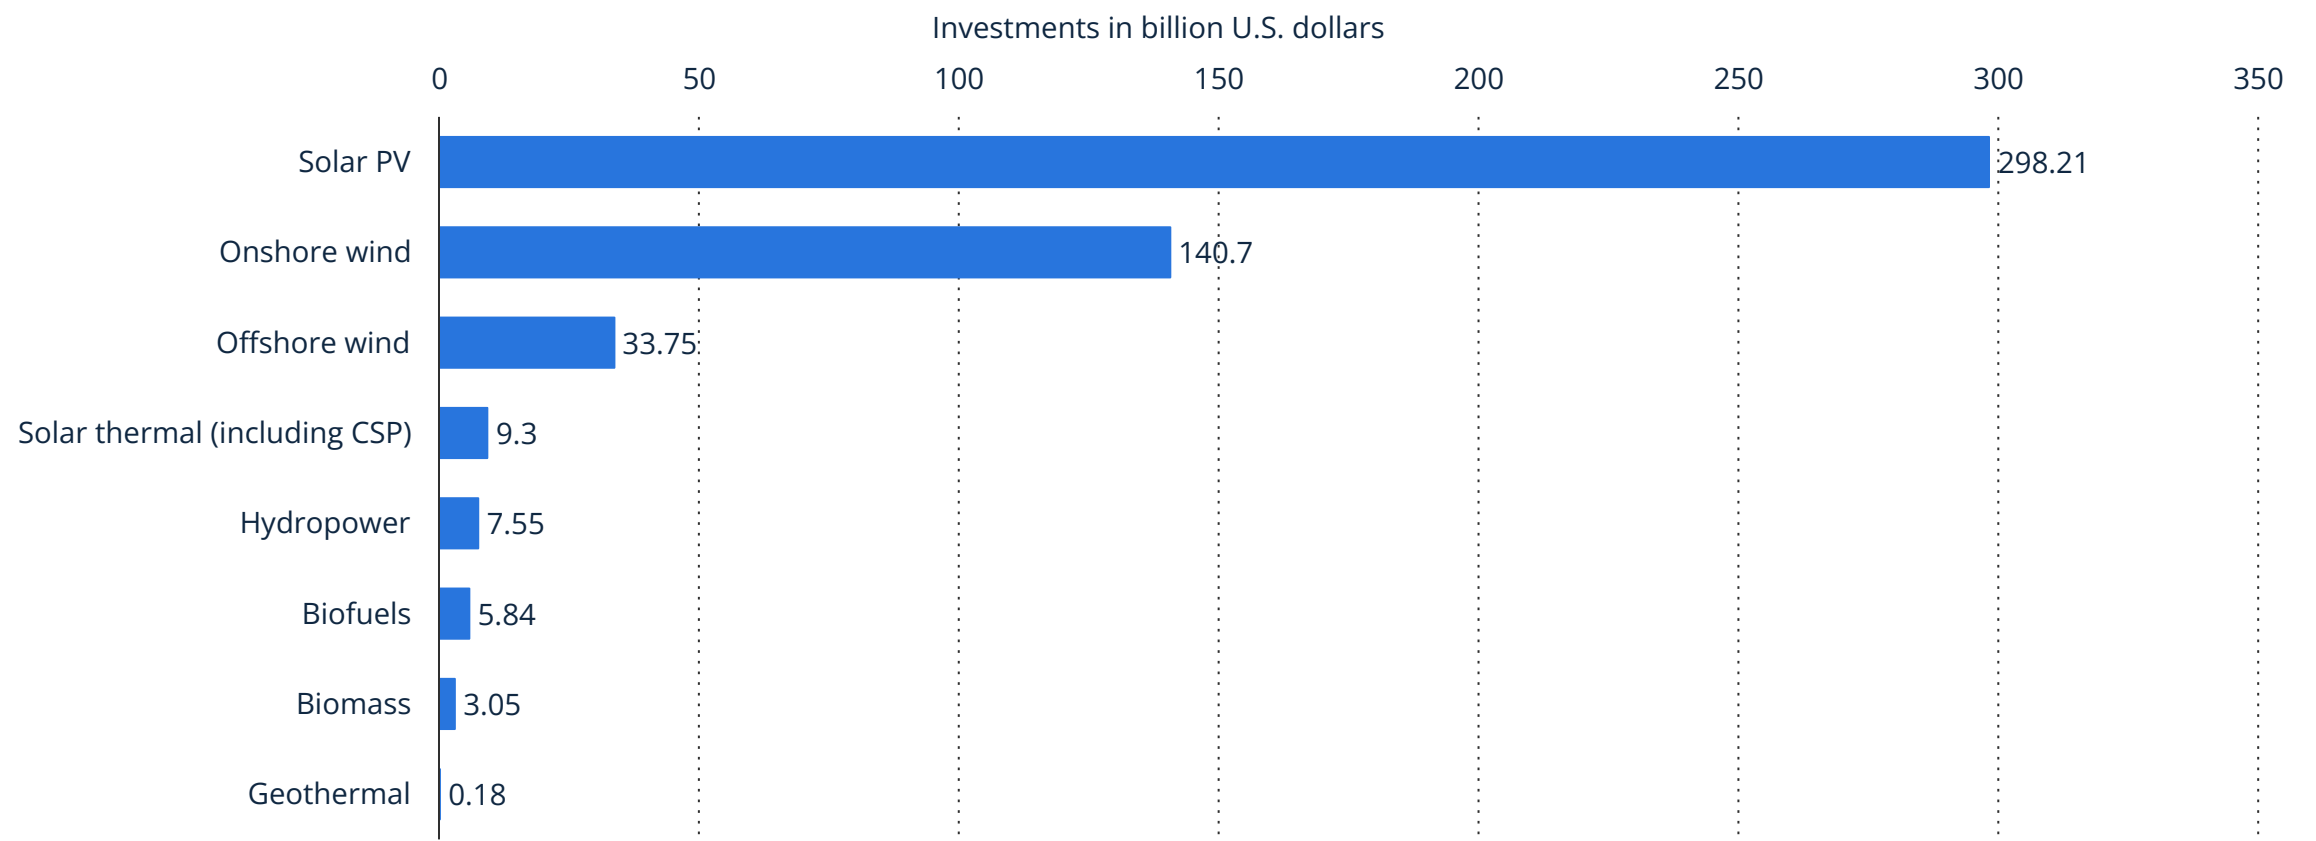

Investments in solar energy technologies worldwide from 2004 to 2019 (in billion U.S. dollars)

Global solar tech investments 2004-2019

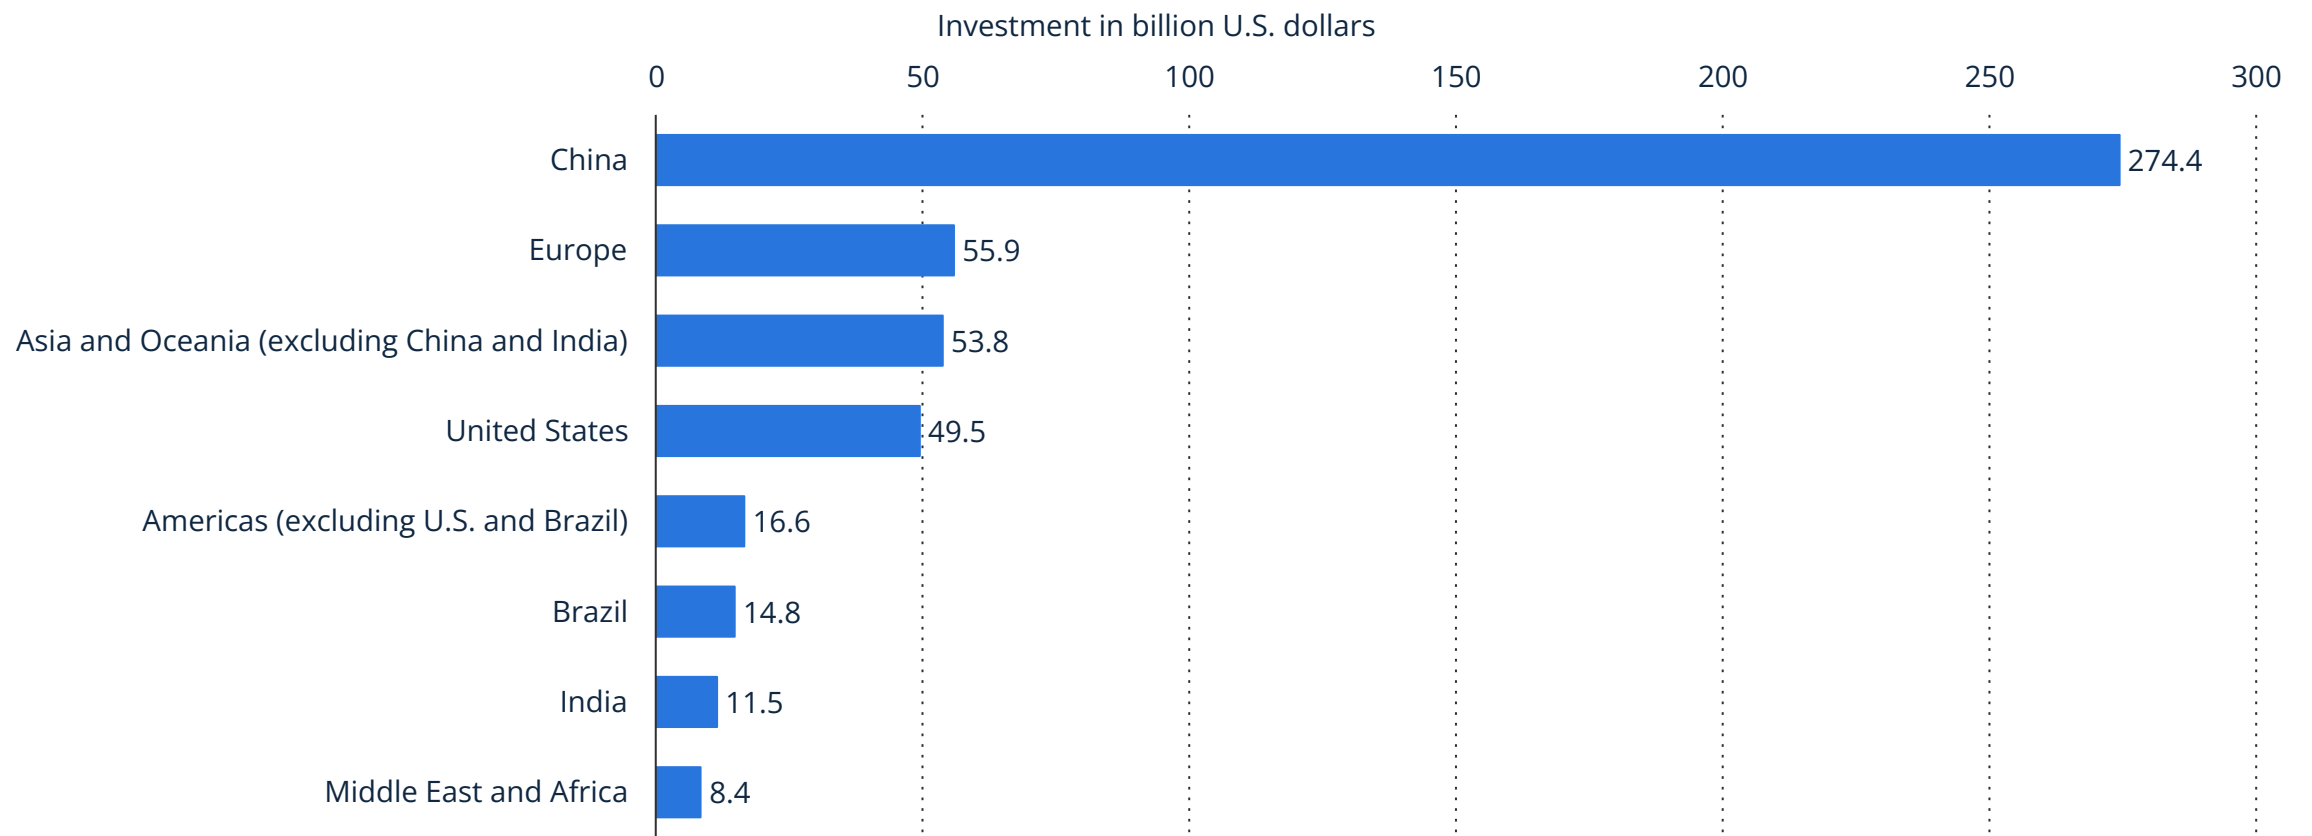

Investment in renewable energy technologies worldwide in 2022, by sector (in billion U.S. dollars)

Global renewable energy investment by sector 2022

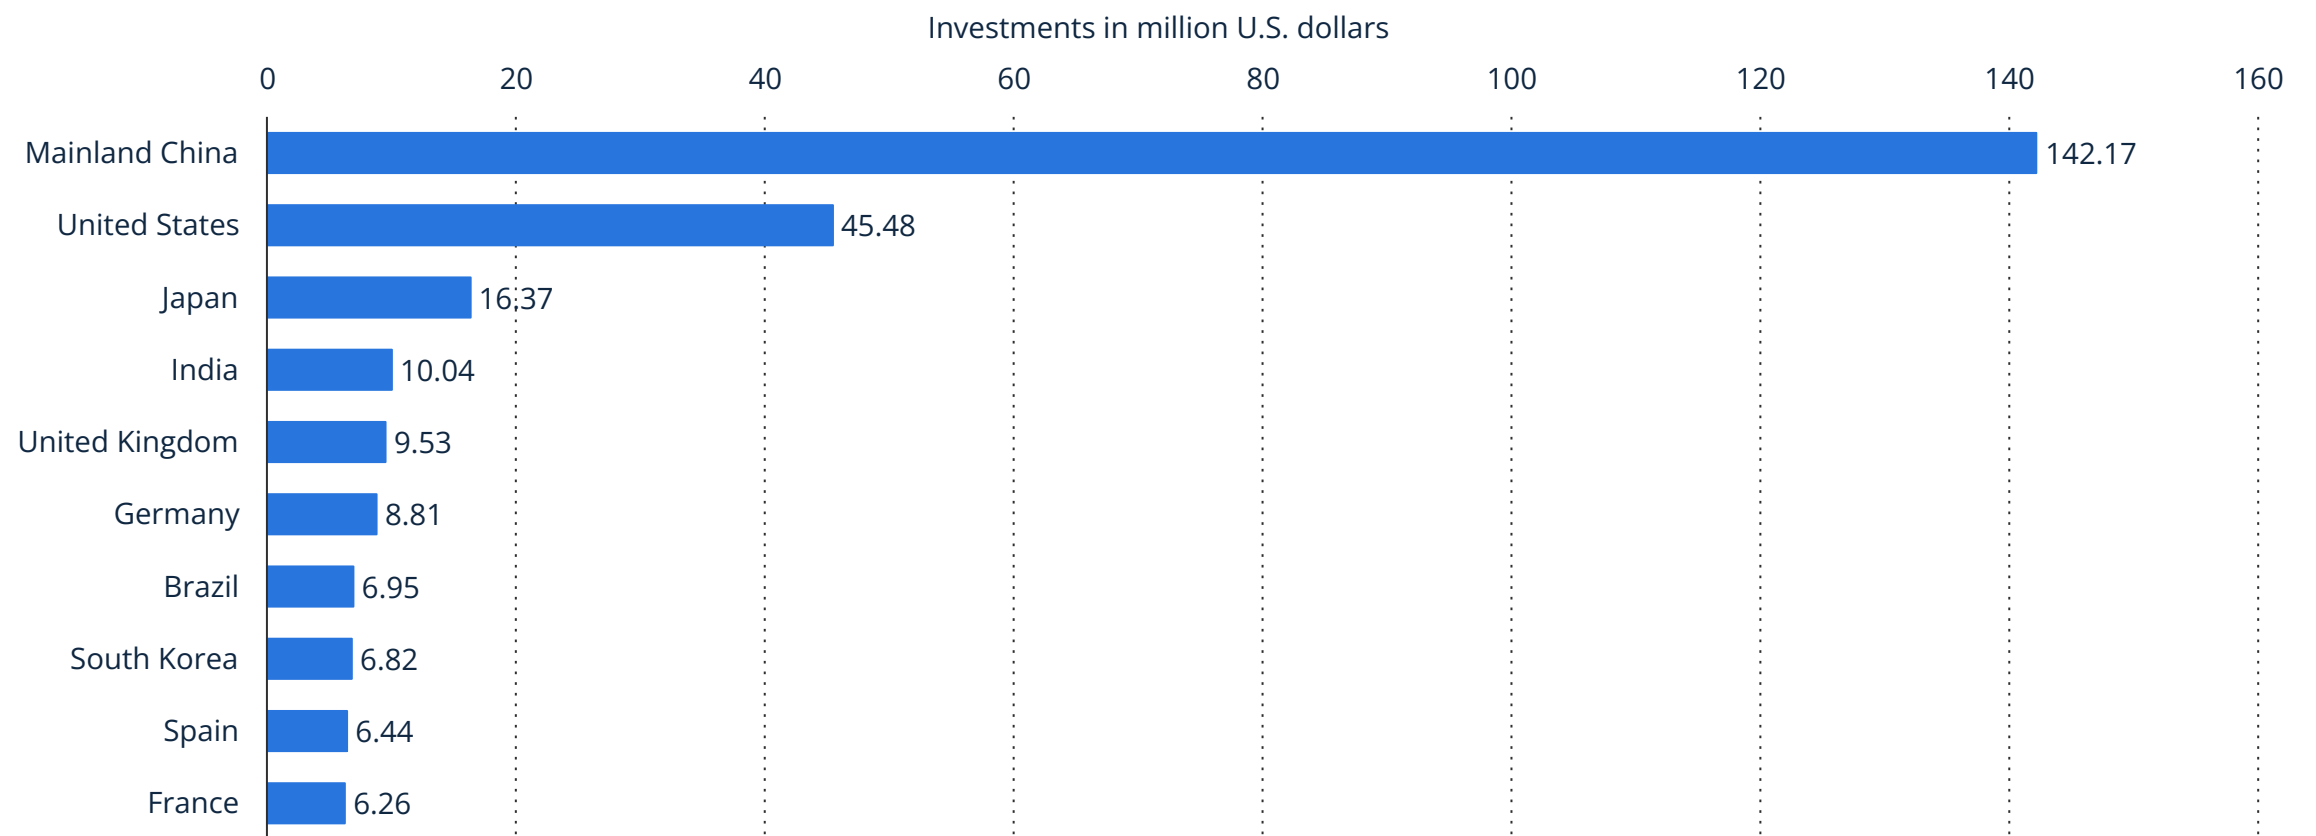

Investments in renewable energy worldwide in 2022, by region (in billion U.S. dollars)

Global renewable energy investments 2022, by region

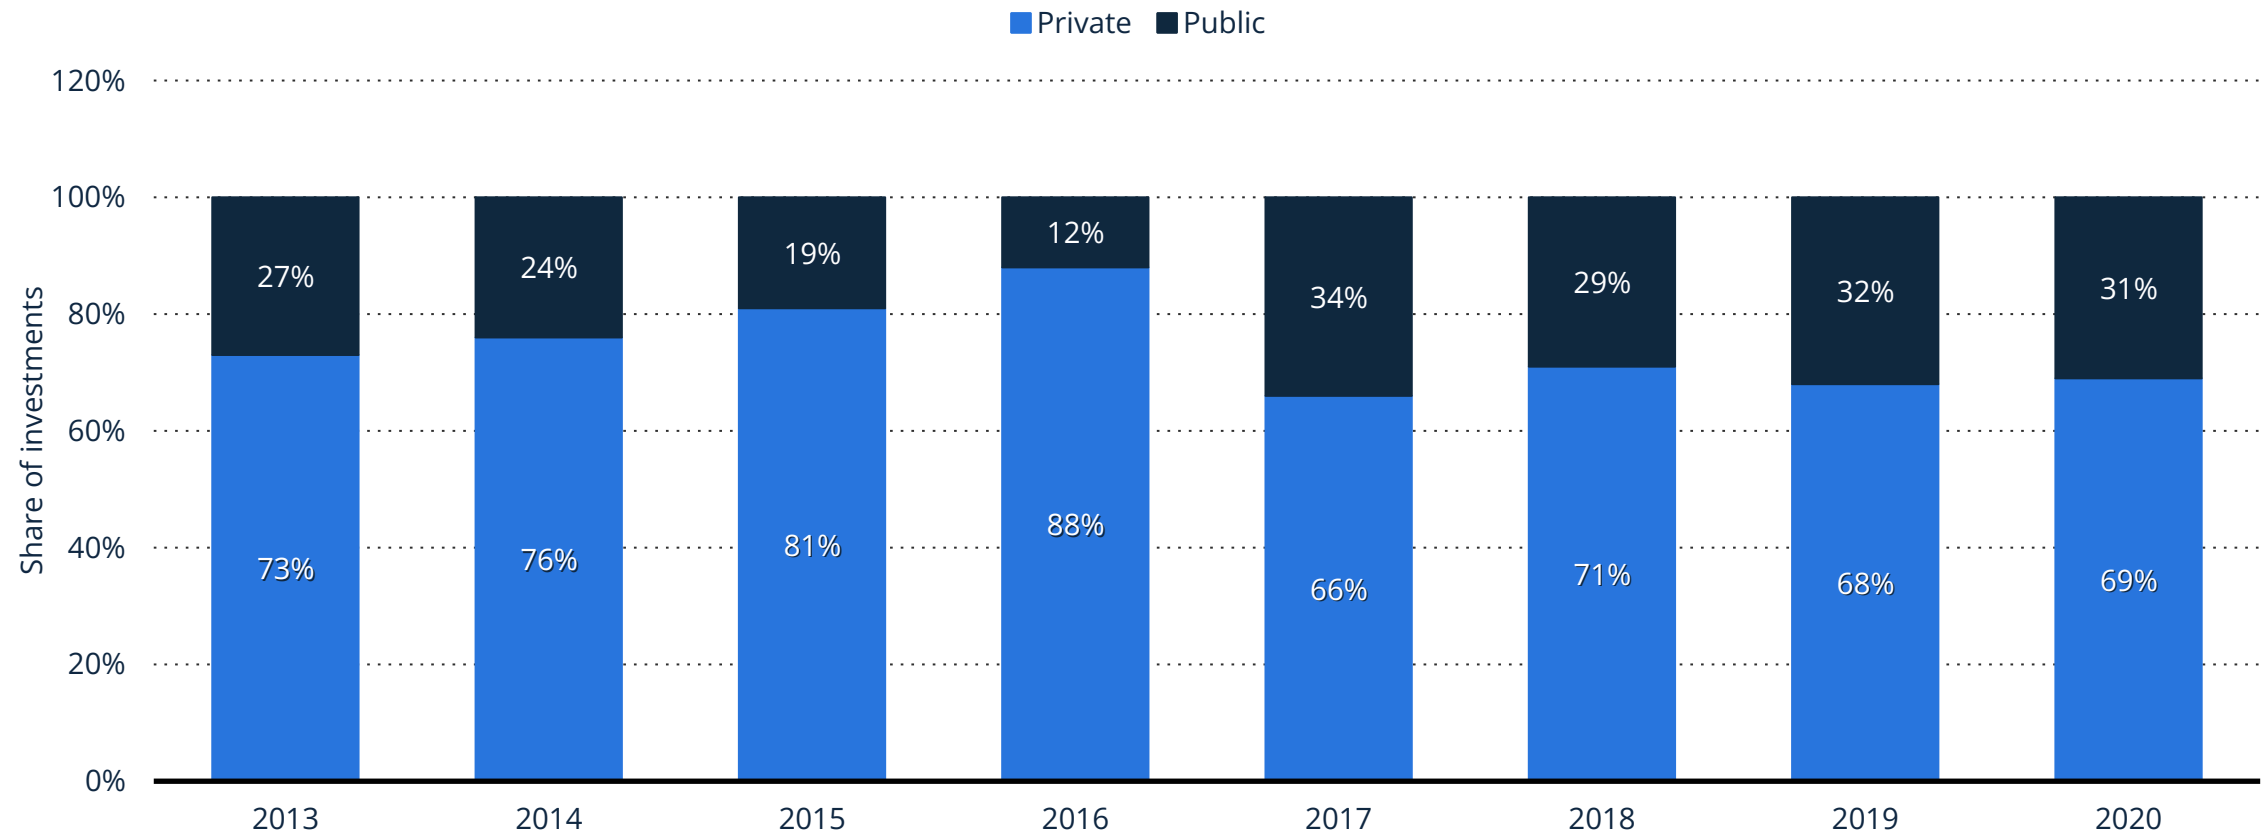

Leading countries for renewable energy asset finance worldwide in 2021 (in billion U.S. dollars)

Renewable energy asset finance investments globally 2021, by country

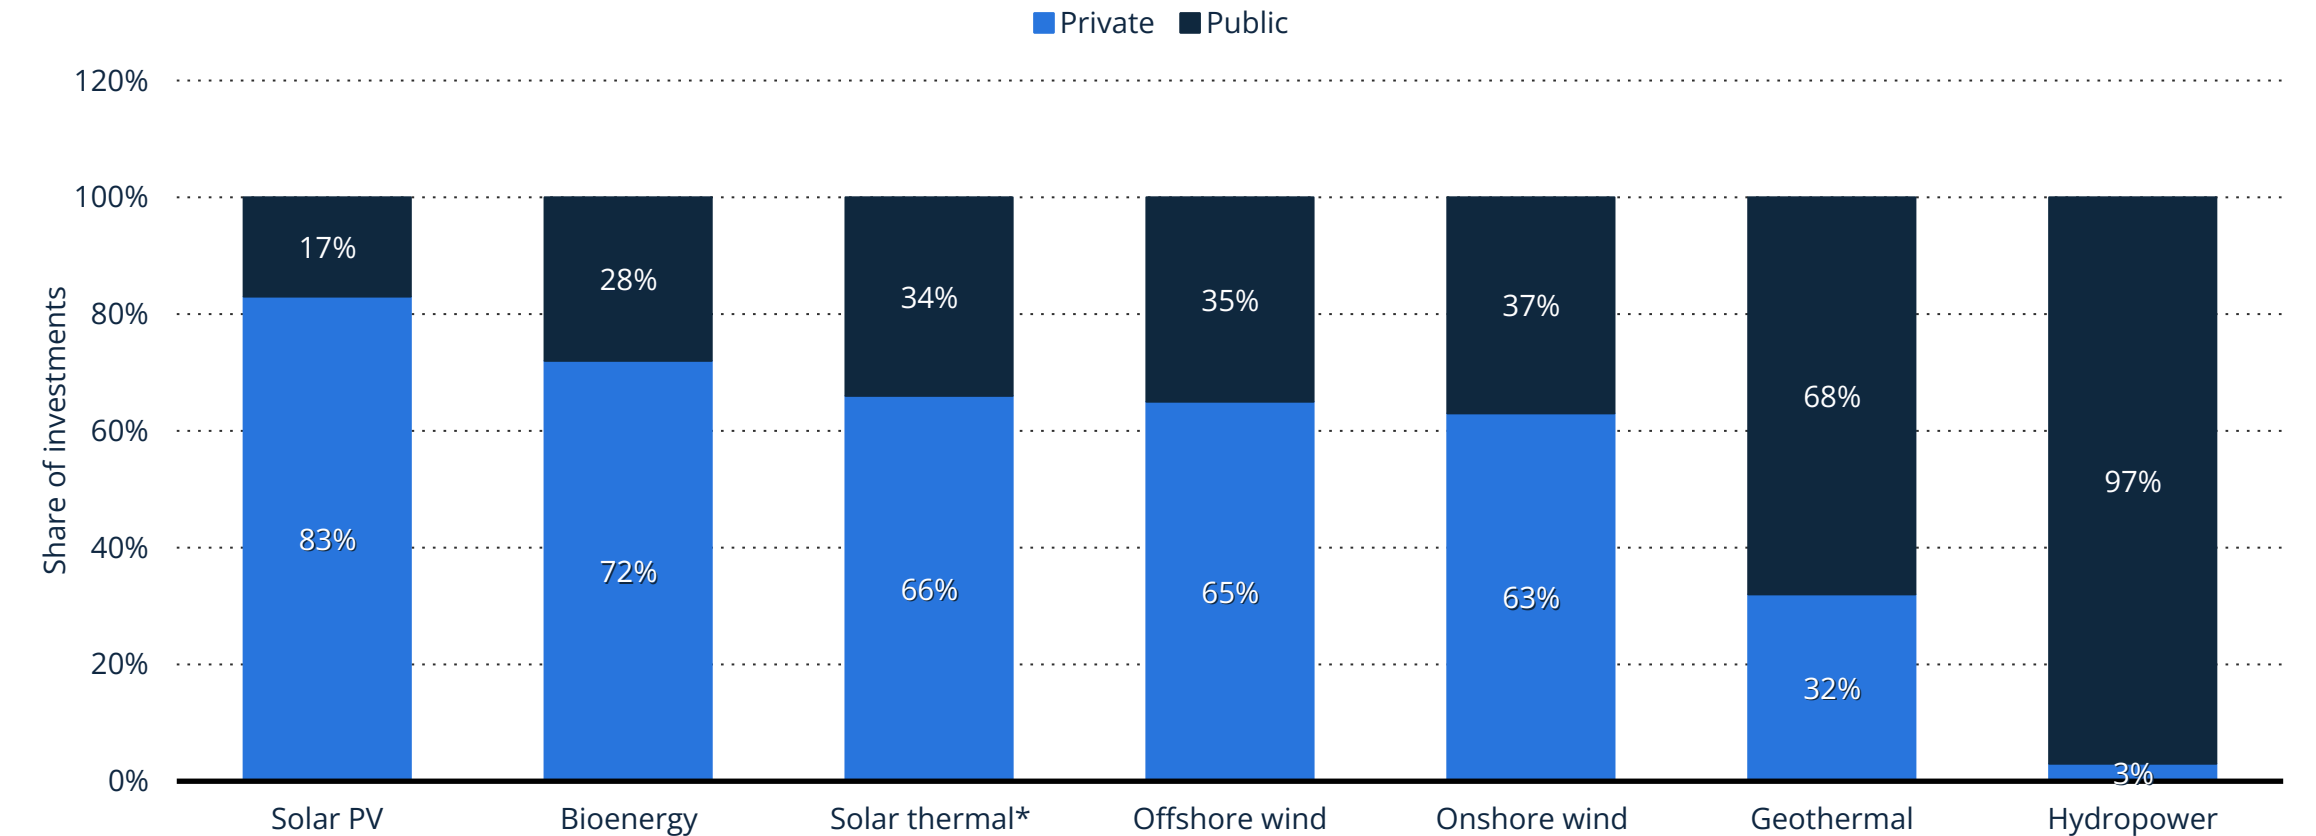

Distribution of public and private investments in renewable energy worldwide from 2013 to 2020

Public and private renewable energy investments breakdown worldwide 2013-2020

Distribution of public and private investments in renewable energy worldwide in 2020, by technology

Public and private renewable investments breakdown worldwide 2020, by technology
